**VICTIM'S BODY REMOVED:** Ambulance attendants remove body of McEldon Tisdell from apartment at Rose Hill Manor this morning after Tisdell was shot and killed by Berrien Springs-Oronoko township police. Police said Tisdell pointed loaded shotgun at officers, who then opened fire. At far right is Patrolman Fred Foster and next to him is Patrolman George John who together fired a total of eight shots, according to Sheriff's Det. Fred Reeves. (Staff photos by John Dye)

## Armed Man Is Slain By Police

By SCOTT WILLIAMSON  
Staff Writer

**BERRIEN SPRINGS** — Berrien Springs-Oronoko township police early today shot and killed a man who allegedly pointed a loaded shotgun at officers.

The victim was identified as McEldon Tisdell, 28, who police said had been staying at the apartment of his common law wife at Rose Hill Manor, 511 Rose Hill, in Berrien Springs. Tisdell's 28th birthday was Thursday.

The shooting occurred at apartment 19 in building 2, ac-

cording to Berrien sheriff's deputies, at 12:35 a.m. Det. Fred Reeves said the shot that killed Tisdell was fired by either George John or Fred Foster, both Berrien Springs-Oronoko township officers.

Reeves said Foster and John fired a total of eight shots from their .357 magnum revolvers, with one slug striking Tisdell in the left side of the chest and going out the back, and another grazing the back of Tisdell's upper left arm. Reeves said ballistics tests will be conducted by the state police crime laboratory to determine which of the officers' guns fired the fatal shot.

Tisdell died at the scene, according to Reeves, and an autopsy was being conducted this morning to determine exact cause of death.

Berrien Special Assistant Prosecutor Wilbur Schillinger said no ruling has yet been made on the shooting, and there will not be a ruling until the investigation is complete. Schillinger is in charge of the prosecutor's office while Prosecutor John Sinistanki and Chief Assistant Jeffrey Lang are trying a case in Charlevoix.

Chief Victor Yost, of the Berrien Springs-Oronoko township department, said he has made no decision on possible suspensions pending a complete investigation.

Reeves said he and Sheriff's Det. James Leonard were asked by Yost to conduct the investigation since the shooting involved two of his officers. A loaded 12-gauge shotgun and loaded .357 magnum revolver were confiscated, Reeves said. Both weapons were in Tisdell's possession, the detective added.

Reeves said that others present in the apartment at the time of the shooting included Tisdell's brother, Michael and his wife, Mary, the victim's common law wife, Mary Allison, and two young children who were asleep in a bedroom.

Reeves gave this account to The Herald-Palladium:

At 12:15 a.m., the sheriff's department, which dispatches cars for Berrien Springs-Oronoko township, received a call of a disturbance at apartment 19 in building 2 at Rose Hill Manor. A woman, who Reeves declined to identify, heard a loud party in the apartment along with sounds of fighting, and asked the people inside to quiet down. The woman, who works as a monitor for the building, heard the click of a gun and telephoned police.

Patrolman John arrived at the apartment, along with auxiliary officer Harold Pulling, and at-

tempted to talk to the occupants. The occupants would not open the door for some time, and after John identified himself as a police officer in uniform, Michael Tisdell opened the door.

When the door opened, John saw McEldon Tisdell sitting on a couch opposite the door with a shotgun in his lap. John ordered him to put down the weapon.

### Winning Numbers

**DETROIT (AP)** — The winning numbers in Thursday's regular weekly Bureau of the State Lottery Michigan are: 37 and 368, (three-seven and three-six-zero).

The winning number in Thursday's Michigan daily lottery is: 051 (zero-five-one).

**SHOTGUN SEIZED:** Berrien Sheriff's Det. Fred Reeves removes loaded 12-gauge shotgun from Rose Hill Manor apartment in which McEldon Tisdell was shot and killed. Reeves, one of detectives who investigated shooting, said shotgun and revolver were on Tisdell's lap.

## Alaskan Oil Reaches Valdez Ship Terminal

By ROBERT WELLER  
Associated Press Writer

**VALDEZ, Alaska (AP)** — Sirens wailed, firecrackers snapped, horns honked, cheers erupted in bars. All celebrated the first gush of Alaska's black bounty of crude oil from the end of the trans-Alaska

pipeline. A journey of 38½ days — and a struggle of nine years — ended with arrival of oil from above the Arctic Circle at the line's southern terminus here. The North Slope crude officially ended its pipe journey at 11:02 p.m. Alaskan time

(4:02 a.m. EDT). Like the proud father of a newborn child, Alyeska Pipeline Service Co. President William Darch, contacted at his Anchorage home, bragged about the 800-mile, \$7.7 billion pipeline. And he applauded Alaskans who saw the controversial project through to its first delivery.

"It even took dynamite and struggled it off!" enthused Darch, referring to a sabotage attempt detected earlier this week.

Told that Valdez had erupted in cheers and noisy merry-making, Darch responded: "Did they really set off firecrackers? Ah, great!"

"It's great to see a positive reaction from the decent people of Alaska."

At Pump Station No. 1 in Prudhoe Bay — where the oil began its journey June 20 — manager Jim Puls said his crews "kept right on working. It was business as usual."

But he added: "We feel like everything is fine now and it's just going to keep on rolling that way."

Oil flowed immediately into storage tanks at the \$1 billion oil handling facility. An Atlantic Richfield supertanker, the 120,000-ton ARCO Junco, will take oil to the west coast after several days.

The journey of 38 days, 12 hours and 55 minutes ended a trouble-plagued maiden run of oil through the line. Problems included an "explosion" that

**MANUFACTURER OF YEAR:** Joseph F. Turner, vice president, sales, F.P. Rosback Co., Benton Harbor, displays plaque in recognition of company being named "Manufacturer of the Year" by the Graphic Arts Equipment and Supply Dealers Association, a section of Printing Industries of America, Inc. Rosback which manufactures bindery equipment for printing industry previously won the award in 1970. Rosback has been in business at 225 Fifth street since 1905. (Staff photo)

## Black Pupils Being Cheated, Suit Says

**ANN ARBOR, Mich. (AP)** — Four black students in an affluent school district here are being cheated out of an adequate education by being relegated to special education classes, their parents allege in a lawsuit.

The 15 children and their parents filed suit Thursday in U.S. District Court in Detroit asking that the youngsters be given a better education and that each child receive \$20,000 damages.

The 15 children, including four who will not start to school until this fall, attend the Martin Luther King Jr. Elementary School in an affluent section of Ann Arbor about three miles from the University of Michigan campus.

School officials said the school is heavily white and middle class. The children involved in the suit live in the Green Road public housing development.

The officials would not comment further on the suit, saying

they had not yet been served with an official copy.

The lawsuit asserts that the black children are learning at a much lower rate than other children in the school.

Plaintiffs said the black children are not doing well in school and that a higher proportion of the Green Road pupils are declared to be "learning disabled" and are enrolled in special education classes.

"We see bright, interested children who are not learning," said Ruth Zweisler, co-chairperson of the Student Advocacy Center of Ann Arbor which supported the suit. "They are becoming functionally illiterate."

The suit challenges a long-time argument in educational circles that children from low income areas benefit educationally by being placed in a middle class school.

The case was assigned to U.S. District Judge Charles Joiner with no trial date set.

## Boats Collide; Fisherman Dies

**NILES** — State police here said a speedboat slammed into a rowboat on Barron Lake near here last night hurling a Niles fisherman out of the rowboat to his death.

Police said an autopsy was to be performed to determine if the victim drowned or was struck by the boat. He was identified as Robert Neucks, 34, 1421 Ferry street.

According to police, the powerboat was operated by Anett Parker, 15, who lives along the lake shoreline at 1139 Shady Shore drive.

The lake is located in Cass county east of Niles.

Police said witnesses told them the powerboat had dropped off a waterskier near the shore and was turning back into the lake when it struck the 12-foot aluminum boat.

The impact spun the rowboat in a circle, throwing Neucks into the water. Witnesses said they heard no screams or call for help and did not see the body surface police said.

Police said they were told the boat was about 80 feet offshore when struck. Neucks' body was found in nine to 10-foot deep water about a half hour after the 9 p.m. crash.

Neucks was alone in the rowboat. He was described as a good swimmer by family members.

According to police, the speedboat had two passengers on board as well as the driver, Miss Parker. They were identified as Lea Kreezmer, 11, daughter of Mrs. Pat Kreezmer, 28, Niles, and Jeffrey Harroff, 19, Niles. Police said the skier that had been dropped off just before the accident was Mrs. Kreezmer. The Kreezmers are

neighbors of the Parkers. Police said the accident occurred in front of the Parker property.

No one in the powerboat was injured, police said. The of-

ficers said the accident remained under investigation pending a review by the Cass county prosecutor's office. The prosecutor's office ordered the autopsy.

## Whitcomb Man Heads Creditors

A resident of Whitcomb Tower, St. Joseph, has been elected chairman of the creditors' committee appointed by Federal Judge George Brody in the Michigan Baptist Homes financial reorganization case.

As reported in yesterday's Herald-Palladium, the committee of seven persons, which includes two other Whitcomb Tower residents, Leonard Judd and Arthur Leutke, was established by the court in a hearing in Detroit on July 27.

At its first meeting, the committee elected Dr. Kenneth G. Hance, of Whitcomb Tower, as chairman and Frank Hohman, National Association of Credit Management, Detroit, as secretary. Other members of the committee, which represents trade creditors and holders of debentures and notes, are: Leonard Judd, Whitcomb Tower; Arthur L. Luedke, Whitcomb Tower; Atty. J. P. Mikesell, Detroit; Ernie Newirth, Ropelle Meat Packing Co., Detroit; Lori Steinmiller, John Sexton Co., Belleville; and Atty. Maxine Board Virtue, Ann Arbor.

Also, Rodger V. Bittner, of the St. Joseph law firm of Glubensky, Gleiss, Henderson, and Bittner, and Arthur H. Rice, of the Detroit law firm of Rice, Rice, and Gilbert, have been selected as co-counsel for the committee.

Dr. Hance and his wife have been residents of Whitcomb Towers since 1974, when he retired from the position of acting academic dean at Olivet college. Previously to joining the Olivet faculty, he was director of graduate study in speech at Michigan State university from 1956 to 1968.

He previously had taught at Olivet, Albion college, University of Michigan, and at Northwestern university. At the Northwestern school of speech, he shared offices with the late Lew Sarell, Benton Harbor poet and longtime speech instructor

at Northwestern.

In addition to appointing this creditors' committee, Judge Brody asked for the presentation of several reports concerning recent and current operations of the Michigan Baptist Homes, of which Whitcomb Tower is a part. These reports, all of which reveal successful operation, noted substantial balances in monthly operating accounts, increased occupancy rates in all four of the company's Centers, and plans to start payment of interest on the secured indebtedness of the company following suspension of such payments on March 16 in connection with a request for a Receivership.

At this hearing, Receiver James McTevia reported that Michigan Baptist Homes, Inc., is now conducting its monthly operations "in the black," with an average monthly balance of at least \$35,000 after payment of all current bills. While this does not cover debt service and retirement, it represents, he said, a contrast to the deficits experienced prior to the action

(See back page, sec. 1, col. 6)

DR. KENNETH HANCE

## Final Green Light For Merger

The way was cleared last night for merger of Mercy and Memorial hospital corporations into the Southwestern Michigan Health Care association, a non-profit corporation.

Robert B. Willmetts, president of the Mercy hospital board of trustees announced members of the Benton Harbor hospital as-

sociation, a non-profit corporation, voted unanimously to approve the agreement under which the hospitals will be merged into the new corporation. The St. Joseph Hospital association, a non-profit corporation, which operates Memorial approved the agreement earlier this week

Consumation of the merger is targeted for Sept. 1.

Twenty members of the Benton Harbor Hospital association voted last night.

Lester C. Tiscornia, who is now president of the Memorial hospital board, will be the chairman of the board of the Southwestern Michigan Health

Care association, and Wilmetts will be vice chairman. They previously announced that there will be no immediate change in the structures or operations of either of the two hospitals following the merger.

Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate to prefer the latter. — Thomas Jefferson.

## Niles Trying The Noble Experiment Again

For the eighth time since 1960 the voters in Niles go to the polls Tuesday to decide on whether or not to adopt the city manager-council type of government to which Benton Harbor, St. Joseph and most other incorporated cities turned half a century ago.

The measure has lost by overwhelming margins in the previous seven elections.

Tuesday's circumstances differ in two respects from past balloting.

The charter proposed this time around is not the puristic type in effect in other locations.

It provides, for example, for the city clerk to be elected as has been the practice in Niles; the mayor would be elected in his own right rather than designated by the council members; and the partisan flavor in selecting the top officialdom is retained as contrasted to the outright nonpartisan selection of council members elsewhere.

These are obvious concessions to placate earlier objections that the pure quill variety of city manager-council government would mean a loss of identity for many now in the Niles power structure.

Secondly, the election comes within the purview of a legislative enactment adopted last year and given immediate effect as of this past December 15th putting all incorporated cities under home rule.

This repealer of the Fourth class City Act under which Niles and 18 other smaller communities are incorporated states January 1, 1980, to be its ultimate effective date.

Then it goes on to say that until a charter is adopted pursuant to the Home Rule Act the Fourth City Act shall be deemed to be the city's charter.

Two lawyers discussing this 1976 repealer almost automatically come up with four or five varying opinions as to what the repealer really means.

Our view is that unless a Fourth Class city adopts a new charter compatible with the Home Rule Act it can find itself in a legal quagmire come January 1, 1980; that the reference in the repealer to the Fourth City Act serving as a charter is not intended as a lifelong answer, but simply as a

basis of city authority until its citizens adopt a new code within two years and five months from now.

Our conclusion is based on reports that the legislature's members last year felt the time had arrived to make the Home Rule Act uniform for all cities in Michigan except Detroit, which from its inception has been a special case in local government.

More important than looking at this legally-clouded crystal ball is the merit of Tuesday's proposal as against what prevails now in Niles.

It would seem to us if a Niles resident had a problem he would be hard pressed to know where to turn for a solution.

Between an elected mayor, eight elected aldermen, an elected city clerk, an elected city treasurer, and some 20 boards making policy decisions for the fire and police departments, the waterworks and electric plant, the airport, the golf course, the library, the cemetery, the museum, zoning functions and so on down the line independently of the board of aldermen the answers come slowly and hesitantly.

This is needless autonomy on a scale closely approaching the Washington morass where the government's multitudinous departments, agencies and commissions do their own thing without concern as to how their actions affect others, much less the down-trodden John Q. Public whom, ostensibly, they are created to serve.

Niles is a fine community. What it needs today is a streamlined, responsive and cohesive municipal government to keep it that way.

Its Fourth Class system hobbles the town.

The city manager-council plan is not a magic formula. It does, though, provide the flexibility to meet problems as they arise rather than relying upon a system which cannot swing into action until the problems have reached the disaster stage.

A YES vote on Tuesday is an affirmation that the Niles people deserve a better governmental structure than they have.

## The More You Hear, The Worse It Gets

The more the story about Soviet electronic surveillance of American long distance telephone calls unravels, the more grotesque it becomes. Not only is it now well established that the sophisticated wiretappings have been going on for a number of years — with full knowledge of the U.S. government — but the types of data gathered are of economic as well as political and military value.

For instance, it now is suspected that the highly advantageous speculation in wheat the Soviet Union engaged in a few years ago was helped, if not instigated, by eavesdropping on calls between grain brokers. Unless American intelligence has been successful in eavesdropping on Soviet eavesdroppers, it can only be speculated what other useful tidbits the Kremlin snoopers have been eulling not only in Washington and New York, but from their several consulates and residential compounds in other locations.

If American intelligence knows the full extent of Soviet eavesdropping it isn't telling, any more than it told the public such an intrusion was occurring at all. Given the sophistication of the surveillance it would not be surprising to learn calls into and out of the White House switchboard, for instance, are regularly monitored.

But the greatest shock of all is the manner in which the American government is playing down the whole affair. Washington seems to have two standards for illegal eavesdropping. A very active standard for any American caught in the act, including intelligence operatives, and a ho-hum attitude when the Kremlin's agents are caught doing it. Curious.

## They Haven't Been Hurt Yet

Most of the people who bemoan the laws prohibiting possession of fireworks still have their fingers.

## Takes Time To Get Over A Mugging!

## Milliken Makes Appointments To Four Boards

LANSING, Mich. (AP) — Gov. William Milliken made appointments and reappointments to several state panels Thursday.

Appointed were: —To the Michigan Employment Security Advisory Council, the Rev. Edward F. Knopka of Detroit. His term ends April 21, 1978.

—To the Public Health Advisory Council, Elmer M. Holbrook of East Lansing. Reappointed was Sandra C. Shaw of Williamsburg. Both of their terms will end May 30, 1981, subject to Senate approval.

—To the International Bridge Authority, Robert C. Kline of South St. Marie, reappointed for a term ending June 30, 1981, with the Senate's approval.

—To the Michigan Crippled Children's Commission, Edsko Hekman of Grand Haven and John Vargo of Marquette, both reappointed for terms ending March 23, 1980. The Senate must approve the reappointments.

## EDITOR'S MAILBAG

### THERE'S MORE THAN 3 R'S IN LEARNING

Editor, This letter comes as a response to one written by Lonna Lang concerning the "back to basics" plea. The "basics" are reading, writing, and arithmetic, right? As far as I know, these are still in the curriculum of all of our school districts.

Miss Lang states that "all those classes they made me complete to graduate from high school... didn't help me get a job or... make me more intelligent." If Miss Lang were to think this over more carefully, I'm sure she might change her mind. Many people may think the purpose of a history class is to learn about history. In my opinion, there can be many more benefits, not just from a history class, but all classes — Government, English, Math, etc. Any class (if you let it, that is) will train you to think, to concentrate for long periods of time, memorize facts and how to discipline yourself to a

necessary task (even if it is boring!). Now, my question is this: how many of us use just these skills in daily living? Don't we all need to concentrate to do our jobs, need to memorize how something is done, and need to discipline ourselves to appear at work on time, even to a job we may not enjoy? I think if Miss Lang were to think of these things, she may find she did get something out of those classes "they made her complete."

Finally, as a Spanish teacher, I was sad to hear she could not speak a word of that beautiful language. It is indeed sad when students just study to pass the tests, and have no desire to go further.

Mrs. Susan Spivey  
Route 2, Hartford,  
Teacher  
Watervliet High School

### THIS IS 'THE YEAR OF THE LANCER'

Editor, I am writing this letter on behalf of the Lakeshore High school students.

The past few years, or up until last year, Lakeshore has had some pretty unsuccessful sports teams. Two years ago the football team went 4-5, the basketball team was 4-17. This past year our football, track, tennis, softball and baseball teams either won or came close to winning the Massmanland conference.

Well to get to the point — 1977-1978 is the year of the Lancer! We have a football team coming up that I predict will go 9-0 and beat St. Joe! Our basketball team, which went 17-3 as junior varsity, will be very successful also. Look out for the other sports teams at old LHS. Also we have a superior rated band.

So watch out, Bears, this is the year of the Lancer!

Dann Addison  
Student  
Lakeshore High School

KILLED BY TRUCK  
ROMULUS, Mich. (AP) — Jason Tackell, 15, of Romulus, was struck and killed by a truck while walking on Telegraph Road Wednesday night.

## Do You REMEMBER?

### — 10 Years Ago —

A Benton Harbor youth has returned from a tour of the western states where he appeared in nightly concerts as one of the national winners of a Talent Contest For Teenage America, sponsored by Youth for Christ, International. Steve Gardner, son of Mr. and Mrs. James Gardner, route 1, box 313-A, Napier avenue, Benton Harbor, won first place in self-accompanied solo division as a guitarist. Steve, a 1967 graduate of Benton Harbor high school and the mayor of the school student body last year, received a diamond award and offers of scholarship grants from over 20 colleges. He plans to enter Wheaton college, Wheaton, Ill. in the fall term.

### — 25 Years Ago —

Ketchikan, Alaska, is to be the new home of the Rev. and Mrs. Norman Charles (Jack) Middaugh and their two children, Stephen and Faith. The little family left Benton Harbor this morning to Ketchikan, where they are to live and the pastor and his wife are to build two new churches for the Methodist Board of Home Missions. The Rev. Middaugh, son of Mr. and Mrs. J.L. Middaugh, 1753 Golfview avenue, Benton Harbor, finished graduate work at Garrett seminary, Evanston, Ill. last Friday.

Miss Karol Ann Dragomir was selected to represent the Twin Cities Flying club in the southwestern Michigan eliminations for the Miss Michigan Aviation contest, which will be held August 6 at the Air Castle in Benton Harbor. Miss Dragomir was Miss Benton Harbor in the recent Blossom Festival.

### — 50 Years Ago —

Mrs. Frank Hall, Colfax avenue, Benton Harbor, has returned from Mackinac Island and from Lansing. At Mackinac Island, she and Attorney Hall,

who is secretary to Governor Green, attended the governor's banquet held last night in connection with the 18th annual governor's convention. Mr. Hall is stationed in Lansing and returns here only on week ends.

### — 75 Years Ago —

The new owner of the Benton Harbor Times, E.B. Barker, who recently moved from Ohio to Niles, is a good newspaper man and will move the Times into the Miller building on Pleasant street. He will start a semi-weekly, possibly a daily. Slater and Owens, the barbers, have been beautifying their shop in the Graham block until it is now one of the best shops in this section. New furniture with hydraulic attachments has been introduced. The first compressed air arrangement ever brought to the city has been put in.

Martha Angle  
Robert Walters

## It's A Costly Political Debt

WASHINGTON — President Carter's effort to reward a controversial political supporter with a \$50,000-a-year job on a federal regulatory commission already has produced embarrassment in the White House and probably will lead to rejection of the nomination in the Senate.

There has been previous Senate resistance to a handful of Carter nominees, but each of those cases involved substantive differences over public policy. The new case, however, represents the first time the personal integrity of a Carter nominee has been called into question.

The focus of that little-publicized but fast-growing dispute is Donald L. Tucker, the autoeratic Speaker of the House in the Florida legislature and the first Democratic officeholder in the state to endorse Carter prior to the crucial 1976 Florida presidential primary.

On June 16, Carter nominated Tucker to be one of five members of the Civil Aeronautics Board, which regulates the nation's aviation industry. But the Senate Commerce Committee, which must confirm the nomination, took no action on it for almost a month.

At the request of Sen. Howard W. Cannon, D-Nev., chairman of the committee's aviation subcommittee, the full committee met in an extraordinary session on July 14 for the sole purpose of examining the results of the Federal Bureau of Investigation probe of Tucker's background.

When grim-faced committee members emerged from the 70-minute meeting, they refused to discuss what transpired except to announce that they had scheduled a public hearing on the Tucker selection for Sept. 13.

The Democratic-dominated Senate has quickly and routinely approved almost all of Democrat Carter's previous

nominations. The requisite committee hearings invariably are cut-and-dried affairs, seldom lasting more than a few hours.

But the committee's highly unusual postponement of hearings for almost two months was the tipoff to its reservations about Tucker's integrity, as was a Miami newspaper report several days earlier that Cannon "has told some of his colleagues privately that he saw enough in the FBI reports to make him wonder why the White House is going through with the nomination."

The content of the FBI reports remains secret, but numerous investigative stories in Florida's major newspapers in recent years raise serious questions about Tucker's ethics and conduct.

According to one account, a land development partnership in which Tucker was a member received preferential treatment in obtaining a \$200,000 bank loan in May 1975 while Tucker was maneuvering the Florida House to approve a previously stalled bill to permit branch banking.

Leading the lobbying for the legislation was the Florida Bankers' Association, whose president at the time also was president of the bank which granted the disputed loan to Tucker's group.

Another newspaper story disclosed last autumn that Tucker had purchased for his new office in the State Capitol a \$4,429 desk and matching \$4,002 credenza. After that revelation, Tucker almost was defeated in his bid for re-election by an unknown Republican.

Tucker's current financial statement indicates that he converted to his personal use more than \$70,000 collected at a political "appreciation dinner" last year — a practice legal in Florida but hardly reflective of the high ethical standards Carter repeatedly has insisted upon for all federal officials.

Mortaine Means

## They May Take 'E' Out Of HEW

WASHINGTON — Fifteen years ago Abraham Ribicoff resigned as John Kennedy's first Secretary of Health, Education and Welfare after little more than a year on the job because he felt the place was unmanageable.

He was promptly elected to the U.S. Senate from Connecticut and ever since he's been trying to break up HEW by separating the education function and the health and welfare programs.

Back in the days when Ribicoff was overwhelmed by HEW's size and complexity, the department's total budget for all programs was approximately \$4 billion (that's with an "n"). But that was before Medicare, Medicaid, and Federal aid to secondary education. In fiscal 1977, the budget just for education alone was \$9.5 billion (that's with a "b").

HEW's activities include the administration of more than 300 separate programs. Recent congressional hearings have outlined patterns of HEW mismanagement and abuse, due in large part to lack of adequate central control over its vast expenditures.

The present HEW secretary, Joseph Califano, however, opposes the idea of dividing up his empire. He claims that he's managing the whole department just fine as it is and will correct the sloppy practices of his predecessors.

The political momentum seems to be against Califano. President Carter, who said he supported the creation of separate Departments of Education and Health during his presidential campaign, is considering the scheme as part of his overall reorganization plan.

Carter is under considerable pressure from the National Education Association, which

has 1.8 million members and broke with a long tradition of neutrality to endorse Carter last fall. NEA's major goal is to be able to deal with a secretary who can concentrate on education problems without being distracted by the equally weighty problems of health and welfare.

Measures now pending in both House and Senate would consolidate all education programs under one roof. They are now scattered among 20 different agencies and range from school lunch programs to the Defense Department's armed forces dependent schools.

One of the biggest arguments for the division of services is that both health and education programs are falling short of their potential. Something is going wrong.

Despite the millions in Federal aid poured into the schools the past decade, a 1976 Office of Education study showed a 10-year decline in reading skills among U.S. students. Two years ago, the College Entrance Examination Board reported that 1975 scores on the scholastic aptitude test showed the biggest drop in 20 years. Major universities are being forced to require remedial courses in English.

The health industry, which is the third largest employer in the nation, suffers from similar problems of efficiency despite the fact it consumes nearly 12 percent of the Federal budget. Uncontrolled health costs are rapidly creating a national crisis.

**EAU CLAIRE** — Richard L. Norris, 42, has been elected the new president and chief executive officer of Eau Claire Packing Co., according to a company announcement today. At the same time, Mrs. Marianne Macklin was chosen vice president and secretary of the fruit processing firm.

Robert A. Payne, 58, who has been president and chief executive officer for a number of years, relinquished those operating positions and was elected chairman of the board, a newly-created post. Norris, a native of Traverse City, joined the firm on a full-time basis in 1966. He had worked at the Eau Claire plant summers from 1956 to 1966, while he served as a coach and athletic director at Fairplain junior high school.

Starting as assistant superintendent in 1966, he advanced to superintendent, general manager, and vice president in charge of production. His career in the food processing field began while he was still in high school, when he worked at the Crystal Canning Co. in Frankfort, Mich.

Norris and his wife, Marilyn, live with their two daughters at 2712 Lakeview avenue, St. Joseph. Mrs. Macklin, of Berrien Springs, this year completed 25 years with the firm, handling over the years the positions of payroll clerk, accountant, office manager, sales manager and corporate secretary. She resides on Hinchman road, near Berrien Springs, with her husband, Stanley P. Macklin.

Payne, the new chairman, has been an officer of the corporation for the past 40 years and was recognized

recently at a National Canners association convention for more than 50 years work in food processing. He is a resident of Fairplain. The company announcement said plans are now underway for a substantial expansion of production in the near future with the addition of several new products. It said details are to be released soon.

Currently, Eau Claire Packing Co. processes asparagus, cherries, tomatoes, apples and beverage syrups, and employs around 100 people. Its sales volume is normally in excess of \$3 million annually. It purchases raw products locally as well as through receiving stations at Decatur, Paw Paw, Bangor and Shelby. Finished products are shipped to some 40 states. The firm is in its 55th year of fruit processing this year.

# Airport Plan Will Focus On Main Runway

By LARRY MACINTYRE  
Staff Writer

The consultant in charge of preparing a 20-year master plan for Ross field said last night the study will determine whether the present main east-west run-

way should be lengthened, possibly jeopardizing some homes in Benton Heights.

The critical factor will be the type of aircraft North Central airlines chooses as a replacement for its Convair 580

turbo-props which now use Ross field, said airport planner Ralph White.

If a longer runway is needed, planners will then have to decide if it would be better to build a new runway at a

different angle or extend the present one, White said.

White, a civil engineer, is project manager for an \$80,894 master plan about to be undertaken by Landrum & Brown, aviation consultants, of Cleveland, Ohio.

The firm was commissioned by the Twin Cities airport board to prepare an overall development plan for Ross field for the next 20 years.

White and John Banyon, chairman of the Twin Cities airport board, outlined major areas the year-long study will cover during a public hearing last night at the Benton Harbor library.

About 35 people attended, and several wanted to know if the

present runway is going to be extended east and jeopardize homes in Benton Heights. Some homes in Benton Heights might have to be razed for a required clear zone if the runway is extended east.

The land drops off sharply off the western end of the runway, which would require much fill if extended in that direction.

North Central is expected to replace its turbo-prop fleet with jets in the early 1980's, White said. The new aircraft may need a longer stretch than Ross field's present 5,100 foot east-west runway.

White said planners will know in about three months exactly how long a runway will be needed and they will know in

about six months whether it can best be accomplished by extending the present one or by building a new one.

Master plan recommendations will be unveiled at public hearings to be scheduled about every four months during the year-long study, White said.

White said planners will soon meet with North Central and aircraft manufacturers to determine the exact runway needs for future passenger aircraft using Ross field.

That information will be used in preparing the first phase of the airport master plan which will determine airport needs — including runway length — for the next five, 10 and 20 years. The second phase will recommend whether to lengthen the present main runway or to build a new one.

The third and fourth phases of the study will deal with airport terminal and facility needs and how to finance needed improvements.

Questioned after the meeting, Lee Schick, airport manager, said that if the present runway were extended east it would cross Red Arrow highway, but it would not go beyond Euclid avenue.

The Federal Aviation Agency requires a 2,500 foot "clear zone" beyond the end of the runway in which no structures can be built. That clear zone presently extends almost up to Euclid, Schick said.

If the runway were extended east, then the clear zone would also have to be extended across Euclid into the Benton Heights subdivision, Schick said.

If that happened, the airport would have to acquire many of those homes and raze them, Schick said.

Other alternatives that will be looked at in the new master plan include extending the runway slightly at both ends or building

a new one that would run from the southwest to the northeast, Schick said.

Banyon said a new master plan is needed because the airport is now reaching the end of improvements called for in the last master study done in 1965.

The study is being paid for from a \$63,000 grant provided

by the FAA, a \$5,000 grant from the state and the remainder coming from airport revenues.

Banyon said no property tax or income tax money is being used. He said the state and federal shares are coming from funds provided by aviation taxes.

**AIRPORT SPEAKERS:** John Banyon, left, and Ralph White outlined areas to be studied in new master plan for Ross field during public hearing last night. Banyon is chairman of Twin Cities airport board. White is project manager for Landrum & Brown, aviation consultants, of Cincinnati, Ohio. Firm has been contracted to complete \$80,894 study. (Staff photo)

## Ronald Will Star At Carnival In SJ

A carnival featuring an appearance by Ronald McDonald is scheduled Saturday at McDonald's restaurant, 2820 Niles avenue, St. Joseph. Sherry Bergman, store activities representative for McDonald's, said all proceeds from the event will go the Muscular Dystrophy association with McDonald's covering expenses.

The carnival will be held in back of McDonald's from 11 a.m. to 3 p.m. with a variety of games for youngsters — dunking booth, cake walk, ring toss, fish pond, bean bag toss, sack race, putting green and others. Contest winners will receive guest cards to McDonald's. Ronald McDonald's appearance is scheduled from 11 to noon, Mrs. Bergman said.

## SJ Concert Will Feature Special Solos

By JIM SHANAHAN  
City Editor

The St. Joseph Municipal band will mark midseason Sunday with vocal and clarinet solos and answering requests. Concerts are at Howard bankshell, Lake boulevard and Port streets, at 2:30 p.m. and a repeat performance at 7:30 p.m.

Director John F.N. Howard said Elizabeth Orndorff will put aside her French horn to sing selections from "Oliver." Larry Cangelosi, a former member of the Fred Waring orchestra, will be featured in "Alto Mood" and "Persuasion."

Sunday's overture will be the symphonic scenario from "Victory at Sea" by Richard Rodgers which answers a request as does Sousa's march "High School Cadets."

Also on the program is David Bennett's "Rhapsody in Rhythm," Latin American rhythms giving lead roles to the oboe, cornet, bassoon, trombone and flute.

Sunday's program is the seventh in the summer series of 11. Concerts are free.

Elizabeth Orndorff has a bachelor's degree in music from Columbia Union college,

LARRY CANGELOSI  
Clarinetist

Takoma Park, Md., and a master's from Andrews university. Last year, she taught band instrumental lessons at Seventh-day Adventist school, Berrien Springs, and Edith B. Garrett school, Benton Harbor, and played in Twin Cities Symphony. She also is choir director at Saron Lutheran church, St. Joseph.

Cangelosi is a former member of the Fred Waring Orchestra. He has a bachelor's degree in music education from University of Illinois, and has taught instrumental music at North Central college, Elmhurst, Ill., college, and Gordon State, N.J., academy. He currently is band director at Andrews academy, Berrien Springs.

# Dog Track Hearing Slated Here

A subcommittee of the Michigan Senate Appropriations committee will hold a public hearing Tuesday, Aug. 9, at Benton Harbor Holiday Inn, M-139, on a bill to legalize dog racing.

Announcement was made by Sen. Earl Nelson (D-Lansing), subcommittee chairman and sponsor of the bill. The hearing will be from 9 a.m. to noon. Nelson said the subcommittee seeks testimony from local

government officials and interested citizens.

"Greyhound racing holds great promise as a sport which could produce a tremendous amount of revenue for the state and local units of government,

which is why the subcommittee is studying this issue," said Nelson. "If dog racing were legalized in the state, it not only would be a revenue producer for government, but it also would stimulate commerce in the private sector,

particularly within the tourism industry."

"The track record of dog racing in other states indicates that the sport is successful as a source of funding for government services and as an economic stimulant," Nelson said.

He has asked several lawmakers from states where the sport is legal who will be attending the National Conference of State Legislatures held in Detroit the week of Aug. 1-5 to offer their views of the impact dog racing has on the public.

"It is essential we hear all the views pro and con and gather as much factual information as possible about the sport to help us determine what the economic and other effect in Michigan would be," Nelson said.

## ABCC Names Two Officers To Board

Appliance Buyers Credit corporation, wholly-owned finance subsidiary of Whirlpool corporation, has announced the appointment of two of its officers, Roger D. Downey and Charles E. Sessa, to the ABCC board of directors.

Downey, currently executive vice president, joined ABCC in 1958 shortly after its formation. In 1973 he was elected a vice president with responsibility for company operations in its western territory. Last April, he was named executive vice president with responsibility for corporate operational functions. He is a native of Mount Vernon, Illinois and began his finance

career in St. Louis, Mo. in 1951. He and his wife are the parents of three daughters and live in St. Joseph.

Sessa, currently senior vice president, joined ABCC in 1959. He was elected vice president — eastern territory in 1973, and named senior vice president last April with responsibility for corporate administrative functions. Sessa, his wife and their five sons live in Stevensville.

ABCC, headquartered at the Whirlpool administrative complex north of Benton Harbor, provides financing for dealer inventories of Whirlpool and RCA products and also customer financing.

ROGER D. DOWNEY

CHARLES E. SESSA

## Albion College Honors Son Of Coloma Couple

Keith Robert Davis, son of Mr. and Mrs. Robert Davis, 5300 Newton avenue, Coloma, has been named an Albion Fellow at Albion College. Albion Fellows are students who have a 3.7 grade point average or better (based on 4.0) for three consecutive semesters. Davis is a junior.

# Petitions Seek To Name New SJ Park For Educator Patrick Ryan

By JIM SHANAHAN  
City Editor

Petitions are being circulated to name St. Joseph's new city park the Patrick Ryan Park in honor of the man who was principal of the school on the site where the park will be built.

The park site is where Milton junior high school stood until it was demolished this year. Ryan had been principal of Milton 11 years. He is now assistant principal at St. Joseph high school.

The petitions call on the St. Joseph city commission to dedicate the site as "The Pa-

trick Ryan Park as a timeless reminder of his invaluable years of service as an educator in the St. Joseph public school system."

The idea was hatched by four women acting independently of efforts by the city and Indian Hills Garden club to build the park, according to Mrs. Harold (Givens) Schadler, one of the four.

She said the others are Mrs. Leroy (June) Selent, Mrs. Robert (Vera) VanAntwerp, and Mrs. John (Dorothea)

Platts.

"We believe there is no one better to name a park after than Pat Ryan," said Mrs. Schadler. He is very fair and non-controversial and has done more for the kids of St. Joseph than anyone we know."

Ryan was out of town, but his wife Jean said: "I am sure he will consider it an honor, but he will feel it should be left as Milton."

Milton junior high was named for Clare L. Milton who was St. Joseph high school principal 26 years when the high school was

at the junior high site between Niles and Forbes avenue.

The school became a junior high when the high school moved into its present building on Lakeview avenue. It was named for Milton in 1968. He died in 1971.

Ryan has been an educator in the St. Joseph system since 1946. He went to the high school in 1976 when Milton was closed.

The St. Joseph school district no longer owns the Milton site. It was purchased by Whirlpool Corp. and leased to the city for use as a park.

PATRICK RYAN

## Smoke Visible For Miles

No one was injured in a spectacular gas station fire this morning which shot flames 100 to 200 feet in the air and produced smoke visible for miles in Benton township.

Michigan State Police Trooper Douglas Murphy said that an unoccupied truck owned by Mike Young Enterprises rolled backwards into a gas pump at the Texaco station located at M-139 and Ferguson road. The spark from the

collision ignited both the gasoline pump and the truck, destroying both.

Murphy said that an overhanging canopy was also destroyed by the fire.

The Benton township fire department was called to the scene at 9:20 a.m. and contained the fire to the single pump. Murphy said that a preliminary estimate places damages at around \$60,000.

## The Personnel Interview -- 'Tell Me About Yourself'

By ELLIE GROSSMAN  
NEW YORK (NEA) — Well, Harriet, here you are. The mother of grown children, sitting in a personnel director's office for the first time in years, maybe the first time ever.

And while you try to turn a suddenly twitching lip into a chic lie, the director says:

How much money do you want? Tell me about yourself? . . . Etc.

"Ah . . . well . . . I don't really know . . ."

No, Harriet. Not like that. Do it the way William J. Morin says you should — if you want the job. Morin is Group Vice-President for Outplacement Counseling with Drake-Beam Associates, Inc., a New York firm that advises corporations on their "people problems."

First, he says, make sure you're visible. "Most office walls are light, so wear dark clothes so you don't blend into the background. Also dark colors are powerful — they cause people to listen to you, whereas bright colors tend to distract them."

Of course, bright colors, jeans, Peruvian hats are fine if they reflect the personality of the company, and that's for you to know beforehand. Otherwise, goodbye Harriet. "The personnel director's job is to measure your personality against the company's," Morin says, "and to screen you out if you don't fit."

So he eyes you and smiles and says, tell me about yourself?

"You've got to keep your answer to a minute and hit the highlights," Morin says. "Divide your life into parts: early life — I was born in Kaukaee, Ill., in 1939, etc.; formal education — I got my degree in whatever at the University of Iowa; work experience — then I spent four very outstanding years as a legal secretary or whatever, and did I have a good time with that, sir. In fact — and it's very important for her to make a bridge now to the present — that's why I'm here today, sir, to talk about this opportunity to return to the field . . ."

"You've got to cover all the bases because most interviewers want to feel you're nor-

WILLIAM J. MORIN  
People Problem Advisor

mal, whatever that is. So I suggest volunteering marital status, children — it's all right to be divorced — so he won't think you're trying to hide anything."

But don't volunteer too much. "Don't ever raise a red flag in front of him, such as, my last boss was always after me sexually so I left. He'll be suspicious of you and a female interviewer will think you should have handled the situation."

You're doing fine so far, Harriet. Now don't tense up when he says, what kind of money do you want? "You should say, what's the salary range in this job, and then hit the midpoint. If there is no range, you must have a figure ready based on what you need to live on and what that job pays in your area."

All the while, Harriet, you're being positive, assertive — asking questions — when

tions. The thing here is to emphasize how smoothly you'd work along with him, how well you understand him and to do that, you've got to know what "time" he is.

"There are either now people, past people, future people, or those who function in all three time frames," Morin says.

"The now person, we call a 'senior.' He's decisive, time oriented, may not shake your hand, and when he says tell me about yourself, you do it in under a minute. He'll have a messy desk, no pictures on the walls because he's not a nester. "The 'feeder' is just oriented. SENSITIVE. NOT TOO ANALYTICAL. HE'LL OFFER YOU A CUP OF COFFEE. There's lots of memorabilia around, on his desk is neat. With him, you talk in terms of people, how important they are and how well you're able to motivate and get along with them. Use the words, 'I feel' a lot."

"Then there's the intuitive," the future person. He's creative, reflective, a pipe smoker who uses the pipe so he won't have to answer too quickly. Maybe he's in research or long range planning, so there'll be stacks of journals on his desk. Talk in terms of goals with him. "I like to come up with ideas to improve paper flow . . ."

"Finally, there's the 'thinker,' a financially oriented person, who uses past data to analyze the present to predict the future. There's a calculator on his desk, charts on the walls. He asks factual questions, may seem cold, so be organized and have some facts and figures on hand about the company. You say, 'I see you have 55 employees here, sir . . .'"

There you are, Harriet. Enough, we hope, to get you into the job and then it's up to you. One more thing. Maybe that personnel director asked an illegal, sexist question such as who'll watch your children, and you smiled and said, rest assured everything will be taken care of. That was terrific, Morin says. "The objective always is to get the job."

"Then," he adds, "you get into a position of power and fire that personnel director."

## MERCY HOSPITAL AUXILIARY Announce London Tour

London!  
The name immediately calls up many images — whether one has been there or not!

And each image is an invitation from Mercy Hospital Auxiliary to take part in a tour to London Oct. 8-16.

Tour chairmen are Mrs. Marvin (Leo) Radom and Mrs. Sheldon (Fisher) Radom, both of Benton Harbor.

A \$100 deposit will hold a reservation for the trip which will cost \$485. Balance must be paid by Sept. 8 when reservations will be closed.

Reservations may be made with Mrs. Sheldon Radom, 527 Monterey, Benton Harbor, with the coupon in the advertisement on this page.

The \$485 includes transportation to Chicago's O'Hare airport, round trip jet air transportation to London, complimentary steak dinner and beverage served in flight, first class accommodations at the London Tara hotel, round trip transfers between airport and hotel, baggage handling, continental breakfast served daily, and hospitality desk and services of a special travel representative.

The chairmen point out that for centuries London was the center of the civilized world, — and to many it still is.

"Once you arrive," they say, "you'll agree there is something special about it."

There's a feeling about the city of being alive, of the noble heritage, of poets and kings, of statesmen and warriors.

"It won't take you long to discover that London is a vast and sprawling city. Yet each of her parts is as unique and exciting as the next."

"There is the Tower of London, that massive fortress on the Thames where the fabulous crown jewels of England are kept; Buckingham Palace where the changing of the guard takes place every morn-

ing at 11; the British Museum, home of the Magna Carta and the Rosetta Stone, and Westminster Abbey with its British sense of tradition and history."

Other optional things to do and see include visits to London's West End, Windsor Castle, Eton, the Kennedy Memorial, and evening pub

tour.

Special optionals can include a full day Shakespeare theatre tour, a full day tour to Salisbury and Stonehenge, and a two day tour to North Wales.

Proceeds from the tour will benefit the auxiliary's projects for Mercy Hospital in Benton Harbor.

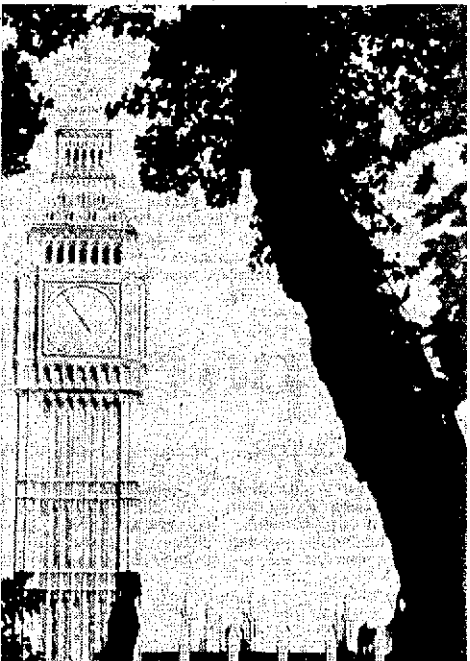

## Need Passports

A valid passport is required for the Mercy Hospital tour to London Oct. 8-16.

This passport is the obligation of each tour participant and applications may be made at designated post offices and circuit courts.

No shots, inoculations or visas are required for United States citizens.

Each passenger is allowed in return to the United States with up to \$100 worth of purchases from Europe.

BIG BEN: LONDON LANDMARK

## Fast Food Future Bright

WEST LAFAYETTE, Ind. (AP) — By 1990 about half of the food consumed in this country will be prepared away from home, predicts a Purdue university professor.

"The future for fast food operations is very bright," says Lee M. Kreul, assistant professor in the school of consumer and family sciences.

"People now spend one of every three food dollars in restaurants and fast-food outlets, and by 1990 they will be spending one of every two food dollars for food away from home," the restaurant, hotel and institutional management expert says.

The reasons for this increase may be attributed, he says, to there being more people living alone, more women working and an increase in disposable income.

"The minimum wage rises are forcing restaurant prices up, therefore encouraging people to trade down to cheaper eating outlets," he explains.

Kreul says that people are shedding their guilt complexes about eating out.

"In the past, many had

feelings of guilt when they spent hard-earned cash to go out and eat. Eating out was a luxury they enjoyed only once in a while. Now there are more people working and the cost can be justified. More wives are working and don't have time to cook at home."

"And," he says, "this trend toward buying food prepared away from home is hurting supermarkets' income. Grocery stores are selling no more than they were about five years ago."

"There also have been quite a few changes in fast food menus," Kreul says. "Fast food outlets are doing more experimenting with additional features such as salad bars and fish items to supplement menus."

More emphasis is being placed on self-service, with more drive-up windows being added by fast-food operators, he said.

Kreul also says that quick-service restaurants, in addition to expanding menus, are expanding sit-down space inside. "And they are placing more emphasis on quality," he adds.

A recent survey by a research firm, he says, shows that what people want most of all in fast-food service is quality and cleanliness.

There is a move to the fast-food type in the military, too, according to Kreul.

"The military has found that their recruits have grown up on fast foods and their food in the service has to reflect this type menu and service," he says. "The military is picking the brains of the industry to find out how to cope with the problem."

## Fruit Mold For Dinner

This salad is ideal because of its do-ahead preparation: Make it early in the morning and it's ready to serve for lunch or dinner. Dissolve one package (six ounces) lemon flavor gelatin in two cups boiling water. Stir in one and one-half cups ginger ale and one-half cup dry white wine. Chill until partially set.

Stir in two diced unpeeled Red Delicious apples and one cup seedless green grapes. Pour into one and one-half quart mold. Chill until firm. Unmold on lettuce-lined serving plate. Makes six to eight servings.

## Women In Blue Collar Field On-The-Job Clothes

Today's working woman is no longer strictly "white collar." In fact, the Bureau of Labor Statistics puts large numbers of women into blue collar, farm workers, service, transport equipment and operatives categories. Their most recent survey found women strongly represented in blue collar fields:

- 131,140 women bus drivers
- 14,000 printing press operators
- 41,000 animal caretakers
- 30,000 punch press operators
- 26,000 butchers
- 5,700 auto mechanics
- 10,600 brickmasons and stonemasons

These blue collar females obviously need work clothes, clothes with heavy thread, strong zippers, rugged fabric and heavy duty pockets.

To meet this need, the world's largest retailer, Sears, Roebuck and Company, has developed a line of women's work clothes to take the place of the old clothes, sweatshirts, jeans and men's work clothes that working women are currently wearing on the job. While the clothes come in women's sizes, they are made in the same factories and to the same strict specifications as men's work clothes.

"The number of women in blue collar jobs has almost doubled since 1960," according

to Robert Johnson, Sears national merchandise manager of work clothing. "By the end of 1978, women held about 18 per cent — or 5.2 million — of the 29 million blue collar jobs. It became apparent to us that women needed work clothes of their own."

The response is a page in the company's Fall-Winter general catalog now being distributed to some 15 million persons which features work clothing in women's sizes.

The page includes permanent press work shirts, twill blend work pants and a twill blend coverall, sized to be worn over a blouse and slacks. All are permanent press, have a soft release finish, heavy duty pockets and zippers and are full cut for freedom of movement. All the pieces come in shades of blue, green and coordinating plaids, in regular sizes 10 to 20 and tall misses sizes 12 to 20.

The company's catalog also includes work slimes and accessories for working women, including work gloves, socks, hard hats and work aprons.

Even the white collar or non-working woman might be interested in blue collar clothing, says Johnson. "Today's women do a lot of things that require strong durable garments — dirty housework, yard work, fishing, camping and hiking. These clothes are a natural for these activities too."

**COVERALL:** The first work coverall sized to fit women is a part of Sears new catalog. This twill blend perma-press coverall has a soft release finish, heavy duty zipper and pockets and reinforced stitching.

**SEPARATES:** These work clothes separates in misses sizes will replace the jeans, sweatshirts and men's work clothing that blue collar women are currently wearing on the job, according to work clothing buyers.

## Name 1977-78 Officers

### Junior Women

Mrs. Kip (Connie) Shindeldecker has been installed as the new president of the Lakeshore Junior Women's club, whose main purpose is to unite women in providing service to the community.

Other new officers are Mrs. Robert (Sue) Vandermolen, first vice president; Mrs. Don (Jan) Anstey, second vice president; Mrs. Harold (Elayne) Myers, recording secretary; Mrs. Fred (Joy) Neubauer, corresponding secretary; Mrs. Gerald (Hilary) Levi, treasurer; Mrs. Frank (Janet) Mabrey, first director, and Mrs. Jerry (Chris) Weber, second director.

The club has sponsored such projects as the Wine Tasting Party, Bridge Marathon, Pumpkin contest, Memorial hospital carnival booth and Fourth of July Street Dance. The club also sponsored the Lakeshore Junior Miss pageant for two years and an appearance of the Nicole Marionette show.

The club has worked to provide recreational equipment at North Lake park and Grand Mere; books, visual aides and a sculpture for the Lincoln Township library; equipment for the Tri-Unit Fire department and luncheons for the adult handicapped of Berrien County.

The club has made donations to the Berrien County Drug Center, Link Crisis Intervention Center, scholarships for participants in the Lakeshore

Junior Miss pageant, Youth Service Assistance Bureau, Lincoln Township parks and Recreation, Samaritan Center and the proposed Hypertension Clinic in Lincoln township.

Meetings of the club are held September through May on the fourth Thursday of each month at the First National Bank of Southwestern Michigan, Red Arrow Highway, St. Joseph. Membership is open to any woman over the age of 20 who resides in the Lakeshore area.

Mrs. Shindeldecker has been a member of the club since 1971. She has served on the board as club treasurer for two years, as corresponding secretary, and has served as various chairmen for four years for the club's annual Wine Tasting Party of which she served as chairman in 1976.

Mrs. and Mrs. Shindeldecker have resided in the Lakeshore area for seven years. Shindeldecker is employed by Whirlpool corporation, laundry division. The couple has two children, Bryan, 11, and Ginger, 8. The family resides at 1775 Arendla drive, St. Joseph.

Christian education.

Mrs. Shindeldecker is employed in the collection department of Berrien Teachers

Credit Union. Her hobbies include arts and crafts, needlework, gardening and sewing.

## Pair Wed 50 Years

**GANGES** — Mr. and Mrs. Waldo Phelps, 118th avenue, Ganges, celebrated their 50th wedding anniversary, July 17, at an open house.

The event was held at the home of their son and daughter-in-law, Mr. and Mrs. Eric Phelps, Ganges. Co-hosting the event was another son and daughter-in-law, Mr. and Mrs. Michael Phelps, Fort Wayne, Ind.

Mr. and Mrs. Phelps were married July 17, 1927, in Des Moines, Iowa, and moved to Ganges in 1953 from Riverside, Ill.

Phelps is the Ganges township clerk.

The couple has two grandchildren.

### Elegant Mushrooms For Eating

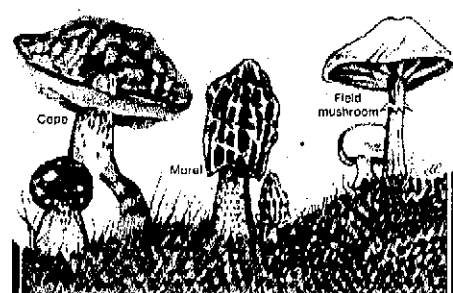

By AILEEN CLAIRE  
NEA Food Editor

Once the province of aristocrats, today fresh mushrooms are everyone's delight. Mushrooms still have an elegant air; however, add a gourmet touch to most meals.

**SELECTION:** Choose fresh mushrooms that are firm, clean, thick and fresh in appearance. Depending on type, mushrooms should be white, cream or tan in color and free of pitting and discoloration. Withered mushrooms should be avoided. If mushroom caps are slightly open, check the gills — that's the fluted formation between cap and stem — which should be light in color. Brown or black gills indicate old age. Mushrooms three-fourth inch to 3 inches in diameter are usually preferred.

**CARE:** Rinse mushrooms gently in cool water and blot with a dry towel. Do not soak. Use them right away. If they must be kept, cover them lightly and refrigerate. Never peel mushrooms since much flavor and nutrition is beneath the skin. Mushrooms since much flavor and nutrition is beneath the skin.

**SERVING:** Add sliced raw mushrooms to salads... great as an hors d'oeuvre to dip...

marinated or pickled... stuff caps with chopped-up stems and herbed bread crumbs and bake or fill raw caps with soft cheese... saute in butter or margarine and serve with beef or veal... mushroom omelets... homemade mushroom soup... or added sliced fresh mushrooms to commercial soups... flavor booster in stews, gravies and sauces... stuff mushroom

mixture into fish or seafood. **NUTRITION:** Delicate, flavorful mushrooms are wonderful for special diets. They are low in sodium and contain only 28 calories per cupful. Mushrooms provide a useful amount of vitamins and minerals.

(Researched with the United Fresh Fruit and Vegetable Association.)

## Midnight Musical

Young Adult choir of Church of Our Lord and Savior Jesus Christ, Benton Harbor, will sponsor a Midnight Musical tonight at midnight.

The public is invited. Among special guests will be

The Sounds Unlimited and Southwestern Michigan Mass choir.

Proceeds from the musical will be used to help send members of the Mass choir to the Gospel Music Workshop of America.

## Monday Movie

"World of Darkness" is the movie scheduled to be shown Monday, Aug. 1, at 12:15 p.m. in the Benton Harbor public library auditorium.

The National Geographic Society film features the natural adventures of the vampire bat, hunting activities of the great horned owl and life forms that have lost all pigmentation and sight after centuries of adaptation to total darkness in a cave in Missouri. The public is invited. Anyone wishing to bring a lunch may do so.

Books added to the library collection include: "The Plug in Drug" by Marie Winn; "The Last Place On Earth" by Harold T.P. Hayes; "The Brotherhood of the Grape" by John Fante; "The Rio Laja" by Ringmaster; "Lanour Heron: Last Ditch" by Nyma Marsh.

Also, Signa Zero, George Kirkham; Gates of Eden, Morris Dickstein; Too Young to Die, Francine Klagsbrun; Conrads Chlang Chlang, Rosane Wilke; How to Feed Your Hyperactive Child, Laura Stevens; Coma, Robin Cook, and Menos of a West Point Cadet, Jaine Mardis.

## Lawrence Flower Show

**LAWRENCE** — "It's a Big Wide Wonderful World" will be the theme of the 43rd annual flower show, sponsored by the Lawrence Garden club, according to Mrs. Ray Winkel, chairman.

The show will be held from 2 to 9 p.m. Wednesday, Aug. 10, in the Van Buren County Skills Center, Lawrence.

The public is invited to exhibit. All entries will be received between 8 and 10:30 a.m. Those received after 10:30 a.m. will not be judged but may be displayed. Exhibits will be removed at 9 p.m.

Containers will be furnished for entries. No artificial or painted materials will be accepted.

Entries in horticulture must have been grown by the exhibitor. Materials used in the artistic design division need not have been grown by the exhibitor.

Materials on the protected list of the State Conservation and Federated Garden clubs may not be used except for educational purposes.

Assisting the general chairman will be Mrs. Raoul Vanier, Mrs. George Kugge and Mrs. Edward Slevers.

Committee chairman include Mrs. Velva Cushman, schedule; Mrs. Lloyd Ludwig, staging; Mrs. Harry Harroon, entries; Mrs. George Fairbanks, placement; Mrs. Wayne McDowell and Mrs. Frank Warner, judges and awards.

Also, Mrs. Robert McCaskey, hospitality; Mrs. Kugge, junior; Mrs. Vanier, clerks; Mrs. Slevers, publicity; Mrs. Irl Culver, registration; Mrs. McDowell, posters, and Mrs. Joseph Richman, conservations and education.

### TRAVEL TIP

When packing for a vacation, keep your beauty and health items in a small case or double-duty plastic bag for easy reach. Plastic bottles are a must and make sure you tape around the caps to prevent any spillage.

## Garden Club To Meet

**LAWRENCE** — Mrs. Clarence Beckman will present the program at a meeting of the Lawrence Garden club Tuesday, Aug. 2, at 2 p.m. in the social room of American National Bank.

Mrs. Beckman's topic will be "Digging into the Details of Flower Arrangement. A slide program, "Variety, Spice of Life, Traditional to Abstract," will also be presented.

Mrs. Martha Kashin will be in charge of the flower arrangement and Mrs. Allen Dayton and Mrs. Homer Smith will be hostesses.

## ATTENTION! Future Brides

Brides-to-be planning engagement announcements and wedding stories in this newspaper are asked to observe the following rules:

Engagement and wedding forms are available in the women's department at The Herald-Palladium offices in Benton Harbor or St. Joseph. The pertinent information should be typed or plainly printed in filling out these forms to prevent errors.

Wedding forms should be picked up at least two weeks and turned in 10 days before the wedding is to take place.

When wedding information is sent within two months of the engagement... announcement date, only ONE picture will be run. The bride-to-be may have her choice.

Use proper names — not nicknames. In wedding information, use husband's names for married attendants.

Only pictures of the bride in her wedding dress will be used. Formal glossy black and white portraits are preferred.

Engagement and wedding pictures are usually available at this newspaper office after publication for a short time.

'Your Problems' By Ann Landers

TV Addict? -- Pull A Tube

Dear Ann: Mrs. USA, who described TV as an addiction, asked for a solution. I found one.

I, too, was using TV as an escape -- from 7:00 p.m. to 2:00 a.m. It was a semi-snooze -- from the time I got home from a very demanding job until I rolled into bed.

One night the TV broke. At first I was furious, but something kept me from moping. I found I was reading more and eating less. (No TV snacks when I don't watch TV.) I had a lot more energy and began to focus on solutions to problems that had always seemed too overwhelming to face. TV had provided me with an excuse not to deal with

them and I simply ambled along from day to day.

My suggestion to Mrs. USA is this: Throw a rock through the screen or push the damned thing down a flight of stairs. Sure, you'll miss it for a couple of days but it will be the first step toward living in the real world again. -- No Name Please (I Have To Live In This Town)

Making the set inoperable may have been the answer for you, but removing a few tubes would have worked just as well. Then, when something you really wanted to watch was scheduled, you could put the tubes back in and enjoy yourself. There are some programs worth seeing.

our married children. I remarked that the best gift I could possibly receive would be for my son(s) to spend one day a year with me.

I love my daughters-in-law but in the eight to ten years my two sons have been married I have never been alone with either or them for more than a few minutes.

If any of your daughters-in-law in Ann Landers' reading audience are looking for the perfect gift for your husband's mother -- be it her birthday, Christmas or Mother's Day -- I suggest this one. It would be the most meaningful thing you could give her. -- A Widow Who Knows (P.S. I have spent many afternoons and evenings alone with my daughters-in-law but never with my sons.)

Dear Mother: I think your suggestion is nifty -- and it doesn't cost a dime! Let's hope your letter starts a trend.

ANN LANDERS

few who knew a lot of straight students on campus who are trying bi-sexuality for kicks was right on target. I'd like to thank you and add, amen, Sister.

One night I got bombed on beer and sloned on pol and went the other way with two other straights who were also bombed and sloned. We wanted to see what it was like. When we sobered up several hours later we were all sick to our stomachs and couldn't look at each other.

It never would have happened had we been in our right minds. We all agreed it was stupid, nutty and something we'll be ashamed of for a long time.

Thank you for having the courage to deal with problems of this kind. Your advice is right on and you are performing a much needed service!! -- Shalom from Colorado.

Dear Shalom: Thanks for your kind words. I received precious few plaudits in response to that letter. Most people who wrote misunderstood my answer completely. They accused me of being condemnatory, vicious and mean to all homosexuals.

Parents, what should you do if your teenager is having sexual relations. Ann Landers' new booklet, "High School Sex and How to Deal With It -- A Guide for Teens and Their Parents," gives non-nonsense advice on how to handle this delicate situation. For each booklet, send 50 cents in coin plus a long, stamped, self-addressed envelope to Ann Landers, P.O. Box 11195, Chicago, Illinois 60611.

Summer Music Camp

HOLLAND -- Hope college, in conjunction with the National School Orchestra Association, will sponsor a youth orchestra and youth choir summer music camp July 31 to Aug. 6.

Activities for the week will include participation in choir and orchestra rehearsals, sectional rehearsals, clinics, and demonstrations and an extensive recreational program.

The week will conclude with a public concert by both groups Friday, Aug. 5, at the Holland high school performing arts center.

Also open to the public will be a recital by members of the Hope music faculty and guests Monday, Aug. 1, at 7:30 p.m. in Wickers auditorium.

Guest conductors for the week will be for the choir, James Lucas, director of choral activities at Northeastern Illinois university in Chicago, and for the orchestra, Robin Sher, conductor of the Floyd county, Indiana Youth Symphony, and director of string activities in the New Albany, Ind., school system.

Pancake Breakfast

PULLMAN -- Ladies Guild of Pullman Congregational church will sponsor a pancake and sausage breakfast Saturday, July 30, from 8 to 10:30 a.m. in the church Friendship room.

Donations will be \$1.50 for adults and 75 cents for children under 12. Proceeds will be used towards a new church roof.

Breakfast committee includes Mrs. Royal Laraway, Mrs. Arthur Brown, Mrs. Duane Smith, Mrs. George Harburt and Mrs. Harold Stevens.

Bookmobile Schedule

Benton Harbor-Benton township Bookmobile schedule is as follows for the week beginning Monday, Aug. 1:

Monday, Aug. 1 -- Ogden Circle, 9-11 a.m.; St. Bernard's church, 1:45-2:15 p.m.

Tuesday, Aug. 2 -- Millburg school, 9 a.m.-noon; Johnson school, 12:45-2 p.m.; Farmer's Market, 2:15-3 p.m.; K-Mart, 3:15-4:45 p.m.

Wednesday, Aug. 3 -- Belser parking lot, 12:30-5:30 p.m.

Thursday, Aug. 4 -- Lafayette school, 9-11 a.m.; North Shore school, 11:45 a.m.-3 p.m.; Nupter Manor apartments, 3:15-4:45 p.m.

Friday, Aug. 5 -- Empire Mobile Home park, 11:30 a.m.-2 p.m.; Union park, 2:15-3 p.m.; Fairplain Plaza, 3:15-5:30 p.m.

Terry Cloth Good Cover-up

Terry cloth slippers for chaise, glider and chair cushions have elastic edging to hold them snugly in place.

Besides the comfort-driving absorbency of terry cloth during warmer weather, the covers can be machine washed and dried at the first sign of soil.

Erma Bombeck

Strip Away The Veneer

On a game show a few weeks ago, three couples asked who they considered to be the best judge of character, men or women. All six agreed that women were better able to strip away the veneer and assess what people really are.

I wish that were true in our family.

My husband says I'm Peter Pan in a panty girdle. I want to believe in people so badly I lose my perspective.

Take the girl on the beach in California who was sitting there bare-chested as a balloon.

I wanted to throw a coal over her, take her home and feed her hot chicken soup.

"Are you crazy?" asked my husband. "Why do you think she's exposing herself like that?"

"She has arthritis?"

"She is not sitting there for the heat. She is sitting there because she wants attention."

"Is that what you think?" I laughed. "Did it ever occur to you she is probably a wonderful girl who is working on her Ph.D. in physics gathering material for her dissertation on the effects of solar energy on the human anatomy?"

"You don't know people at all," he charged.

"Why would you say a thing like that?"

"Remember when we saw

"Jaws," and the guy next to you was rooting for the shark and you said he was nearsighted and probably thought it was Flipper?"

"It was possible."

"And the girlfriend of yours who has been married six times and you said she couldn't stand the waste of wearing a dress just once and discarding it?"

"I can see her logic."

"You're weird. You look at people and you don't see the same things everyone else sees."

"That's not true. I try to get inside their skin and dissect their emotions, their motivations, their feelings and separate what is real from what is phony."

"Is that a fact? Then how come when we were seeing the movie 'Rocky,' and he was in the frozen meat locker punching the sides of beef hanging from hooks to get into shape for his championship bout, you leaned over and whispered, 'Would you get a load of those sirloins?' How come you can't turn away a magazine salesman and we are the only ones in the block subscribing to 'Yogurt Monthly?' I swear you'd find something wonderful about Lizzie Borden."

"She wasn't a bad little girl, really," I said. "She just wanted to go to the orphan's picnic."

South still had a two-way guess for the queen of clubs to make his contract, but fine discarding by East and West led to his losing two more tricks.

South drew trumps, cashed the high diamonds and ran the rest of his trumps. West's last four cards were the nine of hearts and three clubs; East's the seven of hearts and three clubs.

West unguarded the queen of clubs on the last trump while East chuckled his heart. So South led a club to the king, finessed against East and lost the last two tricks to the queen of clubs and nine of hearts.

ASTRO-GRAPH

Bernice Bede Osol

Your Birthday

Saturday, July 30, 1977

This coming year will be different in that you may form more partnerships than usual. Some will pan out -- others may cause you headaches.

LEO (July 23-Aug. 22) Irrespective of who you deal with on a one-to-one basis today, don't let them under your thumb. A bolt from the blue may bring any encounter to a crash-and-burn. Find out more about yourself by sending for your copy of Astro-Graph Let-ter. Mail 50 cents for each and a self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, NY, 10019. Be sure to specify your birth sign.

VIRGO (Aug. 23-Sept. 22) Extra strength and fortitude may be needed for you to deal with unusual pressures today. Keep your recall -- you, too, have limitations.

LIBRA (Sept. 23-Oct. 22) Don't gamble today on yourself or others, no matter how well you know them. Even if you win, you're going to wind up a loser.

SCORPIO (Oct. 24-Nov. 22) When any remarks that could trigger a domestic rumble today. If you get one started, old wounds are old wounds will be reopened.

SAGITTARIUS (Nov. 23-Dec. 21) Once in a while you tend to express yourself bluntly. If you do so today, there's a good chance you'll have to eat your words.

CAPRICORN (Dec. 22-Jan. 19) Others may react what you say today. If you leave your house or car, lock up well.

AQUARIUS (Jan. 20-Feb. 18) Your self-interests are extremely pronounced today, but those you must deal with (watch you in this area. You may have to make concessions.

PISCES (Feb. 20-March 20) Don't know the signs if someone's trying to take advantage of you today. Don't be wishy-washy or you'll play right into their hands.

ARIES (March 21-April 19) You must be extremely careful socially today. In something catches you off-guard, you could handle it poorly and later have regrets.

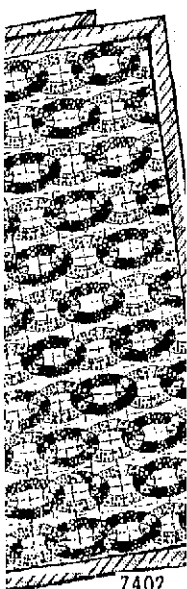

TAURUS (April 20-May 20) The most valuable thing you have is your reputation. Keep this in mind today so that your ambitions don't lead you to step on too many toes.

GEMINI (May 21-June 20) There's a chance today you lack the ability to see merit in others' ideas. It's O.K. to push your causes, but don't feel you're the only fish in the sea.

CANCER (June 21-July 22) The claws of the lions in the commercial arena are extremely sharp today. Don't go into the fray without your armor.

HEALTH

Lawrence E. Lamb, M.D.

DEAR DR. LAMB -- My daughter, 39, and mother of three children developed Cushing's syndrome. She grew facial hair, developed a moon face, heavy body fat, dry flaky skin. She recently had surgery and the doctors removed both of her adrenal glands. I am told she will have to take cortisone orally.

Will the symptoms of facial hair, moon face and obesity disappear? We were told by her doctors that without surgery she would have lived one year. What causes this problem?

DEAR READER -- The picture you have described is caused by an overproduction of hormones from the adrenal cortex, the outer shell of the adrenal gland that produces cortisone.

Surgery is commonly used in treatment of such patients. If both adrenal glands are removed entirely the patient does have to take cortisone the rest of his or her life. It is replacement therapy since the normal source of cortisone has been removed.

The obesity should reverse itself and the fat pads over the upper face that cause the moon face appearance should disappear, as well as the excess hair growth and other signs of Cushing's syndrome. The outlook depends a lot on what the real cause for the overproduction of adrenal cortical hormones was.

DEAR DR. LAMB -- I have

what my doctor calls a "Baker's cyst." It gives me a great deal of pain and I have a problem trying to be comfortable with my leg whether riding, walking, or lying in bed. I have quite a bit of stiffness in my knee after I have ridden in a car for a while.

My doctor has advised that the last thing I should do is to have surgery unless the pain becomes unbearable. He says surgery will leave me with a stiff knee. Since I am only 48 I most certainly would hate to go through the rest of my life that way.

The advice he has given me is to favor my leg as much as possible, and to take a towel and wet it in hot water, wring it out and apply it to my knee. Can you suggest anything else?

DEAR READER -- A Baker's cyst is just the normal fluid in the knee joint that has escaped and become encapsulated in a sac-like structure of tissue. They are commonly painless, unless there is associated disease in the knee joint.

Your story suggests to me that you may have more than just a Baker's cyst and probably have some disease of your knee joint to begin with. In any case I think you should insist on an evaluation by an orthopedic specialist. If it is something he can help you with he will tell you and also what the risks might be.

Readers who want information about arthritis can send 50 cents for The Health Letter number 4-10, Osteoarthritis: Degenerative or Wear and Tear Arthritis. Send a long, stamped, self-addressed envelope for mailing. Mail your request to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

"ONCE YOU'VE TRIED SCROD AT HOLLY'S LANDING, YOU'LL BE HOOKED, TOO!"

A nearby unbiased testimony by Roger Mulcair

"If your particular pleasure is seafood as mine is, an evening at Holly's Landing just has to be in your immediate plans. Scrod Fry, delicately flavored baby cod, fresh from the cold, clear Atlantic waters of the New England coast. Served with the legendary Landing Salad and Holly's own sour-dough bread. It's a very special experience for only \$5.99!"

"Sit and savor your favorite lobster in the luxuriously nautical surroundings of the Landing. Let the Gullery Maids cater to your whims. Scrod is only one of the un-common delights that await at the Landing. Take it from me -- a confirmed seafood lover. Let it be said that I'm also the manager of Holly's Landing!"

# 17 TONS OF NEW COINS

## Bandits Pondering Loot

PARIS (AP) — Somewhere today four bandits sit and consider their loot — 17 tons of shiny new coins, worth \$3.54 million. They may know what they're going to do with the heavy haul, but to others it's a mystery.

The gangsters hijacked a semitrailer truck carrying the coins as it left the Gare de Lyon railroad station here Thursday, headed for the Paris headquarters of the Bank of France. The coins were in a container that had been shipped by rail overnight from a mint in southern France.

Identical to thousands of other containers on the French rail system, it was deliberately left unguarded so it would not attract attention. It was labeled "fabricated metal" and, the bank said, it was insured only for the value of the metal in the coins, not their monetary value, which is higher.

The loot was largely in 10-franc pieces, each worth about \$2. They were recently put into

circulation to replace notes and have proved unpopular with the public because they are smaller than coins of half the value and are confusing in a pocketful of change.

The driver, Jean Trotin, 51, said he simply rolled his truck into the Gare de Lyon freight yard, the container was loaded onto the rig in 15 minutes, and he drove out, unarmed and alone.

The hijackers, who officials said must have been following a carefully devised plan based on inside information, got an unexpected break when another truck stalled in front of Trotin's rig.

The gang grabbed the two drivers as they talked, drove off with them and the truck and released them 30 minutes later. Meanwhile, one of the bandits disappeared with the truck into the traffic of Paris.

"They didn't hit me or molest me," said the coin truck driver, Jean Trotin, 51. "They were

relaxed, whistling in the car as they drove out to the outskirts of town. They seemed to know exactly where they were going."

A special anti-gangster brigade today led police in a search of the greater Paris area, looking for a hideout big enough to hold the container while it was unloaded.

Police said the driver of the stalled truck was innocent of any complicity.

## Weekend Admissions Cost More

DETROIT (AP) — If you're admitted to a hospital for surgery on a weekend, chances are you will stay longer and wait longer before undergoing the operation, according to a Blue Cross-Blue Shield study.

Blue Cross-Blue Shield officials said Thursday the study of Michigan patients shows a hospital admission on Friday or Saturday for surgery results in an average 4.1 days of additional hospitalization.

Patients admitted for surgery on Fridays and Saturdays waited about 5.1 days before surgery was performed, the study concluded. The average wait for those admitted on other days of the week was only 2.6 days.

The problem, according to the study, is that many patients receive only custodial care on Fridays or Saturdays.

## U.S. House Tackles Carter Energy Plan

WASHINGTON (AP) — The House of Representatives is starting work on President Carter's energy program, which is arriving on the House floor essentially as he outlined it in his April 30 energy message to Congress.

The House Rules Committee cleared the bill for floor debate Thursday night under guidelines which could mean numerous floor fights on amendments challenging the administration package.

The House begins a week of scheduled debate on the legislation today.

The House leadership intends to continue debate throughout next week, with the aim of sending the bill to the Senate by next Friday.

Major provisions of the legislation include a tax on cars which use fuel inefficiently, a credit for weatherizing homes, a tax on crude oil to force conservation, continued federal price controls on natural gas, but at a higher level than is now the case, and a major overhaul of electric utility rates.

PIPELINE SUSPECT: Larry Wertz, 26, leaves Fairbanks District Court after his arraignment on charges of malicious destruction of property in connection with three blasts along the trans-Alaska pipeline north of Fairbanks. Two other men were arraigned Thursday on the same charge. All three live on the Elliott Highway north of Fairbanks. They are being held in lieu of \$100,000 bail. (AP Wirephoto)

## Police Break Up New Protest At Kent State

KENT, Ohio (AP) — Police arrested 61 demonstrators early today as they tried to reoccupy the Kent State University hill near which four students were killed in a 1970 antiwar protest.

The demonstrators, defying a court order, had invaded a fence-enclosed construction site on Blanket Hill. They set up tents and a shrine to the four dead, but the encampment lasted less than four hours as unarmed campus police began dragging the passively resisting protesters, linked arm-in-arm, to two awaiting university buses.

About 100 supporters outside a chain link fence watched the end of the brief occupation as Portage County sheriff's deputies with night sticks stood guard.

The scene was a night-time version of the July 12 arrest of 183 demonstrators many of whom had camped on the hill for 62 days, seeking relocation of a \$6 million gymnasium annex, which would overlook the scene of the 1970 shootings. On Monday, Portage County Common Pleas Judge Joseph Kainrad gave the annex the go-ahead.

**SUPER MAGNET:** Prof. Henry Blosser of Michigan State University displays giant new superconducting magnet to be used as part of proposed \$13 million atom smashing project. MSU has been awarded \$1.2 million federal grant for first stage in what scientists hope will become the world's most versatile cyclotron. (AP Wirephoto)

# MSU Unveils Powerful Magnet

By MALCOLM JOHNSON  
Associated Press Writer  
EAST LANSING, Mich. (AP) — A giant magnet, the first stage of what is planned to be the world's most versatile atom-smashing cyclotron, has been tested and unveiled by Michigan State University.

The magnet was built under the first step of a \$1.2 million grant from the National Science Foundation.

Alone, it will boost the capacity of the school's nuclear research. But MSU scientists hope to link it to another cyclotron under a \$12 million proposal now before the NSF, to further increase their atom-smashing power.

The two cyclotrons would be about 10 times as powerful as the current MSU cyclotron, which is used to break up atoms

and study the structure of their nuclei.

The new device could accelerate much heavier chemical particles — up to uranium, the heaviest natural element — than currently is possible in producing atomic collisions.

The school expects scientists from around the world to use the device, making MSU a leading center of research into the structure of matter and how it behaves.

Using a cyclotron, atoms of a certain element are bombarded by other atoms, and physicists study the resulting breakups to learn how atomic particles — neutrons and protons — are arranged and interact with each other.

The \$1 million "superconducting" magnet uses a coil cooled to minus 450 degrees

Fahrenheit to eliminate electrical resistance. That means the MSU cyclotron can be smaller and cheaper than a normal, uncooled cyclotron.

During experiments, atomic particles will be accelerated within the magnet through an electrical charge. The magnet "herds" the particles' path into a circle, so they whirl around and build up speed.

At 20,000 to 30,000 miles per second, the particles will be directed as a beam out of the magnet, down a vacuum tube and into the "target" — a thin sheet of material — scattering its particles. When the second cyclotron is added, the particles will pass through two magnets before being shot at the target.

Scientists study the collision of the atoms with photographic and electrical detection devices. They are linked to a computer which analyzes what happened. New elements also will be formed through the collisions.

# Ford Earnings Set New Record

By OWEN ULLMANN  
Associated Press Writer  
DETROIT (AP) — Ford Motor Co. had its most profitable three-month period ever as second-quarter earnings this year rose to \$530 million, 20 per cent higher than a year ago, the firm has reported.

Chrysler Corp., meanwhile, said Thursday that its net profits for the April-June quarter declined 33 per cent

from a record showing last year to \$104 million, although dollar sales rose 7 per cent to a record \$4.4 billion.

Chrysler, the No. 3 U.S. automaker, said profits were reduced by \$33 million due to two local strikes which trimmed thousands of vehicles from spring production schedules.

Ford became the second automaker in as many days to report all-time high quarterly earnings. On Wednesday, industry giant General Motors Corp. reported a 21 per cent earnings gain to \$1.1 billion.

The strong gains by Ford and GM, the world's largest automakers, reflected a strong gear market in the United States — particularly for high-profit, full-size and mid-size cars — during the spring quarter. The two firms are the industry's leading big-car makers.

Chrysler, however, is struggling in the compact car market, which has not been as strong this year. As a result, the firm's U.S. car sales are off about 8 per cent from last year, contributing to the earnings decline. Worldwide, vehicle sales fell 2 per cent in the quarter.

Factory sales of cars, trucks and tractors also hit a record in the quarter, rising to 1.75 million, up from 1.54 million in 1976 and the previous quarterly high of 1.68 million set in 1973.

Ford, which traditionally has been stronger in overseas markets than other U.S. automakers, said earnings outside North America in the quarter rose 43 per cent to \$179 million, while profits in the United States and Canada rose only 11 per cent to \$351 million.

For the first six months of the year, Ford had record net earnings of \$1.01 billion, or \$8.59 a share, up 32 per cent from \$770 million, or \$6.55 a

share, in the first half of 1976. Dollar sales were up 23 per cent to \$18.9 billion, while unit factory sales were 3.4 million, up 400,000 units from last year.

Ford Chairman Henry Ford II said profits in North America were constrained "to a substantial degree by failure to recover cost increases through pricing."

The Big Three have indicated they will raise car prices this fall by up to 6 per cent, or nearly \$400 a car on the average.

## Full House Gets Fed Proposal

WASHINGTON (AP) — Legislation that would make the term of the Federal Reserve Board chairman correspond roughly to the President's and require regular agency reports to Congress is headed for a vote by the full House of Representatives.

The measure, passed Thursday by the House Banking Committee, is a modified version of proposals to align the monetary agency more closely with the executive and legislative branches. Traditionally, the Federal Reserve has insisted on autonomy within the government.

Legislation that would make the term of the Federal Reserve Board chairman correspond roughly to the President's and require regular agency reports to Congress is headed for a vote by the full House of Representatives.

### PROGRAM OUTLINED AT WORKSHOP

## Parent Aides May Cut Child Abuse

**BERRIEN SPRINGS** — Parent and homemaker aide programs may be the most effective weapons a community has against child abuse, according to Mrs. Thomas (Peg) Clarke, coordinator of the Berrien County Child Abuse and Neglect task force.

Mrs. Clarke made the remark in addressing participants in a child abuse workshop at Andrews university here. The workshop, a first for AU, is under the direction of Aldyth Roberts, assistant professor of nursing at the university.

The child abuse task force is a Niles-based volunteer organization. Its purpose is to diminish the incidence of abuse and neglect of children by coordinating services of various agencies to make the most effective use of existing programs, and to initiate new programs as they become necessary.

Mrs. Clarke said she was delighted that the mass media has "taken up the cry" against child abuse in recent years, making the public more aware of the situation, and more responsive to treatment and prevention programs.

The greatest present need is for foster homes to care for abused and neglected children, Mrs. Clarke said. She emphasized that the goal of every agency involved in treating abuse is to keep the family intact, but that it is often necessary to remove the child for protection from a crisis situation.

Improving the abusing

parent's ability to cope is the most effective preventative, Mrs. Clarke said, and the parent aide and homemaker aide programs are designed to do just that.

The parent aide is a volunteer worker who helps an abusing parent, by becoming a friend. The aide must be available at all hours to respond to the parent's call for help. "So often the abusive parent is alone, with no family or friends to turn to," Mrs. Clarke said.

There are five homemaker aides in the county, according to Mrs. Clarke. They are paid workers who live in the troubled home, and teach homemaking and parent skills. There is no charge to the family for this service, which has been made possible by a grant from the Protective Services division of the Berrien County Department of Social Services, Mrs. Clarke said.

Proposed programs include teachers' workshops to aid teachers in recognizing child abuse and in educating their students, particularly those of high school age, in its causes, treatment and prevention.

Another proposed program is the creation of "Tot Drops" where a parent in crisis can leave their children for a few hours until the parent feels able to cope again.

Mrs. Clarke urged that citizens aid the fight against child abuse by becoming foster parents, parent aides, or drivers to transport children to places where they can meet safely with their parents. Anyone interested in helping should phone Mrs. Clarke in Niles, or Donna Sicks, volunteer coordinator, at the Berrien county juvenile center, Berrien Center.

## Berrien Marriage Licenses

The following marriage licenses have been issued by Berrien County Clerk Forrest H. Kesterke:

Ernest Howard Wells, 26, and Pamela Jean Dixon, 20, both of Benton Harbor.

Frank Adrian Lounsbury, 27, and Darlene Alison Huber, 21, both of Berrien Springs.

Jim Ruiz, 27, Berrien Springs, and Debra Ann Schneck, 21, Benton Harbor.

James Francis Rundborg, Jr., 26, Berrien Springs, and Susan Mary Simaz, 19, Eau Claire.

Joseph Carroll Binnagardner, 29, Niles, and Sherry Lynn Layman, 24, both of Buchanan.

Steven Allen Jones, 18, and Brenda Lee Schott, 18, both of Buchanan.

William Paul Minnear, 34, and Marcia Dale Cramer, 32, both of Niles.

Domingo Guerrero Perez, 29, and Rosita Garcia Perez, 27, both of Niles.

## Appeals Court Upholds Van Buren Convictions

By ALAN AREND  
Staff Writer

**GRAND RAPIDS** — Two Van Buren county Circuit court convictions and sentences have been upheld by the State Appellate Court here.

Levi Jerome Hunter, Lake Wales, Fla., was convicted June 9, 1976, by a Van Buren county jury of assault with intent to commit rape. He was subsequently sentenced by Judge Meyer Warshawsky to 2½ to 10 years in prison. The assault

took place in Bloomington township, Oct. 12, 1975.

Hunter in appealing his conviction alleged that errors were made in the trial and sentence. The Court of Appeals ruled this month there were no errors and affirmed Judge Warshawsky's sentence.

Arnold Plack, Gary, Ind., appealed his conviction and sentence of 11 to 25 years in prison handed down by Judge Warshawsky on a charge of

armed robbery of Chuck's Standard station, Paw Paw, Jan. 21, 1976. The Court of Appeals ruled Judge Warshawsky was correct in his conviction and sentencing of Plack.

## Dowagiac Board To Study Needs For Special Ed

**DOWAGIAC** — The Dowagiac school board will hold a work session Monday night, Aug. 1, to study what effects the recent defeat of a tax levy for special education financing will have on the district.

Supt. Lionel Stacey estimated it would cost the district about

\$100,000 to pay for the programs covered by the levy.

According to Stacey, the funding was to have paid for additional special education classes needed to meet the student load and to pay for some classes already underway.

Si Miller, curriculum director, placed the number needing new classes at 75.

### Dayan Defends 'Settlements'

**TEL AVIV, Israel (AP)** — Foreign Minister Moshe Dayan, countering criticism by President Carter, has defended Jewish settlements in occupied Arab territories as "constructive for peace" in the Middle East.

"I don't know anything more productive and constructive for peace than living together with the Arabs, and that is what we do there (in the settlements)," Dayan said Thursday in a speech at a fund-raising convention.

Stacey estimated about \$80,000 was needed for additional classes while \$40,000 was needed for financing of same existing classes.

The board is to consider whether local funds are available and should be used for financing the programs or whether a new vote should be sought on the millage.

The three-quarter levy defeated by voters Monday, \$80 to \$100, would have raised about \$155,000 yearly for the financing of the programs in Dowagiac as well as the three other public high school districts in Cass county.

The levy was sought by the Lewis Cass Intermediate school district which is made up of the four districts.

If the board recommends another vote through the intermediate district, the recommendation would be reviewed by the intermediate board Aug. 8.

Stacey said that last year Dowagiac had 251 students in special education classes in the district. He said the money situation would have no effect on continuation of most of the previous classes.

Stacey said "State and federal laws have made it mandatory that these children of our district be educated, but they are giving no funds to do this. We have the obligation to get help."

### Won't Block Plant

**BOSTON (AP)** — A federal appeals court has refused to block construction of a nuclear power plant in Seabrook, N.H., on grounds that the issues have not been thoroughly explored through regulatory agencies.

HEART OF  
THE FRUIT BELT

## NEWS OF THE FARM, ORCHARD AND DAIRY

Covering The Greatest Diversified Fruit Producing Area In America

LOCAL-STATE  
NATIONALX-Disease Treatment  
Unavailable This Year

Tree removal will be the only option open this year to area growers trying to combat X-disease, according to Mike Thomas, southwestern Michigan district horticultural agent.

Peach trees infected with X-disease should be removed from orchards as soon as possible after harvest, Thomas said, in order to check the spread of the disease. Early research has shown that Terramycin can be used to eliminate the symptoms of X-disease from season to season, Thomas stated, but has not been cleared for use as such.

"If the chemical is cleared for use next year, growers will still have to take into account the expense in applying the Terramycin," said Thomas. "The chemical itself is relatively inexpensive. Between 80 and 90 trees can be treated with one gallon if applied directly into the trunk of the tree. The biggest cost factor will be the labor."

Thomas said that peach trees have been treated experimentally using a plasma-like injection system to absorb the chemical into the tree. On a warm day when tree sap is flowing freely, Thomas stated, it would still take about 15 to 20 minutes for the tree to absorb the injection. There is also a possibility of damaging the tree if an overdose of Terramycin is injected.

"When you start talking about a 10 or 15 per cent infection rate," Thomas added, "it's going to take up a lot of the grower's time. It also appears that Terramycin would have to be injected at least two years in a row before the treatment could be skipped for a year. The grower will have to calculate the investment he has in his trees and their potential returns when deciding to treat or remove trees."

Thomas warned growers that X-disease will probably continue to be a major problem in peach and cherry trees for at least another year. Extended dry-weather conditions promote leaf hoppers, he explained, which, in turn, transmit X-disease.

Bob Scheffler of the Michigan Department of Agriculture (MDA) Bureau of Plant Management said that an emergency clearance has been issued for the use of Terramycin to treat bacterial spot in fruit trees.

"Many growers who have used Terramycin in foliage

## Butter Up

Butter edged out frozen products as the leading user of Michigan milk and cream in 1976. Butter production totaled 28 million pounds, 32 per cent above 1975 output, and 10 per cent above 1974. Three less dairies were churning out butter in 1976 than the year before.

**TREATING X-DISEASE:** Harvey Belter, Berrien county horticultural agent, demonstrates how Terramycin may be injected into peach trees to treat X-disease. Terramycin is not legal for injection treatment this year, but experiments have shown that it can erase disease symptoms if applied each year. Hose from container is placed in hole bored into trunk of tree. Under proper weather conditions, tree will absorb injection in 15 to 20 minutes. Treatments would be made after each harvest to control disease. (Staff photo)

applications to treat bacterial spot also report a remission of X-disease symptoms," Scheffler noted. "The firm that sells the chemical has so far only obtained a label for

Terramycin for experimental purposes for the treatment of X-disease. Any eventual permit to use the injection treatment will have to come through the MDA."

Plans For Carrying Out  
PBB Testing Outlined

The PBB bill recently approved by the Michigan legislature will take effect 90 days from the date that Governor Milliken signs it, according to B. Dale Ball, director of the Michigan Department of Agriculture (MDA).

The bill provides for testing procedures and compensation for dairy cows required to be destroyed because of PBB contamination. Under the provisions of the bill, all dairy cows born before January 1, 1976, must have tissue samples analyzed before they are culled for slaughter. The MDA estimates that between 100,000 to 150,000 dairy cattle are culled from Michigan herds each year.

Testing will be supervised by the MDA, which is in the process of establishing a

special project group to administer the program's responsibilities. Local veterinarians will be asked to do the actual tissue sampling and will be paid by the state for their work.

A chemical analysis of the milk produced at each dairy farm in Michigan will be made within four months after the bill takes effect. The Michigan Department of Natural Resources (DNR) will be responsible for picking up and disposing of all cows and milk contaminated above the legal level. Farmers will be compensated for their losses according to market prices at the time of disposal.

The bill is scheduled to expire September 30, 1982 and will apply to all Michigan dairy herds.

Apple  
Juice  
Booming

Apple juice and cider are the fastest growing markets in the apple industry and show no signs of slowing down, according to Fred Hassler of the Michigan Apple Committee.

Hassler said that in 1976 apple juice sales led all other canned or bottled drinks on supermarket shelves nationally.

"Sales were up 21 per cent for juice last year and 15 per cent for cider," Hassler said. "We expect to see another healthy increase in sales this year with a few new markets being explored."

Hassler said that the growth in sales has been reflected in the price the grower receives for juice apples.

"Five or six years ago harvesting juice apples wasn't even a salvage operation," stated Hassler. "A grower today, however, can receive a profitable return on more than just fresh market apples. The market is there, the problem now is supply."

One of the new markets being explored by the apple industry is fast food chains, Hassler explained. Unstable supplies from year to year has left the industry reluctant to contract for the vast quantities that large food chains would require, according to Hassler.

"The new markets are interested in a consistent source," said Hassler. "Michigan is going to experience its second short crop in a row and the third in five years. Good prices don't mean too much if you haven't got the crop. What we need is to develop some means of producing a fairly reliable crop year in and year out. Many farmers are simply getting discouraged with harvesting a healthy crop only once every five or six years."

Hassler added that the bright outlook for cider and juice apples should encourage prospects for mechanical harvesting of apples in the future.

## PBB Hotline

People with questions or problems which they feel are related to PBB (polybrominated biphenyls) now have a free source of information and direction.

The field office of the Michigan Department of Public Health at Big Rapids is prepared to answer questions and assist with PBB related problems, according to Robert Earl Van Buren county extension director. The field office was established last year in Big Rapids after it was determined to be where the highest concentration of quarantined farms were located.

The office can be reached by placing a collect call to 616/796-3514.

**NEW GRAPE COMBER:** Walter Wellington of Berrien Springs uses grape comb he designed this spring for his vineyards. Rubber coated metal fingers are pulled through vines to untangle grape vines and allow sunlight and air to reach fruit. Unique aspect of design is that it combs from top as well as side as operator drives down the row. Fingers are chain drive from small motor attached to brace. Height is hydraulically adjusted according to row. (Staff photo)

## Gets Top Of Row Too

## Grape Comber-Innovated

Grape growers looking for a different way of combing spur-type grape vines may want to talk to Walter Wellington of Berrien Springs.

Wellington designed and built a comb this spring for use in his own vineyards and the results so far have impressed a number of people.

"I would say this machine comes the closest to hand combing of any that I've ever seen," said Bill Greveling, Michigan member relations manager of the National Grape Cooperative, owner of Welch Foods.

Wellington said that Herb Barber, general manager of National Grape, saw the grape comb in Wellington's barn this spring and asked to have one built for him without even seeing the machine in operation.

"What's different about this design is that it combs from the top of the row as well as from the side," Wellington said. "I had seen other machines that only comb from the side of the row and I wasn't really satisfied with their results. Once I decided on the design, it only took a short time to build the comb the way I wanted it."

Greveling said that grape growers using the Geneva double curtain or the umbrella spur system for their grapes should be combing their vineyards.

"The primary function of combing is to open the vines for air and sunlight. This allows the wood to mature and the

fruit to ripen better," Greveling explained. "Combing also makes pruning grapes easier and therefore less expensive. Pruners can cover 80 to 100 per cent more acreage when the vineyards have been combed. That saves a grower time and money."

Wellington said that the combing should be done early in the year just after the plants blossom. The machine can also be used again later in the season to remove much of the excess foliage as the grapes are maturing.

Designing equipment is nothing new to Wellington. Much of his "spare time" is spent in the large workshop adjoining his barn, building or altering machinery for himself and his neighbors. His abilities in the workshop have not gone unnoticed. Wellington tells of the time that Welch Foods was about to order a large quantity of one of his inventions.

"I designed a machine that would do much of the work required in loading grapes from the field," Wellington recalled. "Production was held up for some reason and a year later the grape harvester came out and my new invention was obsolete."

Wellington said he does not build his innovations with commercial production in mind.

"I build machinery for use on my own farm," Wellington commented. "If someone come by and thinks a machine may also be useful on his farm, I usually show them how to build it or refer them to someone who can build it for them."

Tour Date Set For  
Roadsides And U-Pick

A tour of four roadside market and pick-your-own operations in the Kalamazoo area will be held August 9, according to Glen Antle, district marketing agent.

The tour will begin at 10 a.m. at Malito's Orchard, 8116 Erie Ave., Oshtemo, and will demonstrate four different concepts for direct marketing operations, Antle said.

A highlight of the tour will be a noon luncheon at the Olympia restaurant, 108 E. Allegan St., Oshtemo, featuring guest speaker Tom Paracchini, a practicing Kalamazoo attorney. Paracchini will discuss legal

implications for roadside market and pick-your-own operators, accidents on the premises, and sickness or injury from products sold.

Those wishing to attend the tour should contact Glen Antle at the Berrien county extension service at the Berrien county courthouse before August 5.

**'CLEAN BURN' GARBAGE:** NEW YORK (AP) Polyethylene used for milk, bleach and detergent bottles is completely consumed in any properly operated waste plant, according to the Society of the Plastics Industry.

CASE #U-4840, #U-4621

## TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

THE FOLLOWING NOTICE OF HEARING IS GIVEN  
PURSUANT TO THE MICHIGAN PUBLIC SERVICE COMMISSION'S  
ORDER IN CASES NO. U-4840 AND U-4621 DATED APRIL 12, 1976.

NOTICE OF HEARING ON RECONCILIATION OF  
NET REVENUE RECEIVED WITH  
NET RECOVERABLE EXPENSE INCURRED

A public hearing will be held August 9, 1977 at 9:30 A.M. or as soon thereafter as this cause may be heard, in the offices of the Commission, 6545 Mercantile Way, Lansing, Michigan for the purpose of reconciling costs and revenues under Consumers Power Company's fuel cost adjustment clause and purchased and net interchange power adjustment clause for the months of October 1976 through June 1977. This hearing is to determine the amount, if any, of a credit to bills rendered Consumers Power Company customers in the September 1977 billing period to offset any excess of revenues collected pursuant to the combined effect of the Fuel Cost Adjustment Clause and the Purchased and Interchange Power Clause during the billing periods October 1976 through June 1977. Information as to the reconciliation of the net revenues received by Consumers Power Company under the two clauses with net recoverable expense change in fuel, purchased power and interchange power from the base costs contained in the two clauses is available for examination and inspection at the offices of the Commission Secretary, 6545 Mercantile Way, Lansing, Michigan 48910, and at the offices of the Executive Director of Rates, Research and

Data Control of Consumers Power Company, 212 W. Michigan Avenue, Jackson, Michigan 49201.

Interested parties may intervene by placing an appearance on the record at the hearing.

Jurisdiction in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 460.551, et seq; 1909 PA 300, as amended, MCLA 462.2, et seq; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51, et seq; Sections 4, 6 and 6a of 1939 PA 3, as amended, MCLA 460.1, et seq; 1969 PA 306, as amended, MCLA 24.201, et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

666-E

CASE #U-4840, #U-4621

## TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

THE FOLLOWING NOTICE OF HEARING IS GIVEN  
PURSUANT TO THE MICHIGAN PUBLIC SERVICE COMMISSION'S  
ORDER IN CASES NO. U-4840 AND U-4621 DATED APRIL 12, 1976.

Monthly hearings will be held before the Michigan Public Service Commission for the purpose of considering authorization to permit Consumers Power Company to reflect in monthly billings to its customers charges or credits for changes in appropriate items of expense associated with purchased and net interchange power from a base cost included in previously approved rate levels.

A hearing will be held on August 9, 1977 at 9:30 A.M. in the offices of the Commission, 6545 Mercantile Way, Lansing, Michigan to consider inclusion of a proposed purchased and net interchange power adjustment charge of .53 mills per kilowatt-hour to be applied to bills rendered to Consumers Power Company customers in the September 1977 billing period.

The hearing shall be for the purpose of determining the amount of purchased and interchange power expense incurred during the calendar month of June 1977 and the reasons therefor. Details of the calculation of the proposed adjustment will be presented along with a summary of net system kilowatt-hour requirements including details of the various types of purchased and interchange power transactions and circumstances necessitating any outages of installed capacity for a period exceeding ninety (90) days. This information will be available on and after July 29, 1977 for examination and inspection at

the offices of the Commission Secretary, 6545 Mercantile Way, Lansing, Michigan 48910, and at the offices of the Executive Director of Rates, Research and Data Control of Consumers Power Company, 212 W. Michigan Avenue, Jackson, Michigan 49201.

The Michigan Public Service Commission may either grant or deny the requested adjustment, in whole or in part, and may grant a lesser or greater adjustment than that requested. Interested parties may intervene by placing an appearance on the record at the hearing.

Jurisdiction in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 460.551, et seq; 1909 PA 300, as amended, MCLA 462.2, et seq; Sections 3 and 4 of 1919 PA 419, as amended, MCLA 460.51, et seq; Sections 4, 6 and 6a of 1939 PA 3, as amended, MCLA 460.1, et seq; 1969 PA 306, as amended, MCLA 24.201, et seq; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, Supplement No. 54, R 460.11, et seq.

**COOKIE, ANYONE?** — Technician Brenda Vannoy removes silicon wafer from ion-implanting carousel at GM Research Laboratories in Warren, Mich. Ion implantation is basic step in preparing integrated circuit chips. Each of these 2-inch-diameter wafers yields some 700 IC chips. Each chip contains many transistors and diodes to perform complicated engine control functions. They are used to investigate possible new IC applications related to fuel economy improvement and emissions controls. (AP Wirephoto)

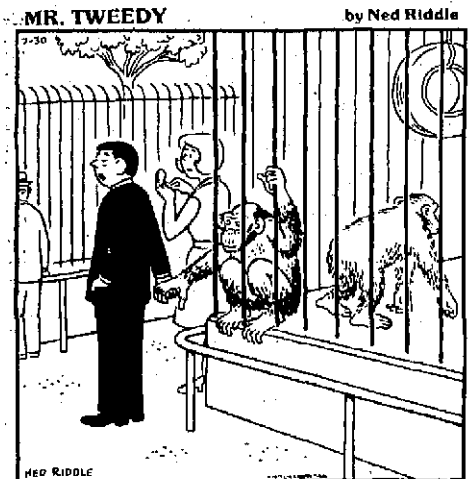

## Slain Officers' Kin Pay Boost Proposed

**MACKINAC ISLAND, Mich.** — Michigan lawmakers will be asked this fall to decide if the state should spend several hundred thousand dollars annually to boost benefits to families of law enforcement officers killed in the line of duty.

Atty. Gen. Frank Kelley told the Michigan Prosecuting Attorneys Convention meeting here Thursday that the state should pay \$100 a week for life to spouses of officers and fire fighters killed while on duty.

It also should pay \$25 a week to their children, along with college tuition, until they leave school, he said.

The aid would come on top of

MR. TWEEDY by Ned Riddle

## Allegan Divorces Granted

**ALLEGAN** — The following marriages have been dissolved by divorce decrees granted in Allegan county Circuit court, according to Russell Sill, county clerk.

Oliver, Lynn of Plainwell, and George of Keeseeville, N.Y. Three children to the mother.

Morris, Gerald of Allegan, and Susan of Kalamazoo.

Nocis, Margo of Plainwell, and Robert of Plainwell.

Thompson, Barbara of Kalamazoo, and Eugene of Plainwell. One child to the mother.

# Court Denies Hoosier Second Appeal

By SCOTT WILLIAMSON  
Staff Writer

An Indiana man who won a resentencing after his first appeal to the Michigan Court of Appeals has been denied a second appeal by the same court.

The second degree murder conviction of Robert W. Hall, 28, of Michigan City, was one of three Berrien Circuit court convictions and subsequent prison terms recently affirmed by the state appellate court.

Hall, formerly of Buchanan, was originally sentenced in 1973 to 30 to 50 years in prison for second degree murder in New

Buffalo of John E. Blank III, son of a prominent Michigan City building contractor. The appellate court ordered a resentencing because Hall's previous convictions in other cases were held unconstitutional and cannot be considered factors in another sentencing.

He was resented by Judge

William S. White last year to 10 to 30 years in prison. Hall then appealed again. This time on a ruling by White, he was denied a motion for a new trial.

White held that new evidence was not sufficient for a jury to reach a different verdict on retrial. "We will not substitute our judgment for that of the

trial court," the appeals court opinion said.

Hall was charged with killing with a knife May 21, 1972, during a fight in New Buffalo. White at the time of resentencing said he reduced Hall's prison term because of Hall's good record while in prison.

The appellate court opinions

affirming the other convictions noted only that no error was found. Oscar Partee, 28, of Benton Harbor, was sentenced to 40 months to 5 years in prison in January, 1975, by Judge Julian E. Hughes for unlawfully

driving away an auto. Raymond Mars, 28, of Inkster, Mich., received a 3- to 15-year term from Hughes in 1974 for unlicensed robbery of cash from Friday's Super station in Coloma township.

## TODAY In History

By ASSOCIATED PRESS

Today is Friday, July 29, the 210th day of 1977. There are 155 days left in the year.

Today's highlight in history:

On this date in 1920, air mail service opened between New York and San Francisco.

On this date —

In 1729, Carolina became a royal province of England.

In 1883, the Italian dictator, Benito Mussolini, was born in Doria, Italy.

In 1914, a phone conversation between New York and San Francisco marked the beginning of transcontinental telephone service.

In 1940, in World War II, Germany's all-out air blitz against Britain began.

In 1938, Hawaii held its first election as a state and elected the first Oriental to be seated in the U.S. Congress.

In 1873, voters in Greece endorsed the decision by their leaders to abolish the Greek monarchy and install George Papadopoulos as president.

Ten years ago: A fire killed 134 American sailors aboard the U.S. aircraft carrier Forrestal off North Vietnam.

Five years ago: Heavy fighting continued at the Citadel, a major fortress in Quang Tri, South Vietnam, as South Vietnamese forces tried to recapture the city from the Communists.

One year ago: Syria and the Palestine Liberation Organization signed an agreement in an effort to end a civil war in Lebanon.

Today's birthdays: Writer Owen Lattimore is 77. Choreographer Paul Taylor is 47. Lawyer Melvin Belli is 70.

Thought for today: Life is like a B-picture. It is that corny. If I had my life story offered to me to film, I'd turn it down. Actor Kirk Douglas, born 1918.

**People You Know**

## 'INDIVIDUAL, NOT STATISTIC'

## Memorial Employees Honored

"You people have the reputation that Memorial hospital treats the patient as an individual and not as a statistic," Lester C. Tiscornia told Memorial employees Thursday at the annual service presentation.

Tiscornia is president of the St. Joseph Memorial Hospital association which has voted to

merge the non-profit corporation with the one that operates Benton Harbor Mercy hospital. The Mercy corporation voted approval last night.

"Do not look for any drastic changes in the operation of either hospital," Tiscornia told Memorial employees at the program in the hospital's Forum last night.

Robert A. Bradburn, Memorial administrator, reminded that medical care personnel are not the only ones who make a hospital work. He said a letter from a patient acknowledged the efforts of lab workers, cooks, technicians, housekeepers and others.

Thirty employees received full-time service awards and 20 were presented part-time service awards.

The following employees received full-time service awards:

Twenty-five years — Marjorie Stamm, chief physical therapist.

Twenty years — Donna Nason, nursing; Maggie Waterlander, medical records.

Fifteen years — Gladys Buckner, Rose Horton, Mary Veselik, all nursing; Margaret Radde, medical records; Lucille West, dietary.

Ten years — Mary Garland, Iva Gard, nursing; Ethel Gauden, Ocy Jefferson, Rosi Massey, housekeeping; Marlene Ciar, Suzanne Macholtz, fiscal; Patricia Darnell, laboratory.

Five years — Waltrud Buzenius, Nancy Delany, Patricia Lamore, Frances Young, Ernestine Matthews, Betty Riemland, nursing; Minnie Caldwell, housekeeping; Mildred King, laundry; Betty Gulesko, purchasing; Joyce Knapp, fiscal; Leo Mikosell, medical data review; Susan Uhrh, pharmacy; Vinita Daniel, dietary; Mary Jane

Hopf, purchasing.

The following employees received part-time service awards:

Twenty-five years — Evelyn Dutcher, nursing.

Twenty years — Allie Dickerson, Doreas Elson, nursing.

Ten years — Pearl Andrews, Hildegard Poppel, nursing;

Carol Adent, fiscal.

Five years — Jeanette Eaves, Yvonne Evans, Loislyne Jones, Sally Knuth, Nancy Kovach, Margo Lockwitz, Joyce Prillwitz, K.V. Ratnam, Helga Wahn, Linda Fisch, nursing; Ruth Bunz, coffee shop; Kathleen Weed, fiscal; Jacelyn Nye, laboratory; Cynthia Wilder, respiratory care.

## Trucker Is 16th Berrien Fatality

By JIM SHANAHAN  
City Editor

A Bollingbrook, Ill., truck driver became Berrien county's 16th traffic fatality of 1977 when he died Thursday morning at Mercy hospital of injuries sus-

## 16 Auto Deaths In Berrien County In 1977

tained in a traffic accident Saturday.

Berrien sheriff's officers said an autopsy showed Richard Cornwall, 39, died of multiple internal injuries.

Cornwall's truck went off I-94 in Benton township and struck the rear of a produce truck

truck that was being serviced. The impact forced the produce truck into the service truck.

Two other people were hospitalized as a result of the accident. Johnnie R. Beard, 35, of 2308 Butler drive, Benton township, was reported in fair condition today at Mercy hospital. Aleksandra Kedziora, 43, 51st avenue Lawrence, was released on Thursday.

Tadeusz Kedziora, 56, also 51st avenue, Lawrence, was treated and released from Mercy the day of the accident. Kedziora was the owner of the produce truck, and Beard a mechanic servicing it.

Twenty-one people had died in Berrien traffic accidents at the same time in 1976.

Cornwall's body was taken to Hillside, Ill., for services Saturday.

## Galien River Boat Speed Cut

NEW BUFFALO — The New Buffalo township board in a special session last night approved a modified watercraft speed limit for a portion of the Galien river channel.

The board approved a reduction from five miles per hour to a "slow, no-wake speed," from the New Buffalo city limits to Sloan lane, for all river channels within the township.

The board's action left unlimited the speed for wa-

tercraft from Sloan lane upstream to the Red Arrow bridge despite protests from five people attending the meeting that a "no wake" limit should be set for the entire river.

The township board's modification was based on a recommendation from the Michigan Department of Natural Resources which last month held a public hearing in the township on proposed river channel speed limits.

In other areas last night, the board approved a plan for a proposed, \$5 million, 41-home, 40-acre subdivision that would be located about two miles northeast of New Buffalo city along the Lake Michigan shoreline.

The request was made by Chester Guy of New Buffalo township. He is, along with his wife, the owner of Guyco Developers, Inc.

He told the board the new subdivision will be called Oak Grove Beach estates.

The board, in another area, rejected an offer by General Appraisal Co. of Cincinnati, Ohio, to reacquire property in the township at a cost of \$45,000.

Board members said any reacquisition would be done by the township assessor.

The board also voted to advertise for sale a 1952 pumper tank fire truck owned by the township and voted to amend the 1976-77 budget to reflect a \$13,677 balance at the end of the fiscal year rather than an \$18,000 balance previously shown.

The budget amendment was made at the recommendation of Township Treasurer Joann Fleck who said the higher balance was incorrect.

## Mate's Gift A \$114,000 Bonanza

DETROIT (AP) — When John Carls of Pontiac bought his usual quota of Michigan lottery tickets one week recently, he gave one to his wife and told her she could keep all the money she won.

Artiller Carls, 50, took him at his word and won top prize of \$114,000 in the weekly lottery drawing Thursday night.

Mrs. Carls, a cafeteria helper in the Jefferson Junior High School in Pontiac, said she would use some of her winnings to pay off the family mortgage and some back bills.

Carls, a relief operator at the Pontiac Motor Division in Pontiac, had bought lottery tickets every week, but the family never made a big hit until Mrs. Carls came through on the televised drawing.

She replaced Kim Otney, 18, a Jackson high school student, as defending champion and will defend her crown next week. Otney settled for \$112,000 he won last week.

Other winners Thursday included:

— Sue McColgan, Bethel Park, Pa., \$12,000.

— Anna Kiraly, Riverview, Mich., \$9,000.

— Postoffice 10 Lottery Club, Livonia, \$9,000.

— Jacqueline Vandyke, Grand Rapids, \$5,000.

— Harold Vogel, Clark Lake, \$5,000.

## After Seven Months....

OWOSSO (AP) — Public school teachers and the board of education have reached a tentative contract agreement after seven months of negotiations. The two-year pact, to replace one that expired June 30, was announced late Wednesday. The Owosso Education Association scheduled a ratification vote in two weeks. Details of the agreement were withheld until then. The 200 Owosso teachers went on strike four years ago, delaying the opening of school for 6,000 students for a week.

## Saugatuck OKs Millage Vote

SAUGATUCK — The Saugatuck school board last night voted to put a proposed, two-year, seven-tenths of a mill property tax levy on a special, Sept. 14 school election ballot.

Supt. Wayne Kreuger said

## Too Badly Beaten To Tell Story

The victim of an apparent beating, found wandering in Benton Harbor early this morning, was suffering from facial injuries so severe he could not talk to police, Benton township Patrolman Robert Polmanter reported.

Polmanter said a man identified as William Derbshire, 54

## TWIN CITIES AREA POLICE ROUNDUP

or 55, a resident of the House of David, East Britain avenue, Benton township, was transferred to Borgess hospital, Kalamazoo, after receiving emergency treatment at Mercy hospital. No word of Derbshire's condition was available from Borgess officials.

According to Polmanter, Derbshire was found at 12:25 a.m. near the intersection of Pipestone and Wold streets by Benton Harbor Patrolman Dale Easton.

Easton called township police after Derbshire drew a map indicating that he was assaulted on the east side of Fair avenue between East Main street and Highland avenue, Benton township, Polmanter said.

According to Polmanter, Derbshire was with a friend at 318 Territorial road until 11:30 p.m. Thursday when he started riding home on a bicycle.

Robbery may have been the motive behind the assault, Polmanter but reported, Derbshire was not carrying any money when the beating occurred.

A quarrel on Garfield avenue in which seven shots were fired resulted in the arrests of two men this morning, Benton Harbor police reported. No one was wounded.

Patrolmen Dale Easton and Lloyd Hughes said they seized a shotgun, a .38-caliber pistol and a sheath knife on the 100 block of Garfield at 1:14 a.m. after officers heard a shotgun blast followed by six other shots while investigating an unrelated complaint a block away.

The officers said John L. Lewis, 19, of 472 Vineyard, Benton Harbor, was booked at the Berrien county jail weapon charge after a man with a handgun allegedly threatened Lettie Jennings and James Hampton at the Juretha Liggins residence, 178 Garfield. Police said addresses for Hampton and Lettie Jennings were unavailable.

According to police, Free Courtney, 40, of 734 Columbus, Benton Harbor, was booked at the county jail on a charge of discharging a shotgun in the city, and released on \$100 bond.

Both men were arrested at 178 Garfield, officers said.

James McKinley, 27, of Chicago, told Benton Harbor police he was stabbed on the forehead and left hand by one of two men who approached him and demanded money Thursday morning. Patrolman Lloyd Hughes reported.

Hughes said McKinley was treated and released from Mercy hospital after an unidentified passerby found him on a city street about 5:30 a.m. Thursday. McKinley said he was cut with a butcher knife and the men took his wallet which contained no money.

McKinley said he didn't know where the stabbing occurred because he is unfamiliar with city streets and is vacationing in the area.

that if the millage is approved, there still would not be an increase in the district's overall tax levy because the board also voted last night to reduce its debt retirement levy by seven-tenths of a mill, from six mills to 5.3 mills.

He said the seven-tenths of a mill would be a building and site fund and would generate about for \$34,000 over the two years to help pay for needed repairs to the high school and elementary school buildings.

Under a state school aid program, he added, the school would be reimbursed by the state for the money it would lose in reducing the debt retirement levy.

In other areas, the superintendent announced that the school has been granted a \$184,000 federal public works grant to build a school district operations building.

The new structure will be located on school-owned land adjacent to the elementary school and will house administrative offices, Kreuger said.

The board also voted to retire eight teachers it had given preliminary layoff notices to earlier this year.

## OBITUARIES

## William Long

William Long, 61, formerly of Benton Harbor, died July 19 at Veterans Administration hospital, Phoenix, Ariz. He was born Feb. 28, 1916, in Mishawaka, Ind.

Surviving are his widow, Phyllis; a daughter, Marybeth; three sons, William, John and Robert, all of Phoenix and two grandsons.

Services were held at the Grimsbury Bethany Chapel, Phoenix. Cremation followed and burial was in Crystal Springs cemetery, Benton Harbor.

## Litaker Rites

BANGOR — Funeral services for Raymond C. Litaker, 76, of 1105 N. Center street, Bangor, who died Wednesday, will be held at 11 a.m. Saturday in the McKane funeral home, Bangor. Burial will be in Hopkin cemetery.

## Johnson Rites

BERRIEN SPRINGS — Masonic services for Lester H. Johnson, 61, of 109 N. Main street, Berrien Springs, who died Wednesday, will be held at 7:30 this evening in the Alfred funeral home, Berrien Springs. Burial will be in Rose Hill cemetery.

Mr. Johnson was a member of the Western Star Masonic Lodge, No. 38, F&AM.

## Albert Price

EAU CLAIRE — Albert Stanley Price, 77, of Route 2, Eau Claire, died at 4:30 p.m. Thursday in Berrien General hospital, Berrien Center. He was born Feb. 9, 1900, in Pipestone township.

Surviving are his widow, the former Marie Staley, to whom he was married on Aug. 16, 1918; two daughters, Mrs. Ewald (Reva) Stubbelt, Benton Harbor and Mrs. Robert (Frances) Muth, Watervliet; three sons, Stanley and George.

## Whitcomb Retiree To Head Creditors

(Continued From Page One)

taken on March 16.

The receiver's report to the court further revealed increases in occupancy levels in all four of the Centers. Since March 16, occupancy at Hillside Terrace, Ann Arbor, has increased from 90% to 100%; at Olds Manor, Grand Rapids, from 67% to 70%; at Whitlier Towers, Detroit, from 67% to 75%; and at Whitcomb Tower, St. Joseph,

from 65% to 70%, with gross revenues from the four centers approximately \$40,000 greater than those for March.

As of this week, Whitcomb Tower, newest of the facilities, has an occupancy level that is the highest in its history, with three new residents moving in during July and several more in prospect.

The attorney for Michigan Baptist Homes, Stewart Hertzberg, also reported that this favorable financial situation will make possible, subject to Judge Brady's approval, the resumption of interest payments to secured creditors. It is anticipated that such payments can be continued even with present levels of revenue and that as occupancy increases, more funds for debt service and retirement will be available.

The next court hearing has been scheduled for September 28, at which time additional reports and plans will be presented.

**NOMINATION BACKED**  
WASHINGTON (AP) — The Senate Judiciary Committee has favorably reported to the Senate President Carter's nomination of James K. Robinson, a Detroit lawyer, to be U.S. attorney for the eastern district of Michigan.

## Road Job Barred In Howard Twp.

By DENNIS COGSWELL  
Paw Paw Bureau

PAW PAW — Van Buren Circuit Court Judge Meyer Warshawsky has issued a temporary restraining order here preventing the Cass county road commission from cutting any trees or paying any roads in Cass county's Howard township.

The order had been sought by 71 township residents who live on Lake Shore drive, Beebe road, and Barron Lake road. They argued in a suit filed in Cass circuit court that some of the trees are 150 years old, and would be irreplaceable if removed.

Judge Warshawsky issued the order for the Cass circuit court where the case was filed because Judge James E. Hoff of Cass county is on vacation.

The suit claims that on Tuesday the road commission began

## Police Slay Man Armed With Gun

(Continued From Page One)

and Foster then arrived.

John again told Tisdell to put aside the shotgun, and Tisdell "moved the weapon briefly away from the officer, turned away from him, loaded it and turned back toward the officers." Foster and John then opened fire. Pulling did not fire his gun, John fired twice and Foster six times.

Reeves said Tisdell has "a lengthy traffic record," as well as arrests for drunk and disorderly and assault and battery. A strong-armed robbery arrest in 1966 showed no disposition, Reeves noted, as did forgery and uttering and publishing arrests in 1967 and an unlawful assembly arrest in South Haven in 1968.

Foster and John are both 30 years old. Foster is a six-year veteran with Berrien Springs-Oronoko township police, while John has served four years. John previously was a police officer in Benton Harbor. Poling, 44, is a six-year veteran with the Berrien Springs-Oronoko township department.

**SORRY, NO RAIN**  
CALAMA, Chile (AP) — No rain has ever been recorded here, Atacama desert.

## Road Job Barred In Howard Twp.

widening and resurfacing work on Huntly road, with intentions of later moving on to do similar work on the three streets on which the plaintiffs reside.

By widening the streets, the road commission would be taking the plaintiff's property without proper condemnation proceedings, the suit contends. The suit also said the tree removal is being done against the wishes of the Howard township board, which went on record July 7 as opposing the work.

A hearing on the matter has been scheduled for Sept. 23 in Cass circuit court.

## Child's Play Sparks 'Downed Plane' Hunt

LITCHFIELD, Mich. (AP) — A 10-plane Civil Air Patrol search for a downed aircraft turned out to be a false alarm, set accidentally by a child. A commercial airliner picked up a signal from an emergency homing beacon, usually set off automatically in a plane crash, Hillsdale County authorities said Thursday. Civil Air Patrol planes later narrowed the search to the home of Lannie Eichler, a private pilot from Litchfield. An embarrassed Eichler told police the homing device had been removed from his plane during an inspection and apparently was set off Wednesday night by one of his children who was playing with the gadget.

## WORKER CRUSHED

GIBBALTAR, Mich. (AP) — John Marcus, 51, was killed Thursday when he was crushed by a machine at a McLouth Steel Corp. plant. Police said Marcus was attempting to free a scrap box wedged in a roller and was crushed when the machine closed after the box was pulled loose.

## 'Accountability' Virtue Of Niles Charter

JAMES VOCUM  
Boards appointed

WILLIAM CLINGER  
Most businesslike

### Fifth Article Tells Claims Of Backers

Niles voters will be faced with a decision Aug. 2 on whether to approve a new charter for the city. The question is not new to voters here. On seven previous occasions, proposed new charters have been defeated. In this fifth in a series of six articles, proponents of the new charter say why they think the measure should be approved. At issue is a charter calling for a council-city manager form of government that would replace the current weak mayor-council form now in operation here.

By JOHN DYE  
South Berrien Bureau  
NILES — Accountability. That theme, accountability, is a common thread woven into most of the opinions of those favoring adoption of a new charter for the city of Niles.

The charter would make those who govern the city more accountable for their actions, advocates of the proposal claim.

Most of the over 20 boards now serving the city would be eliminated under the proposed charter. And, as charter opponents and proponents said in previous stories in this series, most of the policymaking power is within those boards.

Retained under the charter would be election of eight aldermen, a clerk and mayor. Added to the system would be a full-time, paid city manager.

Under the present system, responsibility for the city is at best "fractionalized," according to Niles Atty. Harold Klute, a charter advocate.

William Clinger, executive director of the Four Flags area (Niles) Chamber of Commerce, said businesses and industry now have no key person to contact when requesting city services. Firms wishing to expand operations here or locate new facilities in the city presently may have to deal with several boards and the city council, he said.

The council-manager form would streamline that process, making it "most businesslike...most effective in running the day-to-day operation of the city. Clinger claimed. He said the city manager could serve to provide answers on

questions about zoning, building codes and the availability of utility service, police and fire protection.

James Vocum, co-chairman of the Save Our City committee, a pro-charter group, said the new charter would make the city manager accountable for the daily administration of the city and answerable to the city council for his actions. The council, in turn, would be responsible for policy decisions, he said.

Under the present system, board members are not accountable to the public because they are not elected to their posts, but rather appointed, Vocum said. With passage of the charter, those unhappy with city policies could elect different aldermen, added the senior vice president and treasurer for First Federal Savings & Loan Assn., Niles.

Vocum, a member of the commission which drafted the proposed charter, said a city manager would be better prepared to make the city's side of issues known when dealing with state and federal agencies because he would be a trained professional.

With a full-time administrator serving the city, the tax-

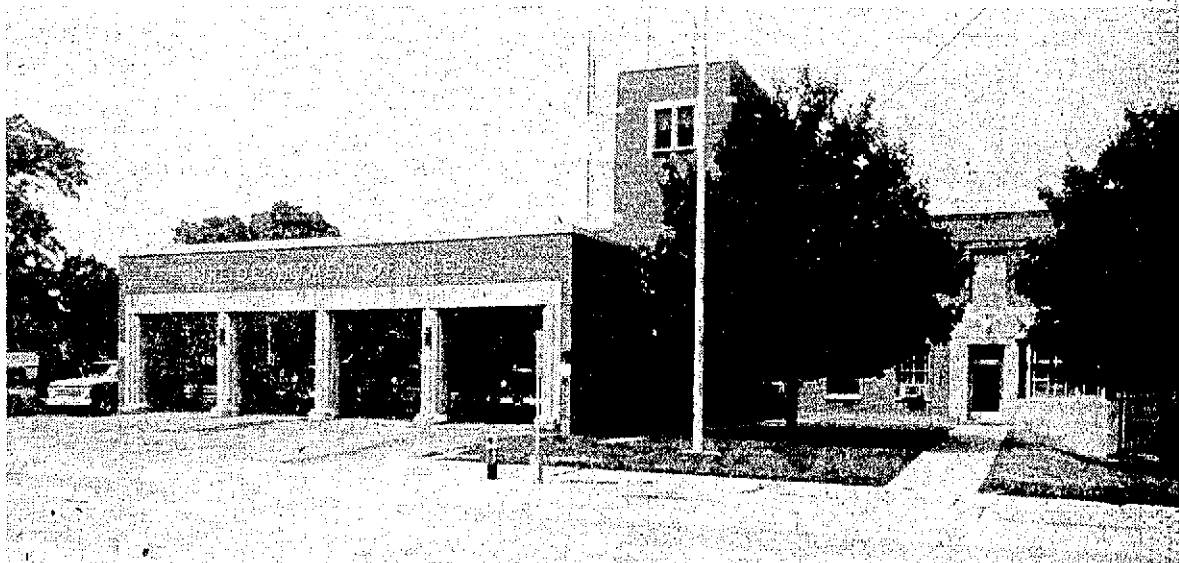

payer would get more for his tax dollar because the city would be run on a more effective basis, said Harry Miller, chairman of the charter commission. Clinger said he felt a city manager was a necessary "cog" in the future economic development of the city.

Miller also defended the commission's choice to eliminate partisan politics from the races for aldermen. Under the

charter, aldermen would be elected on a non-partisan basis.

"I don't know of a Republican way to sweep a street, or a Democratic way to put out a fire," he said. Miller said he felt a non-partisan race for aldermen might attract people to run for office who are shy of political labels.

TOMMOROW: A wrap up on the charter series.

CONTROL WOULD CHANGE: Control over operation of Niles' police and fire departments would change under proposed new charter for city. Under present system, board of public safety has

responsibility for departments. Under charter, board would be eliminated, with a city manager and city council assuming responsibility. (Staff photo)

## Auction At Van Buren Fair Nets \$55,048

By ALAN AREND  
Staff Writer

HARTFORD — Sales at the Van Buren youth fair auction here last night totaled \$55,048, an amount nearly \$4,000 less than last year's total of \$59,067.

A total of 197 animals were auctioned, nine more than last year. The average price paid per animal for the market hogs, lambs and steers was down

compared to last year, but still well above prices paid on the Chicago market.

The 74 steers auctioned netted \$30,394 which averages out to \$412 a head. Last year, 74 steers earned \$41,528, an average of \$562 a head.

A total of 76 hogs sold last night for \$11,065 or an average of \$145 each. In 1976, 83 hogs sold for \$12,575 or \$151 per head.

The 47 market lambs sold for \$3,989 or just under \$85 each. Last year, 52 sheep sold for \$3,554 for an average of \$111 each.

Auctioneer Calvin (Tink) Brown of Allegan sold market animals at the Chicago market yesterday were going for 40 to 41 cents a pound for steers, 44 cents a pound for hogs and 48 cents a pound for sheep.

The lowest prices paid per pound last night at the youth fair were 41 cents for steers, 52½ cents for hogs, and 55 cents for lambs. The overall average price per pound was much higher.

The grand champion steer shown by Kris Sill of Lawrence sold in F.W. Finnerman, president of Finnerman's John Deere Tractor Sales, Paw Paw and Centerville, for \$1,800 a pound. The price of the 1,115 pound animal came to \$2,007.

The grand champion hog handled by Paula Smart of Paw Paw sold for \$2 per pound to Randolph Gale, Gale Real Estate, Decatur. The price of the 220 pound hog totaled \$440.

The grand champion lamb shown by Mike Stuart, brother of Paula, garnered \$1,500 a pound and was purchased by Stone's Meat Packing Co., South Haven. Total price for the lamb was \$1,875.

The total paid attendance yesterday was 8,200 bringing the four-day total to 24,200.

Highlighting the activities today are country and western music shows scheduled for 7 and 9 p.m. and featuring Crystal Gayle.

Also on tap for today is the youth exhibitors pony show from 9 a.m. to 5 p.m.; youth exhibitors demonstration contests from 9 a.m. to 4 p.m.; and the obedience show, 1 p.m. The fair ends Saturday, with a

variety of horse competitions scheduled during the day and a demolition derby in the evening beginning at 8 p.m.

Buyers of reserve grand champion market animals last night were: Hartford Shopping Center which paid 80 cents a pound or \$928 for Bruce Dean's steer, Dean is of route 2, Schumcraft. Dorr Brothers Farm Machinery, Lawrence, paid \$2 a pound or \$120 for Angie Stamp's hog. Angie is from Decatur. Larr, Durbin of Dowagiac paid \$1.40 a pound for Allen Taylor's reserve champion lamb. Taylor, of Decatur, received \$147.

In judging held yesterday, two Lawrence sisters and a Bloomingdale girl won the top prizes in dairy cattle competition.

Nancy Van Horn, 18, daughter of Mr. and Mrs. Al Van Horn, route 1, Bloomingdale, had the grand champion in the Holstein division, and was named senior showman. Ken Spencer, Lawton, had the reserve grand champion.

Tina Stanard, 9, was named young showman and had the all breed grand champion with a red and white Holstein. Her sister, Judy, 14, had the reserve champion, and was named junior showman. They are the daughters of Mr. and Mrs. George Stanard, route 1, Lawrence.

Following are the dairy cattle results:

Holstein — Junior calf, Ken Spencer, Lawton; senior calf, Alice Rhodes, Paw Paw; junior yearling heifer, Nancy Van

Horn; cow under four, Nancy Van Horn; exhibitor's herd, Nancy Van Horn.

All breeds — Cow under four, Tina Stanard; dam and daughter, Nancy Van Horn; club herd, Bloomingdale Busy Spiders.

Results from Wednesday's goat judging were not available until yesterday afternoon. Tracy Greiffendorf, 11, daughter of Mr. and Mrs. Roger Greiffendorf, route 1, Bloomingdale, had the grand champion with a Toggenburg.

Showmanship winners included: Candy Kridler, Grand Junction, Senior Division II; Tina Abbott, Gobles, Senior Division I; Kim Jones, Junior; Lisa Mettler, young; and Dana Peters, Paw Paw, per wee.

FINAL REWARD: Kris Sill, 18, of Lawrence, exhibiting for last time at Van Buren county youth fair, received \$2,007 (\$1.80 a pound) for her grand champion market steer last night. With Kris is F.W. Finnerman, president of Finnerman's John Deere Tractor Sales, Paw Paw and Centerville, who purchased grand champ. Last night's auction of nearly 200 steers, hogs and lambs lasted six hours to midnight.

ALL-BREED CHAMPION: Red and white Holstein shown by Tina Stanard, 9, was named grand champion in all-breed division of dairy cattle Thursday at Van Buren Youth Fair. Tina was also named young showman. Her sister, Judy, had reserve grand champion and was selected as junior showman. They are daughters of Mr. and Mrs. George Stanard, route 1, Lawrence.

### Appeals Court Upholds Father In Spanking Case

By DENNIS COGSWELL  
Paw Paw Bureau

PAW PAW — The state Court of Appeals has upheld a ruling by a Van Buren circuit court judge denying a petition by a Kendall mother that she be granted custody of her son because the boy's father spanked him with a belt.

In its decision, the appeals court said there had been no abuse of discretion or clear legal error by Judge Meyer Warshawsky in the case.

According to court records, the mother, now Mrs. Jill Dwyer, and the boy's father, Byron Leddick, were divorced in July, 1974, and Leddick got

custody of the couple's two children, Jeffrey and Melissa. The Leddicks lived in Gobles when the divorce was granted. Leddick later moved to Mendon with the children. Mrs. Dwyer lives in Kendall about a mile east of Gobles.

Last October, Mrs. Dwyer filed a petition to gain custody of her son on grounds that in May, 1976, Leddick had spanked the boy for lying.

According to the appeals court, Judge Warshawsky found that while the father's belt spanking was an excessive punishment, it was used only as a last resort. The court said testimony also showed that the

father had done a "beautiful" job of raising the children, and that the spanking was not an instance of child abuse.

The appeals court noted that the legislature in drawing up the child custody act, has shown a clear preference for maintaining the stability of the child's home. The trial judge's order implements that intent, the court said.

BOMB ROCKS MILAN  
MILAN, Italy (AP) — A seven-pound dynamite bomb exploded early today at the entrance to the Swiss airline office in this north Italian city, police reported.

## Niles Township Recall Drive Over Top

By JOHN DYE  
South Berrien Bureau

NILES — The Niles Township Taxpayers association announced last night it had obtained more than enough signatures to force a recall election for all seven members of the township board. John Schoff, president of the group, said that with one exception, over 1200 signatures were obtained calling for the recalls. He added that 15 petitions, which could add as many as 300 signatures to each petition, were still in circulation.

The group said earlier that it needed 877 signatures to obtain an election on the recall effort. The group launched the drive after

claiming board members breached duties to "...guard the public interest of residents of Niles township by allowing financing and implementation of a new assessment in Niles township which will result in an unjustified increased tax burden."

The new property assessment has been underway for the last two years. Each petition also claims that board members have backed spending public funds on projects contrary to "publicly expressed will," and failed to respond in timely and complete fashion to questions posed by township residents. Targets of the recall drive, and the number of signatures Schoff said were obtained on the individual petitions were:

Supervisor John Bundy, 1,219; Clerk William Barthel, 1,223;

Treasurer M. Sherman Drew, 1,176; and trustees Bob Jones, 1,221; Charles Losensky, 1,223; James Stover, 1,212; and James Sullivan, 1,283. Schoff said the group plans to present the petitions to the township board at its regular meeting Monday night. The petitions must first be certified by the township clerk within 15 days. Schoff said, who added they would then go to the county clerk for recertification in another 15 days. He added he believed that if the necessary signatures were certified, a vote would be scheduled with 60 days of the recertification.

Schoff said about 75 township residents attended the meeting of the association last night.

# Stark Gives New Meaning To Am Pre-Qualifying

Thanks to John Stark, Monday's pre-qualifying for next week's Diamond Anniversary of the Western Amateur will take on new meaning.

Last year Stark became the first player in the history of the prestigious tournament to emerge from the pre-qualifying ranks and walk away with the championship.

Stark is back again to defend his crown along with a glittering field of amateur stars. That group includes 18 All-Americans, including eight of the nine first-teamers, seven members of the new U.S. Walker Cup along with the winners of every major amateur golf title in the country.

Pre-qualifying for the 75th renewal of the event, which will

start Wednesday at the Point O'Woods Golf & Country Club, will take place at three area sites Monday — Berrien Hills, Lake Michigan Golf Hills and Hampshire.

The field of 528 includes 40 exempt golfers who advance directly to Point play next Wednesday, included in that exempt list are southwestern Michigan players Doug Fischesser of Niles and Jim Lining of Dowagiac.

Seventy-two qualifiers will vie at Berrien Hills, including 37 area golfers. They are Mike Alexander, Coloma; Cory Benford, St. Joseph; Nels Bergmark, St. Joseph; Ken Brauer, Berrien Springs; Nap Chimick, Benton Harbor; Bill Conney, Sawyer; John Dick, Buchanan;

Steven Dank, St. Joseph; Jim Erickson, St. Joseph; Jay Franklin, Benton Harbor; Rick Friedman, Coloma; Eric Geronde, St. Joseph; John Gersonde, St. Joseph; David Hagemann, Dowagiac; Frank Hagemann, Dowagiac; Jeff Hand, Niles; Dave Haslett, Stevensville; Mike Heckathorn, Three Oaks; Hugh Heiermann, Buchanan and David Heyn, Bridgman.

Others include Gregg Jaeger, St. Joseph; Gerry Kretschman, Stevensville; Bruce Laine, Dowagiac; Joseph Marks, Lawton; Ev Martin, St. Joseph; Gary Owen, Bridgman; Keith Pengay, Coloma; Jim Peterson, Dowagiac; John Poyhonen, St. Joseph; Peter Reed, Stevensville; George Richter,

St. Joseph; Dan Robinson, Coloma; Randy Schwerdt, St. Joseph; John Sieber, Niles; P.J. Sittig, Three Oaks; Karl Smith, Bridgman and Chuck Tellam, Paw Paw.

There will be 168 pre-qualifiers at Lake Michigan Hills but only one — Steve Wells of Dowagiac — is from southwestern Michigan.

At Hampshire in Dowagiac, 131 golfers will go through pre-qualifying but none are from the area. Dan Weiskopf, brother of 1963 Western Am champ Tom Weiskopf, will attempt to make it again this year. Also at Hampshire is Pete Eddy of Dearborn. Eddy lost to Michigan Amateur champ Dan Pohl in the semifinals, 1-up over 21 holes.

This is the second straight year in which there have been three area pre-qualifying sites.

Stark, who defied all odds last year, won't have to go through pre-qualifying this time with his exemption. The guffy golfer from San Antonio, Texas, will be bidding to be the first to successfully defend his crown in 25 years as well as the first to win the title twice since Bob E. Smith did it a decade ago.

Two other former champions are also entered, but their appearance is considered a sentimental visit for the Diamond Anniversary. They are Billy Key (1958) and Art Hudnott (1962). Also entered is Don Voth, the 72-hole qualifying medalist in 1963, the first time the Western Amateur was held at Point

O'Woods.

The spotlight, however, should focus on members of the U.S. team named a week ago to meet the British team later this summer in the Walker Cup. Seven of the ten will tee off next week at the Point. They are Bill Sanders, Lundy Miller, Scott Simpson, John Fought, Gary Hallberg, Vance Heafner and Mike Brauman. Miller, Simpson and Hallberg are first-team All-Americans.

Other first-team All-Americans entered are Lee Mikes, Buddy Gardner, David Edwards, John Cook and Chip Beck.

Players entered who have captured many of the top titles in the Country are Sanders, U.S. Amateur; Hallberg, North &

South; Fought, Trans-Mississippi; Heafner, Eastern; Simpson, NCAA; and Miller, Southern.

Other current champions in the field include Jerry Vidovic, U.S. Public Links; Jeff Kern, Southwestern; Scott Luck, Northeast; Cook, Sunnehunka; Bobby Hoath, National Junior College; Rafael Marcan, Mexican Amateur; Jim Nelford, Canadian Amateur; and Pohl, Michigan Amateur.

Returning Sweet 16 players from 1976 include Stark, Simpson, Fought, Jim Joseph, Mark Bemowski, Fred Ridley and Buddy Alexander. Bob Ryman, who tied for 72-hole medalist honors in 1976 and won the trophy outright last summer,

won't be back as he turned pro last fall.

The rugged Western Amateur consists of 18 holes of qualifying medal play on Wednesday and Thursday and 36 holes of qualifying Friday. Match play starts Saturday morning with the Sweet Sixteen and the quarterfinals Saturday afternoon. The semifinals are Sunday morning and the finals Sunday afternoon.

The Amateur has become the most popular spectator attraction in the history of amateur golf since the present string of seven consecutive appearances at the Point started in 1971. Last summer the massive tournament drew an overall record crowd of 24,642, including 12,509 on Sunday.

## Orioles Fall

# New York Pitching Keys Title Hopes

From ASSOCIATED PRESS  
New York Yankees Manager Billy Martin still believes the role of his pitching staff will take added significance with each game as the race for the American League East Division title gets serious.

"I still think that my pitching will eventually overshadow Baltimore and Boston," said Martin after Mike Torrez tossed a four-hitter and beat the Baltimore Orioles 14-2 Thursday

for his first victory in more than a month. "If Torrez comes along like he should, it's going to be very important for us."

The victory left New York two games behind the Orioles with Boston one game back.

Thurman Munson, Graig Nettles and Roy White homered in the Yankees' highest-scoring game of the season.

Torrez pitched no-hit ball for five innings and Chris Chambliss and White each had three RBIs. Munson's homer was the 100th of his career.

In other American League games, Boston blanked Milwaukee 12-0, Seattle downed Minnesota 5-2, Texas shut out Toronto 3-0, Kansas City beat Cleveland 5-4 in 11 innings and Oakland downed California 6-4.

Rookie Mike Paxton, a 21-year-old right-hander called up from the minors on May 22, tossed a four-hitter in his second major league start. Jim Rice, Bernie Carbo, Hutch Robson and Denny Doyle backed Paxton with homers in Boston's victory.

Paxton, 4-2, struck out five and walked two.

Rice, the Red Sox' designated hitter, also doubled home a run in Boston's six-run third inning before leading off the fifth with his league-leading 27th homer of the season.

Run-scoring singles by Bill Stein in the first and eighth innings, and first-inning triples by Dave Collins and Lee Stanton powered the Mariners past Minnesota.

Gary Wheeler, 6-6, got the

win with relief help from Bill Laxton and John Montague. Montague saw his league record-tying string of 33 retired batters end in the eighth when he walked Craig Kusick. Geoff Zahn, 9-8, who lasted just two innings, took the loss.

Gaylord Perry, 9-8, pitched an 11-hit shutout to hand Toronto its seventh-loss in a row — its longest losing streak of the season. Perry struck out eight in extending Texas' winning streak to six.

Jerry Garvin, 7-11, took the loss despite pitching a four-hitter.

Joe Laland's 11th-inning single scored Tom Poquette with the winning run and Doug Bird, 8-1, notched his 12th straight victory in relief for Kansas City. Bird, who got the win against Cleveland Wednesday night, has not lost in relief since Aug. 15, 1975.

Oakland rookie Mitchell Page drove in two runs and stole his 25th consecutive base to tie a league record in the A's' victory. Oakland scored one run in each of the first three innings, then added three in the fourth.

Page singled to drive in a run in the third and drove in another on an infield out in the fourth. Oakland starter Joe Coleman, 2-1, had a one-hit shutout until the sixth, when California scored its runs.

Dave Ghisli, relieving Coleman, gave up a run-scoring single to Bobby Bonds and a three-run homer in Tony Solari.

in.

## Sports Capsules

**TENNIS**  
LOUISVILLE, Ky. — Hans Gildemeister of Chile unleashed a flurry of passing shots and upset fourth-seeded Wojtek Fibak of Poland 6-2, 7-6 in a second-round match in the \$25,000 Louisville International Tennis Classic.

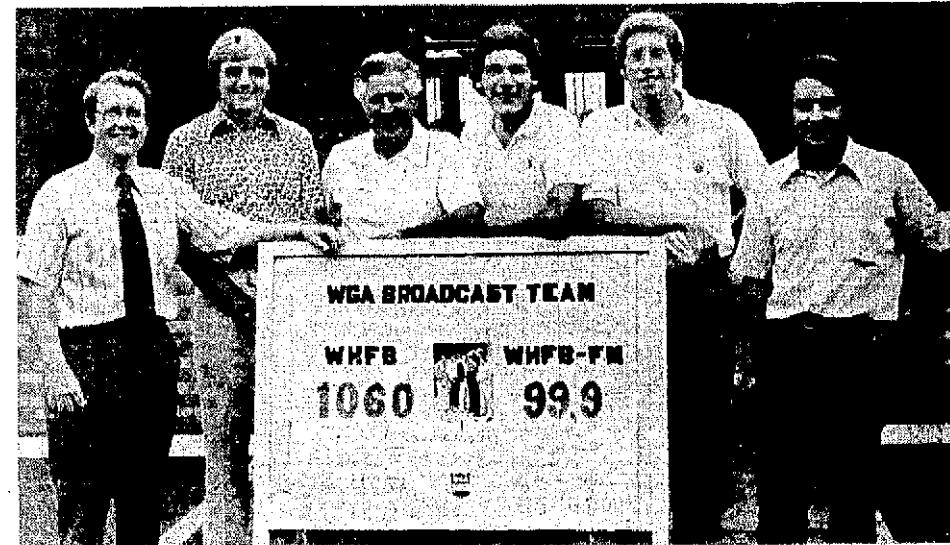

**GENERAL**  
BALTIMORE — Eddie Block, trainer of the National Football League Baltimore Colts, was reported in critical condition following a heart attack suffered at the team's training camp.

## SOFTBALL

**ST. JOSEPH**  
ELKS CUB LEAGUE — Bill Downey slammed a home run and a triple and Steve Neumann and Carl Van Koenig belted homers as the Colts beat the Waves 16-10. Mike Mathis added two hits for the winners. Dave Atkins had four hits and Rick Ray slammed a home run for the losers.

Scott Plangger, Blair Carlson, Bill Peterson and Jim Bush each homered to lead the Bears to 14-6 win over the Rams. The win was the 15th without a loss for the Bears and clinched the league championship for them. Greg Pulitis homered for the losers.

Bill Davis homered and Mike Hahn, Dave Esilo and Mike Esilo each added four hits as the Panthers got by the Seals 15-10.

WHFB GOLF TEAM: WHFB-AM and FM will again be broadcasting the Western Amateur at the Point O'Woods Country Club. On the team are Kent Slocum, WHFB director of operations; Jerry Kulig, Point as-

sistant pro; Sam Drake, head pro; Chuck Campbell, WHFB sports director; Will Frantz, assistant pro and Milo Masura, WHFB chief engineer. (Staff photo)

## Book Helps Philly Leader Diehl

PHILADELPHIA (AP) — Terry Diehl has the first-round lead in the \$200,000 Philadelphia Golf Classic, a secret notebook that helped him get there and no intention of revealing his methods.

The notebook contains the wit and wisdom of Ken Venturi, a former U.S. Open champion and now a television commentator.

"He's a tremendous guy, and he's made a world of difference in my game," Diehl said after his six-under-par 65 gave him a one-stroke edge in Thursday's opening round of the chase for a \$40,000 first prize.

"I'm a much better overall player" since working with Venturi, said Diehl, "but he made me vow not to tell anyone" precisely the nature of the help.

"I think he's been plagiarized a couple of times," Diehl said. "If you want to know what it's all about, ask Venturi."

The instructions, however, are scribbled in the little notebook the 27-year-old Diehl

studies from time to time.

"I worked with him several days down in Florida," said Diehl, whose only victory came in his rookie season of 1974. "The first day, I made notes of

55 items. The second day 27. The third, about a dozen. I kept adding to it."

Diehl, who lost a playoff for this title a year ago, said he sought help from Venturi early

this season. "My career was in a valley," he explained.

Since then, he said, "I haven't missed a cut since Doral (in March) and that's pretty good for me. I've played very steadily, very solidly."

Danny Edwards and Bill Rogers were at 67 and the group at 68 included Don Pooley, Rod Carl, Mike Hill, Bob Gilder and Ray Floyd, a two-time winner this season.

Hubert Green, the current U.S. Open champion, matched par 71 in the mild, sunny, breezy weather, but Ben Crenshaw's problems continued.

He withdrew after an 81, his third consecutive round in the 80s.

## Putts & Pars

**PISTON CREEK**  
ST. JOE ELKS — Bob Knipf shot par 34 to take top honors. John Kach III was second at 35 and Dick Hoke, Bruce Qualls, Paul Klann, Ed Ellsworth, Pinky Schaefer and Ray Hund all tied at 36.

**WEDNESDAY LADIES** — Polly Neibauer had the low gross score of 43 while Rosemary Raynes was second at 42. Low net went to Eunice Rodde with a 35 and Polly Neibauer had low putts of 13.

**WYNDWICK**  
THURSDAY SWINGERS — Carolyn Truitt had low gross, Carol Humbert low net and Senia Vance putts.

**PERLEWOOD**  
TUESDAY LADIES — Dorothy Prieler shot a 46 on the front nine for low score honors. Donna Leutinger followed with a 47 and Lucy Ott, Lynn Jackson and Annette Lucker all tied at 48. Gerlie Childs led off at 49 on the back side. Sis Heyn was second at 44 and Milla Farris and Carol Arent tied at 45. Pat Brown had low putts of 11.

**LAKE MICHIGAN HILLS**  
WEDNESDAY NIGHT LADIES — Wilma Brown, Gail Wells and Marge Hein had low gross. Linnia Cochran and Gail Wells tied for low net and Marge Hein had low putts.

## Bowling

**LAKE SHORE LANES**  
COOK COUPLES — Men: George Campbell 412 (234), Max Yuzell 333, Ron Siler 305, Wayne Carle 210 and Ed Solly 191. Women: Carol Ertland 425 (181), Sallie: Ron Siler 317-6, Ned Wollstein 310-6. Solly 310-6-10, Bill Lantz 27.

## Plangger's Falls Twice

Plangger's hitting slump continued Thursday night.

Getting just two runs and nine hits, Plangger's dropped a doubleheader to Vandenberg's of Kalamazoo at Plangger's Park. Vandenberg's won the first game 2-1 and the nightcap 3-1.

Plangger's, now 43-24 on the year, has lost eight of its last nine games.

Rick Plangger was the loser in the first game, despite pitching a five-hitter himself. Newcomer Red Dewey led the second contest.

Jeff Weaver had two hits in the opener for the losers and Rick Davis collected three in the nightcap.

Plangger's will host Aurora, Ill. in a pair of doubleheaders over the weekend. Saturday's twin bill begins at 7:30 p.m. with Sunday's at 1:30 p.m.

## Atkinson Refuses To Change Style

SANTA ROSA, Calif. (AP) — George Atkinson, who says he's aggressive but not criminal, doesn't plan to change his style of play just because he lost his slander suit against Chuck Noll and the Pittsburgh Steelers.

"I'll go on being an aggressive player, the type of player I've always been," the veteran defensive back says. "That's how I've lasted 10 years in this league, by being aggressive."

Atkinson was the loser in the two-week trial of his \$2 million slander suit when a federal court jury returned a verdict for the Steelers and Noll, their coach since 1969.

Atkinson filed suit after Noll linked him to a "criminal element" in professional football and said Atkinson tried to maim Steeler receiver Lynn Swann when he clubbed him with a forearm during an Oakland-Pittsburgh game last September.

After the trial, Steelers attorney James Martin MacInnis said the verdict might give Atkinson "an indication of how

he should play. It may in the end make him a better and more glorious player."

"I don't think the court case had anything to do with making me a better player," Atkinson said at the Raiders training camp here. "I think I'm a good player now and most people around the league will agree with that."

Although some comments from the Steelers indicated they felt the verdict should be construed as a repudiation of excessive violence in football, Atkinson said that is not something that can be decided in court.

Atkinson, although obviously disappointed at losing his case, doesn't dwell on it. There isn't time as the Raiders prepare to defend their Super Bowl championship.

"That's all over. I went through the normal procedures for a suit, I lost it and that's behind me," he said. "I'm concentrating now on getting ready for the season and trying to help the team."

## BEETLE BAILEY

WELL, JULIUS, WHAT DO THE MEN SAY ABOUT ME THESE DAYS?

I'VE HEARD NOTHING BUT NICE THINGS ABOUT YOU, SIR

NO KIDDING? I WONDER WHY THEY'RE SUPPLYING SAYING NICE THINGS ABOUT ME?

I THINK THE WORD'S OUT THAT I'M A TATTLETALE, SIR

## BUGS BUNNY

I HEAR A NOISE DOWNSTAIRS! GO SEE IF IT'S A BURGLAR!

KUNK ZUNK

GULP!

WELL, WHAT DO YOU WANT?

WOULD YA MIND HOLDIN' DOWN TH' NOISE? WE'RE TRYIN' T'SLEEP!

## MICKEY MOUSE

WHAT'S THE IDEA OF SHOWING UP ONLY HALF AN HOUR LATE?

## BLONDIE

THIS IS MY PROTEGE

HE JUST GOT OUT OF BARBER COLLEGE

DID YOU GRADUATE?

AT THE HEAD OF MY CLASS!

## NANCY

DRUG STORE

HERE'S YOUR MEDICINE

WHEN YOU'RE GOING TO TAKE SOME, IT'S ALREADY WELL SHAKEN

## WINTHROP

WHAT DID THE MARTIAN SAY TO THE MAMMA DOGS?

TAKE ME TO YOUR LITTER!

## REX MORGAN, M.D.

ARE YOU SAYING THAT YOU'D LIKE OUR RELATIONSHIP TO BE MORE THAN... WHAT'S THE WORD?... PLATONIC, HENRY?

FRANKLY... YES!

WHEN DORA... PASSED AWAY... I FELT CERTAIN I WOULD NEVER FIND ANOTHER WOMAN WITH WHOM I WANTED TO SHARE MY LIFE!

MEETING YOU HAS CHANGED THAT, RUTH!

AND I HOPE... AS WE COME TO KNOW EACH OTHER BETTER... THAT YOU WILL COME TO HAVE SIMILAR THOUGHTS ABOUT ME!

## MARY WORTH

SHERIFF'S DEPUTIES HAVE JASE SURROUNDED IN A MOTEL! THEY THINK HE'S SICK BUT WON'T GIVE HIMSELF UP! WE'VE GOT TO HELP HIM...

GET IN THE CAR WITH ME!

BRAVEY EGGHEAD!

DID THE BULLETIN SAY WHERE THE MOTEL IS?

YES... ON HIGHWAY 61... JUST SOUTH OF TOWN!

## JUDGE PARKER

GOOD EVENING, MR. LAVENDAR! IT'S JENNINGS! ANYTHING NEW?

THANK YOU, MR. JENNINGS! ANYTHING NEW?

THERE ARE SEVERAL MESSAGES FOR YOU IN THE LIBRARY! ALSO, A WOMAN HAS PHONED SOME FIVE TIMES SINCE FOUR O'CLOCK... BUT SHE WOULDN'T LEAVE HER NAME!

## They'll Do It Every Time

BULLISTER LEAVES THE PICNIC GLEN A MESS...

AW, THE HECK WITH IT! WE GOTTA GET HOME!

SHOULDN'T WE CLEAN UP?

PLEASE DO NOT LITTER

SO WHO DOES HE BLAME NEXT TIME?

TSK-TSK! ISN'T IT AWFUL THAT PEOPLE SPOIL THINGS FOR OTHERS? SAD! NO CONSIDERATION!

## PEANUTS

\*SIGH\*

IT'S A GOOD FEELING KNOWING THERE'S A WATCHDOG OUTSIDE

ESPECIALLY WHEN YOU KNOW HE'S ROUGH AND TOUGH...

THIS IS THE FIRST NEEDLEPOINT I'VE TRIED WITH PICTURES OF BUNNIES...

## NEWS OF MARKETS

Stocks  
Still  
Sliding

NEW YORK (AP) — The stock market was broadly lower today, continuing the week's downward trend.

The Dow Jones average of 30 industrial stocks fell more than 2 1/2 points in the early going. Losers outnumbered gainers by 2-1 among New York Stock Exchange-listed issues.

Brokers were watching how the market would respond to several negative factors, including an increased U.S. merchandise trade deficit in the second quarter, concern about a possible tightening in credit conditions by the Federal Reserve and this morning's adverse report on the index of leading economic indicators.

The index, which is designed to detect future economic trends, fell 0.8 per cent in June. It was the second straight month in which the index declined.

Steel issues continued their recent slump, with U.S. Steel down 1/4 to 34 3/4 and Republic Steel off 1/4 to 24 1/2.

On Thursday, the Dow Jones industrial average rose 1.56 to 889.99, reversing a 35-point slide over the three preceding sessions.

But losers outnumbered gainers by about a 4-3 margin on the NYSE.

Big Board volume came to 25.34 million shares, against 26.44 million on Thursday.

The NYSE's composite index edged up .05 to 54.13.

On the American Stock Exchange, the market value index slipped .09 to 120.80.

Former Restaurant  
Operators Charged

The former operators of the Red Feather restaurant in Lincoln township were arraigned in Berrien Fifth District court yesterday on two charges each of embezzling insufficient funds checks from the business over \$50.

Demanding preliminary examinations on the charges were Edward Modigliani, 34, and his wife Diana, 31, both of 200 North George avenue, Berrien Springs.

They were released on \$2,000 personal recognizance bonds set by Judge Ronald J. Taylor.

The charges involve a \$84.99 check cashed May 25 and a \$138.40 check cashed May 31 at Farmer Friday's market, Coloma township, according to Det. Jerry Clark of the Benton Harbor state police post.

The checks were payroll checks made out to Mrs.

Modigliani and were allegedly signed by Modigliani and endorsed by Mrs. Modigliani.

Both husband and wife were charged because the checks were written on a business account they opened jointly at the F & M bank, Clark said.

The account was for the former Red Feather restaurant, 4023 South Red Arrow highway, Lincoln township, Clark said.

The Modiglianis were operators of the business until recently, Clark said. They were arrested yesterday after they voluntarily surrendered at the state police post.

Memorial  
Hospital

St. Joseph — Mrs. Clara F. Carlson, 222 North Sunnyside road, Mrs. Arnold G. Danek, 1024 Morrison avenue, Mrs. Larry D. Marshall, 1006 Vinewood, Myrtle M. Peyton, 542 Archer avenue.

Oshtemo — William Harrington; Scott Zantner.

Pittman — Nancy C. Banks.

Executives  
Wary Of  
Detroit

DETROIT (AP) — The image of Detroit as "murder city" is making it necessary to offer executives pay increases of up to 35 per cent to move to this area, executive recruiters report.

"Companies here offer in excess of prevailing salaries to get people to come, but they won't. It's fear — fear whether their families will be safe while they're at work," said Kathy Fontaine, head of a personnel recruiting firm based on suburban Southfield.

Another official of a similar firm based in the same suburb, Jack Weston, said, "The national image of Detroit is that you're going to get shot if you go out onto the street."

Police reported recently that murder in the city of Detroit was down 28 per cent from last year to the lowest level in seven years.

Recruiters say there are severe shortages in middle-range executives in marketing, production, engineering and data processing in jobs paying from \$15,000 to \$30,000 a year.

Weston said a supervisor who might make \$18,000 elsewhere would be offered \$22,000, a 22 per cent increase, in Detroit.

Other recruiters mentioned salaries 35 per cent above the national average for certain executive jobs.

The big auto manufacturers and their suppliers, however, report little trouble filling all but the most specialized technical slots, possibly because they tend to promote from within their companies.

Some recruiters say unease is overcome by a visit to the area.

"If you get people to come and explain it to them, you convince them," said Fred Bawalski, manager of still another Southfield recruiting firm.

Waterchiet  
Hospital

ADMISSIONS  
WATERCHIET — Patients admitted to Community hospital during the past 24 hours include:

Waterchiet — Daniel Williams, Jr., route 2, Box 332.

Coloma — Brian Scott, 6076 Ontario.

Decatur — Mrs. Lavada McFarlan, route 2, Box 91-A.

Hartford — Joanne Johnson, route 1, Box 140; Mrs. Vera Madro, 16 Michigan; Ricky Rhodes, 60 Railroad street.

Kalamazoo — Mrs. William McKay, 2939 McKinley.

South Haven — James Harrison, 833 Lee.

SWEET CORN: dozen, \$0.50. Receipts: 1,193.

BEANS: bu, round green, \$7. Receipts: 30.

CABBAGE: bu, green, \$3. Receipts: 20.

PEPPERS: bu baskets, large, \$10, medium, \$8-\$9, mostly \$9, small, \$7.50; bu cartons, \$8-\$8.50. Receipts: 207.

DILL WEED: dozen bunches, \$3.50-\$4. Receipts: 5.

GLADIOLUS: cans, \$7.50. Receipts: 101.

A total of 13,804 packages was reported on the market yesterday. Twenty-seven day buyers and 300 grower loads were also recorded.

South Haven  
Hospital

SOUTH HAVEN — Patients admitted to South Haven Community hospital yesterday included Donald Decker, South Haven; Mrs. Evelyn Gann, Mrs. Eugene Selek, Mrs. Julia Wack, Bangor; Miss Paula Sorenson, Mrs. Joseph Wooding, Grand Junction; James Watson, Carver.

## BIRTHS

A girl weighing 6 pounds, 15 1/2 ounces, was born to Mr. and Mrs. David Burrows of South Haven at 6:44 p.m., Wednesday.

A girl weighing 7 pounds, 1 ounce, was born to Mr. and Mrs. Joseph Wooding at Grand Junction at 3:07 a.m., yesterday.

Berrien  
General

ADMISSIONS  
BERRIEN CENTER — Patients admitted to Berrien General hospital during the past 24 hours include:

Benton Harbor — Corbett Jones, 970 Superior.

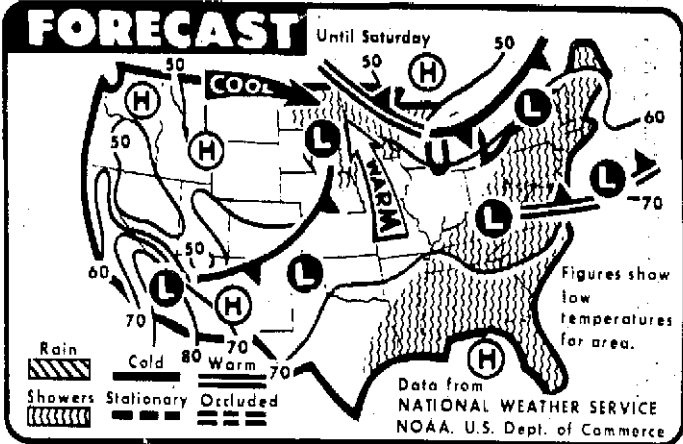

Dowagiac — Mrs. Marion Stambaugh, route 6, Box 59.

Niles — Mrs. Debra O'Konski, 525 Broadway.

## BIRTHS

Buchanan — A girl weighing 7 pounds 2 ounces, was born at 2:17 p.m. Thursday to Mr. and Mrs. David Coultas, 301 Clark.

Coloma — A boy weighing 8 pounds 1 ounce, was born at 7:39 a.m. Thursday to Mr. and Mrs. Don Winnett, North Branch road.

TODAY'S WEATHER MAP: Showers are forecast Friday from the Gulf coast to New England. Showers are also expected from the Dakotas to the upper Great Lakes. Cool weather is expected in northern states and warmer weather in the Midwest. Warm to hot weather is expected for most southern states. (AP Wirephoto Map)

Concrete Firm's  
Net Income Up

BERRIEN SPRINGS — National Mobile Concrete Corp., here, has announced net income from the first quarter ended June 30, of \$187,880 compared to a net income loss of \$77,548 for the comparable period a year ago. A corporation release said the net income equaled 34 cents a share compared to a net loss of 14 cents a share for the same quarter last year. Total revenue from continuing operations for the quarter amounted to \$2.4 million this year, compared to \$1.55 million a year ago.

Franklin C. Hageman, president and chief executive officer, said concrete operations have improved significantly as production has continued strong at the company's Perry, Ohio, project. The strong performance was supplemented with good production at its Grand Gulf, Miss., and Cedar Rapids, Iowa, projects, he said. National Mobile Concrete is an on-site producer of concrete for nuclear and non-nuclear power electric generating plants and large industrial complexes.

Weldun Adds Pair  
To Bridgman Staff

MICHAEL WOOD

GAYLORD ROCHEFORT

BRIDGMAN — Michael W. Wood and Gaylord D. Rochefort have joined the staff of Weldun International, Bridgman, according to the company. Wood will hold the title of project engineer, and Rochefort will be foreman of the shipping and receiving department. Wood will be responsible for design concepts and determining methods used to do a particular job. Rochefort will be responsible for all shipping and receiving functions.

Wood and his wife, Katie, have one son and live in Stevensville. Rochefort and his wife, Mary, have two sons and reside in Bridgman. Weldun designs and builds special machines and test stands for a variety of uses.

Bus, Truck Pacts  
A Boost For AMC

DETROIT (AP) — Financially ailing American Motors Corp. will get a revenue shot in the arm in the form of two major contract awards totaling more than \$265 million to its truck and bus subsidiary, AM General Corp.

The U.S. Army has awarded AM General a three-year \$252.7 million contract — the largest in AM's history — for 5,507 trucks and tractors, the firm announced Thursday.

Under the contract, according to AM General officials, the Army could increase the order to more than 8,000 vehicles for a total worth of more than \$400 million. The order includes dump trucks, bituminous distributors, mobile concrete mixers and a variety of light and heavy tractors.

Production is set to begin in 1978 at the firm's South Bend, Ind., truck plant, according to AM General President Cruise W.

# Written Record Filed In Retrial

By PAULA HOLMES  
Special Correspondent

**CHARLEVOIX** — The testimony of the main investigator in the slaying of Janet Uland was read into the record yesterday during the retrial of David Jordan Parnell. The testimony was that of Det. Sgt. Robert Johnson, of the state police, who was a key witness for the prosecution during the first trial in 1972. Johnston died after the first trial. His former superior officer, Det. Sgt. Ronald Schwaninger, who retired two years ago, did take the stand and answer questions pertaining to the investigation.

Parnell, 29, is being retried on a charge of second degree murder in connection with the 1971 slaying of

Miss Uland, 20, of St. Joseph. Parnell was convicted in the first trial, sentenced to life in prison, then won a retrial when the state court of appeals overturned the conviction. Berrien Circuit Judge William S. White granted a change of venue to Charlevoix county. Berrien Chief Assistant Prosecutor Jeffrey Long said that although five years have passed since the first trial, "most of the witnesses have had very good recall. They've all had a chance to review their original testimony if they wanted to."

Items that were collected during the investigation but which were not used as evidence in the first trial have been returned to the owners and either destroyed or lost, Long noted. One such article was a diary belonging to Miss Uland. Defense Atty. Roman

Plaszczak sought to use the diary as evidence in the latest trial, but it was destroyed by Mrs. Daniel Uland. Janet's mother, when it was returned to her after the first trial.

Questions about the diary were entered into the record yesterday by Plaszczak. Other witnesses testifying Thursday included Darlene Ovik, a close friend of Miss Uland's; Paul Retz, the victim's fiancé, and Michael Weller, general manager of Bartz Pontiac in Benton Harbor, where Parnell worked.

Today's testimony will include expert witnesses from the state police crime laboratory. The prosecution said Monday's testimony will include more expert witnesses, including a pathologist from Ann Arbor.

power from a base cost, included in previously approved rate levels.

A public hearing will be held on August 10, 1977, at 1:30 P.M. in the offices of the Commission, 6545 Mercantile Way, Lansing, Michigan, to consider inclusion of a proposed purchased and net interchange power adjustment charge of 4.01 mills per kilowatt-hour to be applied to bills to Indiana & Michigan Electric Company customers rendered in the September, 1977 billing period.

The hearing shall be for the purpose of determining the amount of purchased and net interchange power expense for the calendar month of June, 1977 and the reasons therefor. Details of the calculation of the proposed adjustment will be presented along with a summary of net system kilowatt-hour requirements including details of the various types of purchased and interchanged power transactions and circumstances necessitating any outages of installed capacity for a period exceeding ninety (90) days. This information will be available on and after July 29, 1977 at the offices of the Commission Secretary, 6545 Mercantile Way, Lansing, Michigan 48910 and at the Division offices of the Indiana & Michigan Electric Company, 175 West Main Street, Benton Harbor, Michigan 49022.

The Michigan Public Service Commission may either grant or deny the requested adjustment, in whole or in part, and may grant a lesser or greater adjustment than that requested. Interested parties may intervene by placing an appearance on the record at the hearing.

Jurisdiction in this matter is pursuant to Sections 1, 2, 6, 7 and 8 of 1909 PA 106, as amended, MCLA 460.51 et seq.; 1909 PA 300, as amended, MCLA 462.2 et seq.; Sections 3 and 4 of 1919 PA 418, as amended, MCLA 460.51 et seq.; Sections 4, 6 and 8a of 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 308, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1951 Administrative Code, Supplement No. 54, 1940.11 et seq.

H.P. Adv.

Absentee Ballots are available for Aug. 16th Special Election: Absentee Ballots for the Aug. 16th Special Referendum Election can be obtained until 2:00 P.M. Aug. 13th from the Benton Township Clerk's Office 1725 Territorial.

According to Clerk Larry Trail, Township residents who will be unable to go to the polls Aug. 16th can obtain the absentee ballots by telephoning the business office for application or filling out an application at the office.

The absentee ballots will be counted as long as they arrive in the Township office before 8:00 P.M. Aug. 16th, the day of the election.

Any questions you may have in regards to the election may be answered by calling the Township Clerk's office, 925-0616.

Clerk Larry Trail or Deputy Clerk Vernola Bell will be in the office from 8:30 A.M. until 5:00 P.M. Monday thru Friday and from 8:00 A.M. until 2:00 P.M. Sat. Aug. 13th.

Larry Trail

## Chessie's Ailing Iron Horse Back On Track For Chicago

The Chessie Steam Special locomotive was scheduled to roll through southwestern Michigan today and Sunday after being repaired for a thrown rod that forced the engine off the road last weekend. On today's run the steam locomotive was to pull freight cars from Grand Rapids to Chicago where it will pick up passenger cars for a round trip Sunday from Chicago to Hartford.

Capt. A.L. Lawrence, of Chessie System security, said the steam engine was scheduled to leave Grand Rapids at 10:30 a.m. today and stop in Hartford about 12:15 p.m. to take on water. Sunday's schedule calls for the 20-car passenger train to leave Chicago at 8:30 a.m., Chicago time, and arrive in Hartford at 2:50 p.m., Michigan time. It will then return to Chicago. M.R. Dollinger of Chessie's Cleveland office said passengers may board the train in Hartford if it is not sold out in Chicago. Fares from Hartford to Chicago would be \$20 for adults and \$18 for children.

## Van Buren Trial Going To Jury

By DENNIS COGSWELL  
Paw Paw Bureau

**PAW PAW** — The Lee Rogers Newman Jr. murder trial in Van Buren circuit court was scheduled to go to the jury late today after some three weeks of testimony.

The trial was recessed much of yesterday while Prosecutor Ward S. Hamlin, Jr., and defense Atty. Kelly Page met with Judge Meyer Warshawsky to discuss jury instructions.

Newman, 26, 457 LaGrange, South Haven, is charged with murder in the Feb. 24 shooting death of Denise Lee Perry, 17, South Haven, and assault with intent to commit murder against Obie Franklin, 29, South Haven, who was wounded in the same incident.

The prosecution has claimed that a bullet from a 30.06 rifle fired outside a house at 401 Cable street, South Haven, by Newman in an attempt to kill Franklin, passed through the wall of the house, killing Miss Perry, who was inside.

The two attorneys were scheduled to make their closing arguments this morning, with Judge Warshawsky expected to give the instructions to the jury of 10 whites and two blacks in the afternoon. Newman is black. Newman yesterday finished the testimony he had started Wednesday by clarifying a statement he had made to police. He said his statement was not, "I shot the man," but rather, "Obie rushed me man, I had to shoot."

Newman has admitted firing three shots at the scene, but said he was not sure if he hit anyone.

**SURVIVES BLAST:** Frank Filbert, 38, of Riverside, Ala., rests in Birmingham, Ala. hospital after lightning struck near him setting off 200 pounds of explosives and burying him under tons of dirt and debris. Now that his ordeal is over, Gilbert says he would like to return to work. (AP Wirephoto)

## Heroin Verdict

**DETROIT (AP)** — Two Detroit men have been convicted of heroin trafficking charges in a three-year-old trial involving similar charges against two policemen. A Recorder's Court jury Wednesday convicted Charles Blount, 33, and Milton Missouri, 29, of conspiring to deliver heroin. Both face maximum 20-year sentences.

## Letter Blitz Is Fennville Topic

**FENNVILLE** — Some 85 Fennville school district residents met at the high school here last night to discuss strategy in opposing the proposed transfer of the Pullman area from the Bloomingdale to Fennville school district.

Ronald Prentice, former Fennville school board member, said "We will only influence the State Board of Education with a unified front."

Pullman residents seeking transfer to Fennville filed an appeal last week of a combined Allegan and Van Buren intermediate school board decision which denied the transfer request. Some 370 Pullman area students would be involved.

Prentice told those in attendance to write letters to area state legislators, state school board members and John Porter, state schools superintendent. "Address yourself to fact and not emotional issues," he told his audience.

The proposed transfer became a joint decision by the Van Buren and Allegan intermediate school boards because Bloomingdale is in the Van Buren intermediate district while Fennville is in the Allegan district.

Pullman is in Allegan county although part of the Bloomingdale district. Listing space availability in Fennville schools; possible return to half-day session in the future; plus revenue expenses as key issues, Prentice said the question of distance should have little bearing.

Prentice said he recently had driven the roads involved and that 10th avenue (the edge of the proposed area to be annexed) was 11.1 miles from Fennville high school and 11.5 from Bloomingdale high school. "I don't know where they get six miles to Fennville and 19 to Bloomingdale," Prentice said.

Responding to questions from the group, James Tackmann,

## PHILANTHROPIST DIES

**CHELSEA, Mich. (AP)** — Warren G. Spaulding, a Chelsea philanthropist, is dead at 94.

Spaulding died Wednesday at the Chelsea Methodist Retirement Home. Funeral arrangements were incomplete.

Spaulding had given his home and the surrounding 153 acres to the Spaulding Foundation for Children, an adoptive agency for hard-to-place children with physical or mental problems.

He leaves several nieces and nephews.

## LEGAL NOTICES

TO THE ELECTRIC  
CUSTOMERS OF THE  
INDIANA & MICHIGAN  
ELECTRIC COMPANY

The following Notice of Hearing is published pursuant to the Michigan Public Service Commission's Order in Case No. U-5073 dated September 17, 1976.

Monthly hearings have been scheduled by the Michigan Public Service Commission for the purpose of considering authorization to permit the Indiana & Michigan Electric Company to include in the monthly billings to its customers charges or credits for expense associated with purchased and net interchange

**THREE INJURED:** Steven Hendricks of rural South Haven gets medical attention after he was injured in two-car crash on Blue Star Memorial highway north of South Haven about 10:10 last night. Hendricks, 27, was one of three people injured in crash which occurred,

according to police, when car driven by Hendricks crossed center line on curve and was hit broadside by oncoming vehicle. Hendricks was listed in critical condition this morning at Borgess hospital in Kalamazoo. (Tom Renner photos)

## Swainson Won't Practice Law On Probation

**DETROIT (AP)** — John B. Swainson, a former governor and state Supreme court justice convicted of perjury, has promised he will not practice law while on probation.

Swainson made the promise Wednesday to a three-member committee of the Michigan Bar Association considering whether to recommend his disbarment.

Swainson served a 60-day sentence at a halfway house earlier this year. He told the committee he worked during that time as an unpaid investigator for the Legal Aid and Defender Association of Detroit.

The committee promised a recommendation by Sept. 15.

**SECOND CAR:** Dazed Judith Jensen, sitting at right, gets attention from ambulance attendants and unidentified woman after auto she was driving (shown in photo) was involved in two-car crash last night on Blue Star Memorial highway. Mrs. Jensen, 38, and her passenger, John Grigas, 50, Chicago, were injured when their auto collided with one driven by Steven Hendricks of rural South Haven. Mrs. Jensen was reported in fair condition today at South Haven Community hospital and Grigas was reported in serious condition. State police at South Haven post said accident remains under investigation.

(Continued from previous page)  
 authority as to the current zoning status of land and water areas, buildings and other structures in the township.

**Section 1.02--Replacement of Official Zoning Map.**

- A. In the event the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the Township Board may by resolution adopt a new Official Zoning Map which shall supersede the prior Official Zoning Map. The new Official Zoning Map may correct drafting or other errors or omissions in the prior Official Zoning Map, but no such correction shall have the effect of amending the original Official Zoning Map or any subsequent amendment thereof. The new Official Zoning Map shall be identified by the signature of the Township Supervisor, attested by the Township Clerk, and shall bear the seal of the township under the following words: "This is to certify that the Official Zoning Map adopted and replaces the Official Zoning Map adopted (date of adoption) of map being replaced on part of Zoning Ordinance No. 77-1 of the township of Allegan, Berrien County, Michigan."
- B. Unless the prior Official Zoning Map has been lost, or has been totally destroyed, the prior copy or any significant parts thereof remaining shall be preserved together with all available records pertaining to its adoption or amendment.

**ARTICLE II**  
**RULES FOR INTERPRETATION OF DISTRICT BOUNDARIES**

**Section 2.01--District Boundary Lines.**

- A. Where uncertainty exists as to the boundaries of districts as shown on the Official Zoning Map, the following rules shall apply:

- Boundaries indicated as approximately following the center line of major highways or alleys shall be construed as following such center lines.
- Boundaries indicated as approximately following property lines of lots shall be construed as following such lines.
- Boundaries indicated as approximately following municipal boundaries shall be construed as following such municipal boundaries.
- Boundaries indicated as following township section lines shall be construed as following such section lines.
- Boundaries indicated as following railroad lines shall be construed to be midway between the main tracks.
- Boundaries indicated as following shorelines shall be construed to follow such shorelines, and in the event of change of the shoreline shall be construed as moving with the actual shoreline boundary indicated as approximately following the center line of creeks, rivers, canals, lakes or other bodies of water shall be construed to follow such center lines.
- Boundaries indicated as following or extensions of features indicated in Rules 1 through 6 above shall be construed as following such features.
- Where physical features existing on the ground are at variance with those shown on the Official Zoning Map, or in other documents, the Board of Appeals shall, at its discretion, determine whether the boundary shall follow the physical features or the Official Zoning Map.
- Where a district boundary line divides a lot which was in single ownership at the time of passage of this ordinance, the Board of Appeals may permit, as a special exception, the extension of the regulations for either portion of the lot not more than fifty (50) feet beyond the district line into the remaining portion of the lot.

**ARTICLE III**  
**APPLICATION OF DISTRICT REGULATIONS**

**Section 3.01--Application of Regulations.**

- A. The regulations set forth by this ordinance within each district shall be minimum regulations and shall apply uniformly to each class or kind of structure or land within a zoning district, and particularly, except as hereinafter provided:

- No building, structure or land shall hereafter be used or occupied, and no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered except in conformity with all of the regulations herein specified for the district in which it is located.
- No building or other structure shall hereafter be erected or altered to:
  - exceed the height or bulk;
  - accommodate or house a greater number of families;
  - occupy a greater percentage of lot area; or
  - have narrower or smaller front yard, front yard, side yard, or other open space than hereinafter required; or be erected or altered in any other manner contrary to the provisions of this ordinance.
- No part of a yard, or other open space, or off-street parking or loading space required shall be in connection with any building or structure, and shall be included as part of yard, open space or off-street parking or loading space similarly required for any other building.
- No yard or lot existing at the time of passage of this ordinance shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the time of passage of this ordinance shall meet at least the minimum requirements established by this ordinance.
- Special services as hereinafter defined in Section 17.06 shall be permitted as authorized and regulated by law and other ordinances of the township, it being the intention to exempt such essential services from the application of this ordinance.

**ARTICLE IV**  
**NONCONFORMING LOTS, USES AND STRUCTURES**

**Section 4.01--Intent.**

- A. Within the districts established by this ordinance, or any subsequent amendments thereto, there exist lots, structures, uses of land and structures and characteristics of use which were lawful before this ordinance was passed or amended but which would be prohibited, regulated or restricted under the terms of this ordinance or future amendment. It is the intent of this ordinance to permit these nonconformities to continue until they are removed but not to encourage their continuation. It is further the intent of this ordinance that nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

- B. Nonconforming uses are declared by this ordinance to be incompatible with permitted uses in the districts as defined. A nonconforming use of land or a nonconforming use of structure and land in combination shall not be extended or enlarged after passage of this ordinance by attachment on a building or premises of additional areas intended to be used for the same purpose, or by the addition of other uses of a nature which would be prohibited generally in the district involved.

- C. To avoid undue hardship, nothing in this ordinance shall be deemed to require a change in the plans, construction or designated use of any building or structure or land or construction or extension thereof in the effective date of adoption or amendment of this ordinance and upon which actual building construction has been carried on diligently. Actual construction is hereby defined as including the erection of construction materials in permanent position and fastened in a permanent manner. Where excavation or demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation or demolition or removal shall be deemed to be construction, provided that work shall be carried on diligently.

**Section 4.02--Nonconforming Lots of Record.**

- A. In any district in which single-family dwellings are permitted, a single-family dwelling and customary accessory buildings may be erected on any lot of record as of the effective date of adoption or amendment of this ordinance, notwithstanding limitations imposed by other provisions of this ordinance, provided erection of such dwellings and buildings is in accordance with all other applicable zoning, county and state regulations. Such lot must be in separate ownership and not of continuous frontage with other lots in the same ownership. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are normally applicable in the district, provided that yard dimensions and requirements other than those applicable to area or width, or both, of the lot shall conform to the regulations for the district in which such lot is located. The variance of yard requirements shall be set and only through the issuance of a variance by the Board of Appeals in accordance with Section 11.02, 11.03, including but not limited to set back from lot lines and other requirements contained in Section 5.03 of this ordinance.

- B. If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this ordinance, and if all or part of the lots do not meet the requirements established for lot width and area, the lots involved shall be considered to be an undivided parcel for the purpose of this ordinance, and no portion of said parcel shall be used

**Section 5.02--SCHEDULE OF DISTRICT REGULATIONS**

**R-1, SINGLE-FAMILY RESIDENTIAL**

DISTRICT AND INTENT	PERMITTED PRINCIPAL USES	PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT
R-1 This district is specifically intended for the use of single-family dwellings and accessory buildings as shown on the Official Zoning Map. To this end, this district is intended to accommodate a residential character for families, with certain other compatible uses such as schools, parks, and playgrounds. It shall be a requirement of this district that certain principal lot uses be maintained.	1. Single family dwellings, subject to the yard, height and lot size requirements of this district.	1. Private garage. 2. Garden house, tool house, greenhouse, etc. 3. Swimming pool in accordance with Section 5.03. 4. Automobile parking for the exclusive use of the occupants.	1. House of worship, parish houses and convents. 2. Schools. 3. Public and private recreation uses such as parks, playgrounds, golf courses, ball fields, tennis courts and community centers. 4. Governmental buildings, libraries, museums, public utility buildings, telephone exchange buildings. 5. Hospitals, nursing or convalescent homes. 6. Churches. 7. Home occupations. 8. Group day care and four family dwellings units designed as single entities pursuant to the site plan provisions and subject to

or sold in a manner which diminishes compliance with lot width and area requirements established by this ordinance, nor shall any division of any parcel be made which creates a lot with width or area below the requirements stated in this ordinance.

**Section 4.03--Nonconforming Use of Land for Land with Other Structures Only.**

- A. Where at the time of passage of this ordinance, lawful use of land exists which would not be permitted by the regulations of this ordinance, and where such use involves no individual structure with a replacement cost exceeding one thousand dollars (\$1,000.00), the use shall be continued so long as it remains otherwise lawful, provided:
- No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this ordinance.
  - No such nonconforming use shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this ordinance.
  - If any such nonconforming use of land ceases for any reason for a period of more than one (1) year, any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.
  - No additional structure not conforming to the requirements of this ordinance shall be erected in connection with such nonconforming use of land.

**Section 4.04--Nonconforming Structures.**

- A. Where a lawful structure exists at the effective date of adoption or amendment of this ordinance, the structure shall be permitted to remain under the terms of this ordinance by reason of restrictions on area, lot coverage, height, yard, its location on the lot or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:
- No such nonconforming structure may be enlarged or altered in a way which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity.
  - Should such nonconforming structure or nonconforming portion of structure be destroyed by any means to an extent of more than fifty (50) percent of its replacement cost at time of destruction, it shall not be reconstructed except in conformity with the provisions of this ordinance.
  - Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

**Section 4.05--Nonconforming Uses of Structures or of Structures and Premises in Combination.**

- A. If lawful use involving individual structures with a replacement cost of One Thousand Dollars (\$1,000.00) or more, or of structures and premises in combination, exists at the effective date of adoption or amendment of this ordinance, that would not be allowed in the district under the terms of this ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

- No existing structure devoted to a use not permitted by this ordinance in the district in which it is located shall be enlarged, extended, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located.
- No nonconforming use may be extended throughout any parts of a building which were lawfully arranged or designed for such use at the time of adoption or amendment of this ordinance, but no such use shall be extended to occupy any additional land outside such building.
- If no structural alterations are made, any nonconforming use of a structure, or structure and premises, may as a special exception be changed to another nonconforming use provided the Board of Appeals, either by general order or by specific finding, shall find the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Board of Appeals may require appropriate conditions and safeguards in accord with the provisions of this ordinance.
- Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not hereafter be resumed.
- When a nonconforming use of a structure, or structure and premises in combination, is discontinued or abandoned for twelve (12) consecutive months for any reason, the structure, or structure and premises in combination shall not thereafter be used except in conformity with the regulations of the district in which it is located.
- Where nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land. Destruction for the purpose of this subsection is defined as damage to an extent of more than fifty (50) percent of the replacement cost of the structure at the time of destruction.

**Section 4.06--Repairs and Maintenance.**

- A. Except as provided by Section 4.04, A.2, and Paragraph B, below, on any nonconforming structure or portion of a structure containing a nonconforming use, work may be done in period of twelve (12) consecutive months on ordinary repairs or on repair or replacement of nonbearing walls, fixtures, wiring or plumbing to an extent not exceeding fifty (50) percent of the current replacement cost of the nonconforming structure or nonconforming portion of the structure at the same time, provided the cubic content existing when it became nonconforming shall not be increased.
- B. If a nonconforming structure or portion of a structure containing a nonconforming use becomes physically damaged or unsafe due to lack of repairs and maintenance and is declared by any duly authorized officer to be unsafe or unlawful by reason of physical condition, it shall not thereafter be repaired, repaired or rebuilt except in conformity with the regulations of the district in which it is located.

**Section 4.07--How Long Special Exception Provisions Are Not Nonconforming Uses.**

- A. Any use which is approved by the Board of Appeals after the effective date of this ordinance as a special exception in a district under the terms of this ordinance in accordance with Section 11.02, B, shall not be deemed a nonconforming use in such district but shall without further action be considered a conforming use. The Board of Appeals may approve as a special exception a use existing prior to the effective date of this ordinance, subject to the limitations and conditions of this ordinance on such use existing use were a newly initiated use, in which case the use would thereafter have the status of a conforming use as provided for above.

**Section 4.08--Certificate of Occupancy for Nonconforming Structures and for Nonconforming Uses.**

- A. In order to establish a record of lawfully existing nonconforming structures, and nonconforming uses of structures and land, the Zoning Administrator shall upon application by the owner, within one (1) year of the time of passage of this ordinance, issue a Certificate of Occupancy for such lawfully existing nonconformance.
- B. Such certificate shall describe the nature and extent of the nonconforming use as of the effective date of the ordinance and the issuance of the Certificate of Occupancy provided in Section 4.08.
- C. If such Certificate of Occupancy is not so obtained, the burden of proof of the lawful existence of a nonconforming structure or use shall rest upon the owner.
- D. Within six (6) months of the time of passage of this ordinance, the Zoning Administrator shall conduct a survey of lawfully existing nonconforming structures and nonconforming uses of structures and land and shall notify the owners of record thereof of the above conditions of this section. It is not, however, the intention of this ordinance that nonconforming structures and nonconforming uses of structures and land not included in the above described survey and notification procedure would assume the status of conforming to the provisions of this ordinance by virtue of a finding of such notification, it being recognized that for practical reasons certain such nonconforming structures and nonconforming uses of structures and land could be missed in such survey and notification procedure described above.

**ARTICLE V**  
**SCHEDULE OF DISTRICT REGULATIONS ADAPTED**

**Section 5.01--District Regulations.**

- A. District regulations shall be as set forth in the "Schedule of District Regulations" contained in this ordinance and in "Supplementary District Regulations" contained in Article VII, which are hereby adopted by reference and declared to be a part of this ordinance.

**Section 5.02--SCHEDULE OF DISTRICT REGULATIONS**

**R-2, SINGLE-FAMILY RESIDENTIAL**

DISTRICT AND INTENT	PERMITTED PRINCIPAL USES	PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT
R-2 This district is specifically intended for the use of single-family dwellings and accessory buildings as shown on the Official Zoning Map. To this end, this district is intended to accommodate a residential character for families, with certain other compatible uses such as schools, parks, and playgrounds. It shall be a requirement of this district that certain principal lot uses be maintained.	1. Single family dwellings, subject to the yard, height and lot size requirements of this district.	1. Private garage. 2. Garden house, tool house, greenhouse, etc. 3. Swimming pool in accordance with Section 5.03. 4. Automobile parking for the exclusive use of the occupants.	1. House of worship, parish houses and convents. 2. Schools. 3. Public and private recreation uses such as parks, playgrounds, golf courses, ball fields, tennis courts and community centers. 4. Governmental buildings, libraries, museums, public utility buildings, telephone exchange buildings. 5. Hospitals, nursing or convalescent homes. 6. Churches. 7. Home occupations. 8. Group day care and four family dwellings units designed as single entities pursuant to the site plan provisions and subject to

requiring the construction of five (5) individual (20' x 100') lots into one ownership for the purpose of providing a building site with suitable area for proper water supply and sanitary sewerage disposal. This does not preclude the possibility of obtaining a Berrien County Health Dept. Sanitary Sewerage Disposal Permit prior to building. Provided also in this district are provisions which allow a degree of flexibility through variance and special exceptions by the Zoning Board of Appeals to consider allowances for maximum site coverage protection of vegetation, natural drainage systems, topography and soil conditions, designed to provide for the same density as the remainder of the district.

**Section 5.03--SCHEDULE OF DISTRICT REGULATIONS**

**R-2, SINGLE-FAMILY RESIDENTIAL**

DISTRICT AND INTENT	PERMITTED PRINCIPAL USES	PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT (See Article XIII, Section 11.02, B)
R-2, SINGLE-FAMILY RESIDENTIAL DISTRICT To provide for a suitable residential environment for the family, with certain other uses such as schools, parks and playgrounds which provide a neighborhood environment in keeping with the intent, development is regulated to a moderate density. Commercial and other uses tending to be incompatible with the intent of this district are prohibited.	1. Single-family dwellings subject to the yard, height and lot size requirements of this district.	1. Private garage. 2. Garden house, tool house, greenhouse, etc. 3. Swimming pool in accordance with Section 5.03. 4. Automobile parking for the exclusive use of the occupants of the dwelling. 5. Similar accessory uses customarily incidental to the permitted principal use.	1. Houses of worship, parish houses, and convents. 2. Schools. 3. Public and private recreation uses such as parks, playgrounds, golf courses, ball fields, tennis courts and community centers. 4. Governmental buildings, libraries, museums, public utility buildings, telephone exchange buildings, electric power transformer stations, fire stations, gas regulator stations. 5. Hospitals, nursing or convalescent homes. 6. Churches. 7. Home occupations. 8. Planned Unit Development.

**Section 5.04--SCHEDULE OF DISTRICT REGULATIONS**

**R-3, MULTI-FAMILY RESIDENTIAL DISTRICT**

DISTRICT AND INTENT	PERMITTED PRINCIPAL USES	PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT (See Article XIII, Section 11.02, B)
R-3 MULTI-FAMILY RESIDENTIAL DISTRICT Intent is primarily for multi-family dwellings, but permitting a relatively higher density, diversification and variety of the community's housing stock through certain special exception uses.	1. Single-family dwellings subject to the yard, height and lot size requirements of this district.	1. Uses listed under R-2 Single-Family Residential District, Permitted Accessory Uses.	1. All uses listed under R-2, Single-Family Residential District, uses requiring Board of Appeals Special Exception Permit, for which a site plan meeting the specifications of Article XI is submitted. 2. Two-family dwellings, and accessory uses customarily incidental to the uses permitted in Article XI is submitted. 3. Multi-family dwellings, and accessory uses customarily incidental to the uses permitted in Article XI is submitted. 4. Planned Unit Development.

**Section 5.05--SCHEDULE OF DISTRICT REGULATIONS**

**R-4, RESIDENTIAL MOBILE HOME PARK DISTRICT**

DISTRICT AND INTENT	PERMITTED PRINCIPAL USES	PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT (See Article XIII, Section 11.02, B)
R-4 RESIDENTIAL MOBILE HOME PARK DISTRICT To make provisions for mobile homes in an appropriate and attractive manner.	Residential mobile homes, constructed in accordance with applicable provisions of the Michigan Construction Code Act, Act 239, P.A. 1972, located within a licensed mobile home park, which have been approved by Special Exception Permit from the Board of Appeals. Mobile home parks shall be limited to the use and occupancy of mobile homes and shall be used for no other purpose.	A mobile home located in a mobile home park for permanent occupancy shall be adequately secured, front and rear, with a concrete curb, permanent patio, porch, carport and expandable living units may be attached to a mobile home provided such attachments are prohibited by a trailer manufacturer or other supplier for the express purpose for which they are intended, or are so designed by the owner or an architect to be compatible in design with the mobile home to which they are to be attached, and so finished in appearance as to blend in with the mobile home to which they are attached, and are attached to in to present a neat, orderly and attractive appearance when viewed from any angle. Any such attachments shall be first approved by the township hall, and in addition, any inspector who shall issue a permit therefor. Separate person and accessory buildings such as tool and storage sheds may be constructed on the lot on which the mobile home is located provided a building permit is first secured and all applicable ordinances observed in the construction thereof. All mobile homes shall be equipped with properly installed shutoff of a material, design, and finish shall be completed within 30 days after the mobile home is placed on the lot in the park.	Mobile home parks shall be established in full compliance with all applicable requirements of the State Mobile Home Park Act, Act 241, P.A. 1959, and the provisions of the Mobile Home Construction Code Act, Act 419 P.A. 1976, as amended. Further, mobile home parks shall be established only after the issuance of a Special Exception Permit by the Board of Appeals. The following uses may be permitted by the Board of Appeals by the issuance of a Special Exception Permit on the basis of a specific park plan submitted to the Board of Appeals, which has been reviewed and recommended (or approved) by the Planning Commission. The park plan shall specifically locate the uses intended for each permit, the layout and location of buildings, off-street parking and other improvements, mobile home spacing, traffic circulation, adequate lighting, traffic signage and green, attach free lot lines, method of disposing of storm water and sewerage, water supply, fire schedule for development, and the specific uses intended by the site plan. 1. Mobile home parks, for mobile home occupancy, shall be established in full compliance with the requirements as established and regulated by Act 241 of 1959, and the provisions of the Mobile Home Construction Code Act, Act 419 P.A. 1976, as amended, and in addition satisfying the following minimum requirements: It is the intent of this ordinance that the following requirements are minimum requirements, and that greater or more stringent requirements may be imposed upon a park for a Special Exception Permit, in situations where the public health, safety, and welfare would thereby be served.

**Section 5.06--SCHEDULE OF DISTRICT REGULATIONS (Continued)**

**RESIDENTIAL MOBILE HOME PARK DISTRICT**

PERMITTED ACCESSORY USES	USES REQUIRING BOARD OF APPEALS SPECIAL EXCEPTION PERMIT (See Article XIII, Section 11.02, B)
the mobile home is located provided a building permit is first secured and all applicable ordinances observed in the construction thereof. All mobile homes shall be equipped with properly installed shutoff of a material, design, and finish shall be completed within 30 days after the mobile home is placed on the lot in the park.	1. Mobile home parks, for mobile home occupancy, shall be established in full compliance with the requirements as established and regulated by Act 241 of 1959, and the provisions of the Mobile Home Construction Code Act, Act 419 P.A. 1976, as amended, and in addition satisfying the following minimum requirements: It is the intent of this ordinance that the following requirements are minimum requirements, and that greater or more stringent requirements may be imposed upon a park for a Special Exception Permit, in situations where the public health, safety, and welfare would thereby be served. a. Utilities. All mobile home sites shall be connected to a public utility sewer system where such system is available and accessible. Electrical and telephone distribution lines shall be placed underground, where the location of service, a territory, landscaping may be specified as a requirement by the Board of Appeals. b. Travel lanes. All streets in every mobile home park shall be paved. All such streets shall have a minimum right-of-way of twenty (20) feet for access streets and a minimum right-of-way of thirty (30) feet for through streets. The above minimum street widths do not include any portion thereof utilized for or allowed to be utilized for off-street parking. Any bays or areas of streets are in addition to the above specified widths. All streets shall have enclosed storm drainage. c. Back lot line. A mobile home park shall be constructed on a tract of not less than ten (10) acres. d. Density. The density proposed shall have not less than 50% of the total proposed area available at first occupancy and shall have no more sites than a maximum of five (5) mobile home sites per acre. Open space and recreational land shall be provided on as to be accessible throughout the site, such as by arranging mobile home sites in clusters of not more than twenty-five (25) mobile homes per cluster, with clusters separated by at least one hundred (100) feet wide along the road and the full depth of the cluster. Such intervening land between clusters may be used for landscaping, recreational land, parking, mobile homes or building improvements other than individual improvements for recreational use. e. Recreational land. There shall be provided with a mobile home park an area not less than three hundred (300) square feet for each mobile home site in the park for recreational purposes. This area shall be shared to be no longer than two (2) times the width except in cases involving lake frontage, in which case the length along the shoreline of the lake frontage may be up to four (4) times the width. Such land area shall be generally equal and accessible to units intended thereby to be served and shall be well drained, usable, and maintained for recreational purposes. f. Lot size. Mobile home sites shall provide a depth of not less than one hundred (100) feet from the front of the space to rear of the space and improvements and utilities, such as power, water, and electricity hookups shall be placed on the space to rear of the mobile home when located on the space shall not occupy the rear fifteen (15) feet of the lot. The rear fifteen

## Abortion Order

U.S. District Judge John F. Dooling Jr. issued temporary order in New York Thursday allowing use of Medicaid funds for elective abortions at least until next Wednesday.

Ruling affects all states that are currently using Medicaid funds to pay for elective abortions for poor. (AP Wirephoto)

## Woman Admits 3 Shoplifting Counts

Betty Jean Wright, 23, of 417 Pavone street, Benton Harbor, was placed on presentence investigation and jailed without bond yesterday after she pleaded guilty in Berrien Fifth District court to three counts of shoplifting.

Judge Ronald J. Taylor ordered her held in jail until sentencing.

She was arrested by Benton Harbor police about 11 a.m.

Wednesday at Hilltop Foods, 457 Riverview drive.

Officers said she had been observed leaving the store without paying for two packs of cigarettes and a number of disposable diapers with a total value of \$3.89.

Officers found that there were two other warrants against her stemming from a May 22, 1976, incident at K-mart Benton Harbor.

One of the warrants charges Betty Jean Wright with stealing a pair of shoes, a skirt, a headband and a necklace. The other warrant charges her with stealing a pink blouse and pink slacks.

**SENTENCED:** Former Louisiana Congressman Richard Torrey puts on his coat outside Federal court in New Orleans Thursday where he was sentenced to year in prison and \$10,000 fine. Torrey, who resigned from Congress May 4, pleaded guilty earlier to campaign law violations. (AP Wirephoto)

## Baroda Official Clarifies Report On Water Meeting

BARODA — Orland Mead, Baroda township supervisor, has issued a statement to clarify an article printed Wednesday regarding a Tuesday-night meeting of the Baroda township board.

In the article, another person was incorrectly identified as the township supervisor. The statement was in the form of a letter and is as follows:

"Supervisor Orland Mead of Baroda township wishes to clear up the situation in regard to a meeting that was held at the Baroda township hall July 26, 1977.

"The meeting was called by Orland Mead and was a joint meeting between Baroda village, Baroda township and Lake township and the purpose of the meeting was in regard to the village of Baroda purchasing water from the Lake township water system.

"The only interest that Baroda township has in the matter is in regard to the one-mile of water main to be installed between Cleveland avenue and Holden road in the township of Baroda.

"Any negotiation in regard to the cost of water to the village of Baroda between Lake township and the village is strictly their

business and as such time as a contract can be worked out results will be announced to the public.

"The village of Baroda and Baroda township have made an application for an EDA grant to extend water into part of the township and to bring the village water system up to better distribution and also to pick up the several subdivisions in the village and township that are not served by a public water system at this time.

"The Lake township board

headed by Supervisor Wade Shuler showed a very strong interest in providing the village of Baroda and part of Baroda township with water as they announced that their plant is of sufficient size to serve both communities.

"Jerry Philey, the village of Baroda president, announced that he is appointing a committee at the regular village council meeting Monday, Aug. 1, 1977, to work with Baroda and Lake townships on a final settlement of the water problem."

### Adjourn AMC Talks

MILWAUKEE (AP) — Negotiators for the United Auto Workers and American Motors Corp. met briefly here Thursday and then adjourned their contract talks until next month, a union spokesman said. "We agreed to meet again in August," Ray Majerus, director of the union's Milwaukee region, said. "No written proposals were exchanged." The current contract, which expires Sept. 13, covers about 7,000 workers at AMC plants in Kenosha, 1,500 at Milwaukee, 1,200 at Brampton, Ont., and about 20 at Detroit.

### Shutdown Order Lifted

ST. PAUL, Minn. (AP) — A court order directing Reserve Mining Co. to shut down its taconite processing plant by July 7 has been lifted in return for the company's agreement to quit dumping taconite waste into Lake Superior by April 1980. U.S. District Judge Edward J. Devitt also imposed several other conditions in lifting the order Thursday, including a requirement that the firm start work by next Wednesday on a waste disposal system several miles inland from the lake. The state charges taconite dumping pollutes Lake Superior and the air around the lake.

## BH Man Gets 270 Days On A Reduced Charge

Timothy L. Sims, 26, of Union street, Benton Harbor, was sentenced to a 270-day jail term yesterday after he pleaded guilty to a reduced charge in connection with a July 20 break-in at the Barentsen Candy Co., Benton Harbor.

The sentence was handed down by Judge Leo Cook in Berrien Fifth District court.

Sims pleaded guilty to a charge of conspiracy to receive and conceal stolen property. The charge was reduced from breaking and entering.

Benton Harbor police arrested Sims about 1:45 a.m. near the scene and alleged loot was recovered after officers received a tip that a break-in was in progress at the Barentsen building.

In other court action yesterday, Sidney Merrill, 21, of Box 37, Territorial road, Millburg, was bound over to Circuit court for trial on a charge of assault with a dangerous weapon on Benton township police officer Robert Polmanleer July 17.

He is accused of pointing a loaded .22-caliber rifle at the officer. Police said members of Merrill's family wrestled him to the ground before he was arrested. Merrill was returned to jail in lieu of \$15,000 bond.

Matthew B. Robinson, 35, of 927 North Shore drive, Benton township, was bound over on charges of resisting and obstructing Benton Harbor police officer George Hawblitzel and carrying a concealed weapon — a .22-caliber derringer — on July 17.

Mary Jo McKinney, 22, of 648 Pearl street, Benton Harbor, was bound over on a charge of larceny in a building — the theft of a pair of shorts from Burgzahn Center, Benton township, on July 18. She has three previous convictions of petty larceny, according to court records.

Harold D. (Butch) Koehel, 32, of Michigan City, Ind., was bound over on a charge of larceny in a building — the theft of an air wrench from Central Transport Co. garage in New Buffalo June 14.

Howard R. Gabel, 38, of Garden City, Mich., demanded a preliminary examination when arraigned on a charge of cashing an insufficient fund check for \$2,639.10 at Berrien Check in Berrien township May 23.

Thomas K. Logan, 24, of route 1, Bridgman, demanded a preliminary hearing on a charge of carrying a concealed weapon — a .357 magnum pistol — in Stevensville July 28. He failed to post \$10,000 bond and was jailed.

Logan told Stevensville police when he was arrested that he was a prison guard at Michigan City, Ind. However, he later claimed in a sworn petition for a court-appointed attorney to be unemployed.

Bobby Ray McKay (also known as McKay, Williams and Brown), 28, of 648 Green avenue, Benton Harbor, demanded a preliminary hearing on a charge of assault with a dangerous weapon — a butcher knife — on Keith L. Davis in Benton township July 18. McKay was jailed in lieu of \$5,000 bond.

Steve A. Holley, 24, of South Bend, demanded a hearing on a charge of malicious destruction of police property — a sink in the county jail — on July 27.

The following people were sentenced:

### Pot Plants

HARRISON, Mich. (AP) — A man and a woman were arrested in a raid on a Franklin Township home where Clare County sheriff's deputies said they confiscated between 250 and 300 marijuana plants. The plants were valued at several thousand dollars. Those under arrest in the Wednesday night raid and lodged in the Clare County jail were William Burke, 30, and Cathy Benjamin, 24, both of Harrison.

### Fitzgerald Report Due

CLEVELAND, Ohio (AP) — Findings by a board of inquiry into the sinking of the ore carrier Edmund Fitzgerald will be made public Tuesday, U.S. Coast Guard officials say. Officials at Coast Guard regional headquarters in Cleveland Thursday would not discuss the report's contents. However, a spokesman for the agency last month said the report recommends changes in rescue procedures and life boat equipment. The Fitzgerald went to the bottom with her crew of 29 during a Nov. 10, 1975 gale upon Lake Superior's Whitefish Bay.

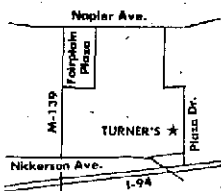

### Mackinac College Sold

MACKINAC ISLAND, Mich. (AP) — Mackinac College, the island property where television evangelist Rex Humbard once hoped to establish a Christian university like that of Oral Roberts, has been sold. The sale, announced Thursday, will bring Humbard \$1.4 million from the new owners, Loew Realty Co. of Milwaukee in association with Jeff DeGayner of Arlington Heights, Ill. The owners say they will continue to operate part of the 300-room facility as a resort. The Inns of Mackinac, as it has operated on and off for the past two years while speculation continued about the college's ultimate fate. Mackinac College began in the post-World War II years as a conference and retreat center operated by Moral Re-orientation.
